

Nancy Thompson, a student nurse at St. Luke Hospital in Denver, has no qualms as she charms a six-foot South American boa constrictor. Nancy claims she is getting in the swing of things because 1965 is the Serpent Year, according to Japanese and Chinese soothsayers. (AP Wirephoto)

Johnson Poses Wider Social Security System

Hospitalization for Aged Coupled With All-Out Attack on Major Diseases

BY FRANK CORMIER

WASHINGTON (AP) — President Johnson handed Congress today a vast program for advancing the nation's health, coupling hospital insurance for the aged under Social Security with an all-out attack on "the three great killers, heart disease, cancer and stroke."

The attack also would be launched against other major diseases with the aim, as Johnson stated it, "to turn otherwise hollow laboratory triumphs into health victories."

It would be centered in a new \$12-billion system of 32 regional medical complexes to be built over the next five years.

Moving to redeem a campaign pledge, Johnson, in his first special legislative message to the new Congress, listed as his first recommendation that the Social Security system be broadened "to finance the cost of basic health services" for the aged. This is the long-sought program for hospital insurance for the elderly.

Age Scale

The President called, too, at the other end of the age scale, for the federal government to pay part of costs of medical and dental care for children in needy families. That program would cost more than the health center plan.

He also proposed that the government pick up part of the check for operating medical and dental schools, and set up a system of scholarships for medical and dental students "who would not otherwise be able to enter or complete such training."

In the latter connection, Johnson said half of last year's medical school graduates came from families with more than \$10,000 yearly incomes, and urged that access to the profession must not be denied to able youths from lower income groups.

The aid to schools themselves, Johnson said, is needed to keep

some of them from going out of business.

The bulk of the message was devoted to proposals in such areas as those related to direct health care of patients, but Johnson also told Congress that growth of health research is necessary and the 1966 budget includes:

— A 10 per cent increase in federal expenditures for such research and related training.

— Funds to begin an automated system for processing the exploding volume of information on drugs and other chemicals related to health.

— 5-Year Extension. He called also for a five-year extension, with an increased authorization, of the program for helping provide research facilities for universities and other nonprofit organizations.

Apollo Plans To Orbit 3 Men Delayed

Revised Schedule Also Affects Third Saturn Mission

HOUSTON, Tex. (AP) — The U. S. plan to orbit three astronauts in an Apollo moon spacecraft in 1966 suffered its first setback today with announcement of major schedule changes.

Also caught in the revisions was the third Saturn manned mission, which was replaced by an unnamed earth orbital test of the lunar excursion module — LEM — which will carry astronauts to the moon's surface.

Dr. William A. Lee, head of the Operations Planning Division at the Manned Spacecraft Center, said the delay in the first three-man orbital flight should be small.

Launch Delayed. "Instead of making the launch earlier in 1966," he said, "it will be later in 1966."

Because of the closeness of the schedule, however, problems could send the mission into 1967, observers pointed out. Original planning called for two unmanned sub-orbital flights of the powerful Saturn IB rocket. The third, assuring no major setbacks occurred on the previous two, was to be flown by three astronauts.

Lee said the third flight now was scheduled to be a test of the second-stage booster, called the Saturn AB, and its propellant tanks, which hold liquid hydrogen and oxygen.

Congress May be Asked to Cut Gold Support of Money

Move Would Enable Increase In U. S. Future Money Supply

WASHINGTON (AP) — President Johnson tentatively plans to ask Congress to eliminate the gold backing on part of the nation's money supply, it was learned today.

The plan would leave unchanged the 25 per cent gold backing on U. S. currency.

It would make an additional \$5 billion in gold available for future increases in the money supply or to meet international obligations.

Legal Requirement

The plan calls for elimination of the legal requirement for a 25 per cent gold backing on re-

However, most of Johnson's request to Congress as a more orderly method.

Ratio of Gold

The ratio of gold to currency in the United States abandoned the strict gold standard in 1934.

Highly placed sources said, however, that the money supply will be with a growing economy, and a needed since the economic signs decline in the gold stock due to point to a fifth straight year of a deficit in the international balance of payments.

Although laymen tend to think of money only as the currency Nov. 30 compared to 30.3 per cent they hold in their pockets and cent a year earlier and much safer, economists regard bank higher ratios several years ago.

Democrats' Choice

3 Picked for House Ways and Means

BY GEOFFREY GOULD

WASHINGTON (AP) — House Democrats picked three new members today for one of the most important committees of Congress, Ways and Means.

By prior agreement, the unanimous choices for the jobs were Reps. Phil M. Landrum of Georgia, Richard Fulton of Tennessee, and Charles A. Vanik of Ohio. There was no contest for the openings, as there was on a previous occasion when Landrum lost out, even though he had the backing of House Democratic leaders.

All three are backers of the kind of health care for the aged President Johnson wants.

Today's action was important for two reasons:

1. The three new members should give the administration the edge it needs to move promptly out of the committee a bill providing health care for the aged under Social Security. This is a keystone of President Johnson's legislative arch for the coming year.

Choose Assignments

2. The Democratic members of the Ways and Means Committee also choose the assignments of party members to other House committees. There is always brisk competition for coveted spots on the major committees, so this 17-member group of Democrats has double significance for fellow party members in the House.

The importance of the Ways and Means Committee lies in the fact that it originates all tax legislation. Its actions can have a big effect on the nation's economy.

House Republicans planned a meeting of their own to continue the business of organizing for the new session.

Proposed Rule

Among the proposed rule changes for their party conference is one which could conveniently clear out the rest of the Old Guard holdovers in leadership positions and allow new Republican Leader Gerald R. Ford of Michigan to name his own men to the jobs.

The Democrats said to be in line for the three openings are Reps. Richard Fulton of Tennessee, Phil M. Landrum of Georgia and Charles A. Vanik of Ohio.

New York Man Charged as Spy

WASHINGTON (AP) — FBI agents seized a 29-year-old New Yorker today and charged him with conspiring to transmit U. S. military secrets to the Soviet Union.

FBI Director J. Edgar Hoover identified him as Robert N. Thompson, a self-employed fuel oil distributor. He said FBI investigation revealed that Thompson was recruited into a Soviet intelligence operation while serving with the U. S. Air Force in Berlin in 1957.

Hoover said a Soviet national, Fedor Kudashov, is named as a coconspirator with Thompson.

England Will Continue With Plane Project

New Jet to be Constructed With French Cooperation

LONDON (AP) — Prime Minister Wilson's Labor government intends to go ahead with the British-French project to build the Concorde supersonic airliner, informed sources said today.

But Britain intends to insist that a close eye be kept on the cost of the project, estimated at about \$840 million.

The sources said at least two Concorde prototypes, and possibly as many as six, will be built. The work will be shared by the British Aircraft Corp. and France's Sud Aviation.

The reprieve for the plane was decided upon at a Cabinet meeting Wednesday. The government had felt misgivings about continuing the expensive program in the face of Britain's economic difficulties.

The Daily Express said the decision to proceed constitutes "a big success for Gen. de Gaulle and the French aviation industry."

The sources said the British government decided to go ahead after it became apparent that there was no hope of bringing the United States into the project.

The British government also reportedly feared that should it back out of the project, the French would go to the International Court of Justice in The Hague with a claim that Britain had broken a binding contract and owed France a penalty. This could have amounted to as much as \$360 million, it was said.

Chinese Communists Claim Discovery of Ancient Ape Man Skull

TOKYO (AP) — The Chinese Communists claimed today they have discovered the skull of what may be the oldest ape man.

Scientists put together parts of the skull of an ape-man that lived 500,000 to 600,000 years ago. Peking's New China News Agency said it said the skull parts were found last October at Kungwangling, Shensi Province, in northwest central China.

"It is possibly the most ancient specimen of an ape man so far discovered in the world," said Wu Ju-kang, an anthropologist.

The Peking man, discovered in the 1930's, and the Java man, an earlier find, are generally accepted by scientists as the oldest proof of man's existence.

The Peking man is thought to have lived 400,000 years ago and the Java man may have lived up to 700,000 years ago.

Cold Spell Due Again Tomorrow

Fox Cities—Cloudy with occasional rain and mild to night. Chance of snow flurries with much colder weather Friday night. Low 40s tonight and Friday, falling Friday night. Light southerly winds increasing to moderate tonight and shifting to northerly and becoming fresh Friday night.

Appleton—Observation at 10 a.m. today. Temperatures for the 24 hours. High 41, low 34. Wind 7 miles an hour out of the south southwest. Barometer 29.82 and falling. Relative humidity 82. Dew point 28. Temperature 41. Skies are cloudy.

Sun sets at 4:31 p.m., rises Friday at 7:29 a.m. Moon sets at 9:16 p.m. Visible planets are Saturn, Jupiter and Mars.

Indonesia Pulled From U. N. In Latest Move by Sukarno

Blames Seating of Malaysia As Security Council Member

JAKARTA, Indonesia (AP) — Sukarno — to the cheers of the President Sukarno declared today that Indonesia "has walked out of the United Nations."

He told cheering crowds at a rally that Indonesia also is pulling out of the U. N. specialized agencies such as the U. N. Educational, Scientific and Cultural Organization and the World Health Organization. These have become a Security Council member, I declare that Indonesia has walked out of the United Nations.

Sukarno said he received support from "the entire people," ministers and all military command for his decision.

"Now we dare to face all consequences," he declared.

Sukarno said that Indonesia will continue his crusade Malaysia campaign.

Sukarno added "let us face all difficulties. Only through our cuss Indonesian withdrawal overcoming difficulties can we from the United Nations. Only become a great nation. Now the Red Chinese were reported march onward, ever onward, approving the move."

Addressing a rally held to headquarters in New York in condemn foreign military basis, formed officials of the organization orally last Friday that their government was withdrawing because Malaysia — which Sukarno has sworn to crush — was admitted to the Security Council. However, written notice of the withdrawal has not been delivered.

TFX Variable Wings Tested Successfully

FORT WORTH, Tex. (AP) — The controversial TFX bisecting fighter plane made aviation history when it successfully changed the position of its variable sweep wings during an hour flight Wednesday.

The plane's design enables it to have its wings outstretched almost straight for added life and short takeoffs, then sweep back to reduce drag for high speed into a single airframe.

Pilot R. L. Johnson and copilot Val Prahl flew the TFX, designated the F111 by the Air Force, on its second flight Wednesday to an altitude of 10,000 feet, then moved the wings from their forward position of 16 degrees back to the full swept angle of 72.5 degrees.

Mariner 4 Is Still on Way

PASADENA, Calif. (AP) — The Jet Propulsion Laboratory's Mariner 4 spacecraft is still up there — 70 million miles along its 325-million-mile flight to Mars.

It has now spent 40 days in space, headed toward a July 14 fly-by at Mars. Laboratory spokesmen said Wednesday that all systems are operating normally, including the transmitter which is expected to relay to Earth the first close-up television pictures of the planet.

Amendment Considered

Johnson Seeking Way To Up Voter Turnout

WASHINGTON (AP) — President Johnson's eye was on the nation — not just the Deep South — when he called for elimination of obstacles to voting, a highly authoritative source said today.

The source said Johnson wants Congress to take steps aimed at reversing the nation's historically low voter turnout as well as ensure the rights of Negroes to vote in the South.

The Justice Department, it was understood, will advise the president whether to seek his goal through legislation, a constitutional amendment, or both.

Later, he said the nation should open a "city of promise" to Negro Americans, through enforcement of the civil rights law and elimination of barriers to the right to vote.

Johnson, it was learned, shares the concern of Justice Department officials over the slow, county-by-county struggle to win full voting rights for Southern Negroes. Thus department lawyers are studying the possibility of legislation that would permit federal officers to take over the job of registering voters in areas where discrimination is found.

FCC Approves TV Purchases By Post Corp.

Ownership Transfer Of Two Properties Expected in 30 Days

The Federal Communications Commission in Washington Wednesday announced approval of the transfer of licenses of television stations WLUK-TV at Green Bay and WLUK-TV at Marquette, Mich., to the Post Corporation of Appleton. The vote was four to two.

WLUK-TV broadcasts on Channel 11 and is affiliated with the American Broadcasting Company. WLUK-TV broadcasts in Channel 6 and is a basic affiliate of the Columbia Broadcasting System, but also carries ABC and NBC programs.

Post Corporation entered into an agreement last fall to purchase all of the stock of M and M Broadcasting Co., which operates WLUK-TV, and which in turn owns all of the stock of North Central Broadcasting Co., which operates WLUK-TV. The purchase price was in excess of \$3,000,000.

Victor I. Minahan, president of Post, said that the agreement provides for the transfer of ownership within 30 days of FCC approval.

These will be the third and fourth television stations to be acquired by Post Corporation in the last three years. The company also owns three radio stations in addition to publishing The Post-Crescent and the Twin City News-Record and the Star group of weekly newspapers in West Allis and Milwaukee.

Tickets on Sale For OYF Dinner

KAUKAUNA — Tickets are on sale for the Outstanding Young Farmer program and dinner to be held at 7:30 Monday at the Legion Club, sponsored by the Junior Chamber of Commerce and Wisconsin Gas Company.

Larry Busse, television and radio farm service director of the area, will tell of his experiences while participating in an international farm youth exchange program in Poland in 1961.

Highlight of the program will be the announcement of the Outstanding Young Farmer of the Kaukauna area. Finalists in the judging are Richard Van Epern, Darwin Nagel and Richard Killian. The local winner will advance to state competition at Greenfield on Feb. 12, and 13. The state winner advances to national competition in April.

Plans Approved for Kaukauna School

No Cost Estimate Made on Layout By Architect; 4 Months in Study

KAUKAUNA—A proposed plan for a 1-story, L-shaped, center-core compact school was approved at a special meeting of the board of education Tuesday night. No cost estimate has been made.

The plan was submitted by George Narovec, architect, and Julian Bichler, superintendent of schools, after four months of study. Three earlier proposals were revised before coming up with the final plan.

The new structure, to be located on a 35-acre site in the southwest part of the city will serve elementary students from kindergarten through sixth grade and seventh and eighth grade junior high school students.

Future Addition Plans call for the building to be ready for occupancy by September, 1966, which will alleviate congestion at Park and Nicolet Schools and also permit transfer of kindergarten students who currently are attending classes in the basement of the Lutheran Church.

Seventh and eighth grade students currently enrolled in the high school will also attend classes in the new structure. Eventually the area may serve as a complete junior high as it will be designed to permit additional construction.

Plans call for the new building to house 28-teacher stations including 26 regular classrooms, a junior-high size gym and library, the latter two also used as teaching stations. A multi-purpose room will double serve elementary students from kindergarten through sixth grade and seventh and eighth grade junior high school students.

Not all of the 35-acre site will be utilized as about seven and one-half of the acreage is wooded area. The property was purchased by the city and annexed in 1964. The proposed building will face southeast and incorporate approximately 76,000 square feet of floor space.

Richard E. Natrop, 46, 2711 Lynndale Drive, had more than motor trouble Wednesday afternoon after he tried to repair his car while parked in an angle stall in the 300 block of E. College Avenue. Natrop told Appleton police he was working on the starter and had put a wrench under his car accelerator. He inadvertently tripped his gear shift lever while the car was running, and the car jumped the curb and crashed into the display window of the Shannon Office Supply store. Natrop was not in the car when it hit the store. (Appleton Police Department photo)

Spice Criticizes New County Salary Plan

Sheriff Requests More Uniformed Deputies and Process Server

Adoption by county supervisors of a salary wage adjustment plan "knocked county law enforcement in the head," in the words of Outagamie County Sheriff Calvin Spice.

Spice today formally requested additional uniformed deputies and a process server for the department to provide around-the-clock police protection.

At the same time, Spice criticized the wage plan which cut overtime pay for his investigators and requires them to take time off if they are required to work overtime. Spice said without additional

Faulty Wash Machine Calls Out Firemen

KAUKAUNA — Firemen were called at 9:55 a.m. today to the George Bulwork residence, 319 Reaume Ave., when a faulty washing machine motor began smoking. No fire resulted, but firemen advised the owners to see an electrician.

Spice quoted reports of a Chicago-based efficiency firm which, after a study of Outagamie County's law enforcement program, described it as "skimpy" and "inadequate."

The Jacobs Co. had recommended the traffic department be consolidated under control of the sheriff, or, if that were not possible, that one county board committee administer both departments, Spice said.

Separate Unit The county sheriff's department is a separate unit from the county traffic patrol. Spice has some control over the men of the traffic patrol only because they are appointed deputies and may be used in emergencies.

Members of the courts and administration committee are not expected to act immediately on the request for uniformed manpower, but are expected to draft a resolution calling for the immediate hiring of a process server.

Budget Time Committee chairman Gerhard Ruhsam, Hortonia, indicated the manpower question should be raised "early enough in the year" so that when budgets are drawn next fall, they will be considered. He said the committee should act immediately for a process server.

Spice said if the two departments were consolidated he would still request four additional men.

Body of Woman Found in Home

Mrs. Laura Inman, 517 N. Durkee St., was found dead at her home Wednesday. She was 80 years old and died of natural causes, according to Outagamie County Coroner Bernard H. Kemps.

The woman was found lying near a doorway to the kitchen by a doctor who had been treating the woman and paid a house call. Kemps said the woman had been dead since sometime Tuesday or possibly late Monday. She lived alone in the apartment.

The body was released to the Wichmann Funeral Home where funeral services have been set.

Driver Hurts Hand, Head in Collision

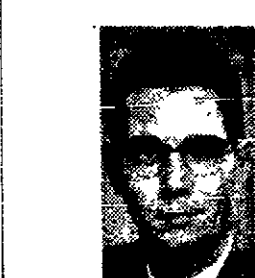

A motorist complained of head and hand injuries after his car was involved in a two-car crash near a southside super-market parking lot Wednesday evening.

William Kist Jr., 28, 35 Belton Court, complained of injuries but was not hospitalized, Stumpf said. After his car was involved in a collision with a car being driven by Robert A. Stine, 2602 William St., Kist told police he was turning back pay if they were in the left off Walter Avenue heading north and Stine was traveling south on Walter Avenue when the collision occurred.

Alderman Says He'll Retire From Council

R. J. Stumpf Helped Author Legislation For Parking Unit

Ald. Robert Stumpf (9th), chairman of the city's public safety committee and co-author of legislation which established Appleton's first parking commission, will not seek re-election this spring.

R. Stumpf

Stumpf made his announcement at the conclusion of Wednesday night's council meeting at the city hall. He has been an alderman for the past eight years (four terms).

A technical assistant in the engineering and research division of the Kimberly Clark Corp. Stumpf said he decided to step down from the council because it was demanding too much time from his work and family.

Enjoyed It "I have enjoyed every minute of public service," Stumpf said today, "and I still intend to remain active in city affairs when time will permit."

Since elected to the council in 1957, Stumpf has served on all major committees and special committees appointed by the mayor.

He has been a member of the

Back Pay Dead or Alive

Council Argues Whose Eligible for Retroactive Salary, Settles Nothing

Things were in organized confusion Wednesday night when Appleton aldermen haggled over recent pay increases for anyone who may have been discharged.

After considerable discussion as to why some former city employees — both dead and alive — should benefit from retroactive salary hikes, the council passed two motions.

However, nothing was accomplished because adoption of the second motion erased the first. The round of debate was triggered by a finance committee recommendation that persons who retired from their positions with the city during 1964 should get back pay for the time they worked. It would cost about \$600 to \$600 to cover these minor increases.

But Ald. Robert Stumpf (9th) insisted that anyone who worked for the city whether they were in the service, dead, retired, or quit, was entitled to head and hand injuries after his back pay. The cost would be car was involved in a two-car crash near a southside super-market parking lot Wednesday evening.

The wording of the resolution granting the general increase in December included yes but was not hospitalized everyone," Stumpf said. "Just because it took the city collision with a car being driven 14 months to settle the wage by Robert A. Stine, 2602 William St., Kist told police he was turning back pay if they were in the left off Walter Avenue heading north and Stine was traveling south on Walter Avenue when the collision occurred.

The increases, totaling an estimated \$39,000, were granted

North Central Balks at Moving to New Airport

North Central Traffic Here Hiked 15.6 Pct.

7,460 Passengers Boarded Planes in Appleton Last Year

Despite the fact that only two desirable flights on old DC 3 aircraft leave the Outagamie County Airport each day, boardings on North Central flights out of the Outagamie Airport increased by 15.6 per cent during 1964.

Figures released today by Herman Jolitz, manager of Appleton's North Central terminal, revealed 7,460 passengers boarded flights at the Outagamie County Airport last year. The 7,460 figures represent an increase of 1,175 over 1963's total of 6,285.

Best Flights North Central officials in Minneapolis set a quota for the Appleton airport for 1964. The quota, which was 7,329 boardings, is the figure the airline considers necessary for sound financial operation. It was exceeded by 131 passengers.

Three flights are scheduled to leave the Appleton port daily. However, only two of the flights, both southbound, are consistent revenue producers.

Flights 456 and 252, southbound to Milwaukee and Chicago, produced about 7,000 of the boardings during 1964, or about 93 per cent of the total.

The other outbound flight, 451, produced about 500 passengers last year. Flight 451 goes to Minneapolis, with two intermediate stops in Wisconsin cities.

More Landed The number of passengers terminating their flights at the Appleton airport also went up significantly during 1964 to a new record level. During 1964, 6,238 passengers left North

AVS to Hold Registration

A special evening registration period for adult classes at the Appleton Vocational and Adult School will be from 7 to 8:30 p.m. today. The new semester will start Monday. Interested persons also can register for new or continuing classes during the day today and Friday.

Judge Keller on Panel For Safety Conference

Outagamie County Judge Gustave Keller, Appleton, will be a member of a panel discussion on handling juvenile offenders in traffic courts during the 23rd Wisconsin Mid-Winter Safety Conference and Exposition in Milwaukee Jan. 20-22.

Judge Keller's appearance will be during the traffic discussions Friday morning. He is the only representative from the Fox River Valley participating in the program.

Joint Water Meeting Set At Appleton

A joint meeting of Appleton and Manitowoc city officials today was scheduled here for Jan. 19 by Mayor Clarence Mitchell to officially receive a water feasibility report of a Chicago consulting firm.

The City of Appleton is underwriting a major portion of the expense of the extensive study made over a period of several months by Consoer, Townsend and Associates of Chicago.

The report is expected to outline the merits of going to Lake Michigan or Lake Winnebago for a long-range water supply.

Manitowoc is interested in a section of the study include that it should a pipeline project materialize.

The Chicago firm has completed its preliminary reports and will have finalized reports for officials at the mid-month meeting.

Airline Officer Says Firm Won't Transfer Even if CAB Order to Terminate Service Is Set Back

BY DICK LYNES

Post-Crescent Staff Writer

North Central Airlines apparently has no intentions to serve the Fox Cities at the new Outagamie County Airport. Should the Civil Aeronautics Board (CAB) or the United States Court of Appeals set back the effective date of the CAB order which terminates the expense of the extensive study made over a period of several months by Consoer, Townsend and Associates of Chicago.

The CAB, in its November decision, reversed the recommendations of its examiner and ordered that Fox Cities service be combined with Oshkosh service at the Winnebago County Airport. The effective date is Jan. 25 at 12:01 a.m. North Central already has notified its personnel at the Outagamie airport of its intention to abandon service at that time.

However, Appleton and Outagamie County have filed a petition in which they asked the

CAB to reconsider its decision and to grant a stay order on the effective date of terminating Fox Cities airline service.

Outagamie County has requested a two or three-year stay. However, sources close to the CAB in Washington feel that if the stay is granted, it would be only for six months to one year.

The new Outagamie County Airport has been completed and a terminal building is ready for use.

Officials of the Federal Aviation Agency (FAA) will be in

Resolution on 'Payola' Filed

Appleton Alderman Criticized for Slam at Personal Integrity

A resolution calling for the Appleton council to adopt a policy and ordinance prohibiting payola to city employees — already a state law — met sudden death Wednesday night.

Its author, Ald. Al C. Fischer, ran into a barrage of criticism from his colleagues who said they resented the resolution's implications.

Several aldermen said they took Fischer's resolution as a personal insult to their honesty and integrity.

Fischer's resolution, among things, called for an affidavit to be filed for all purchases and public works projects exceeding \$100, that no city official or employee received monetary benefit.

"The implication in your resolution is one of the most lowdown crummiest things I have ever seen on this council and an insult to every city employee, official, commission and board," Ald. Kenneth Loos (3rd), council president, told Fischer.

Placed on File

Fischer defended his resolution, said it had no implications and dared the members of the council to vote against it. They did, 17-1, and during the roll call Fischer made a verbal slip and almost voted against his resolution, which was received and placed on file.

The vote came about when Ald. Alvin E. Tews said that rather than refer the resolution to every committee, agency, board and commission in the city — he favored suspending the rules and taking an immediate vote.

At one point, Ald. Harold Hannemann (10th) suggested a copy of the resolution be forwarded specifically to Fischer.

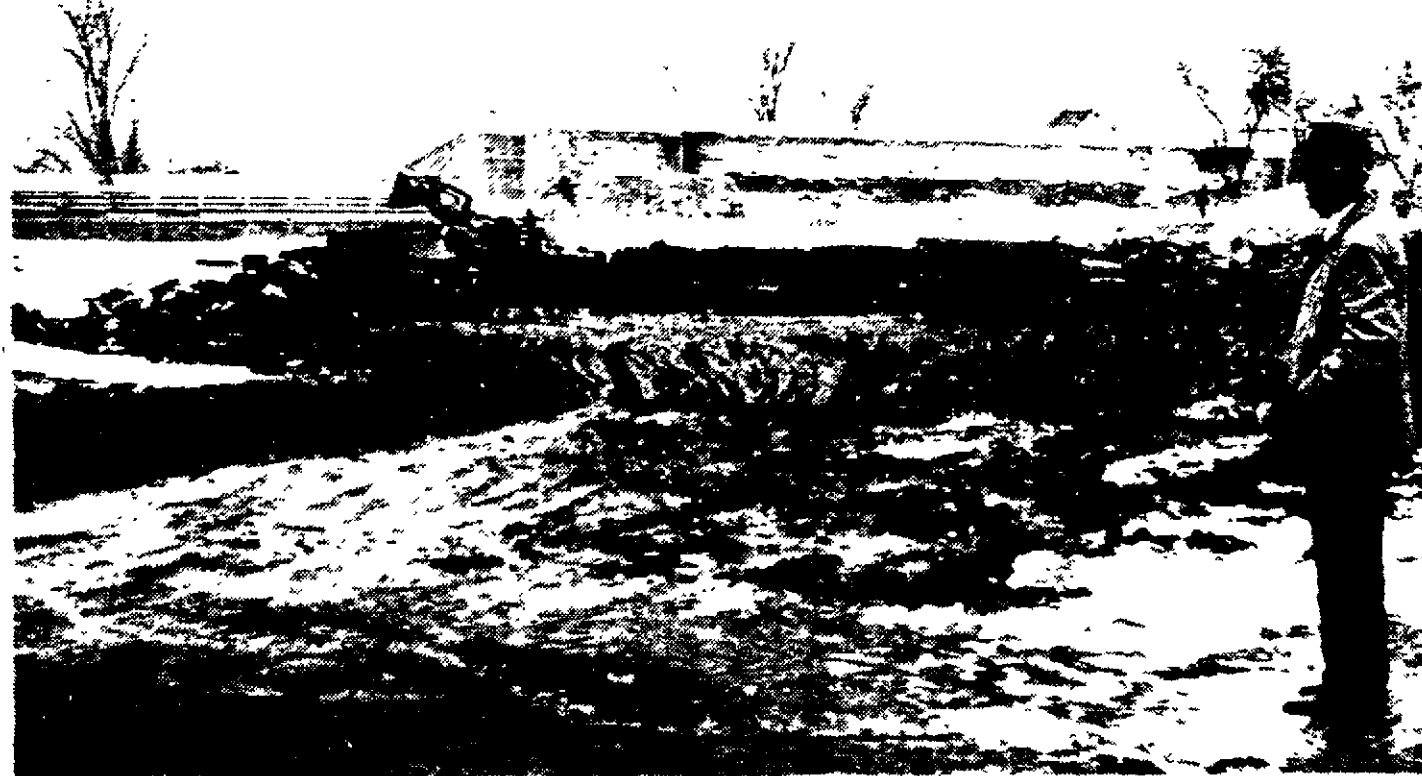

Resolution Text

The resolution as worded by Fischer: "Resolved that a policy be established and that an ordinance be adopted that all city purchases for machinery, equipment and contracts for public works projects in excess of one hundred dollars, an affidavit before final payment is made that the vendor shall file his statement requesting payment, that there has been no remuneration (sic) to any city official, department head or employee of the City of Appleton, as a result of this purchase contract."

Ald. R. P. Groh (8th) noted after being sparked by a "renumeration" in his resolution and asked whether he meant "renumeration" instead. Fischer said he meant the latter.

Torch Sparks Fire

Firemen were called Wednesday afternoon to a construction site at 900 N. Lawe Street where paper and wood ignited after being sparked by a welding torch. When firemen arrived at the scene at 2:05 p.m., the fire had been extinguished by workmen.

Watching Excavation Work being done for the proposed swimming pool in Doyle Park in Little chute is Paul Kostka, village president. The junior Chamber of Commerce is having the bed of the Fox River ex-

cavated and a retaining wall built as a civic project. When the wall is completed, fresh water will be pumped into the pool. (Post-Crescent Photo)

22 Countries to be Represented at Neenah High School AFS Weekend

26 Students From Northeastern Wisconsin To Have 2-Day Get Acquainted Meeting

NEENAH — Youths from 22 countries around the globe will bring an international flavor here Jan. 16 and 17 when they share in the third American Field Service weekend planned by the local AFS Chapter.

Students studying in northeastern Wisconsin high schools during the 1964-65 school year have all been invited. Among the 26 boys and girls who have been able to accept the invitation will be representatives from Cyprus, Thailand, Turkey, South Africa, Faroe Islands, the Philippine Islands, countries in South America and the European Continent.

The weekend will begin mid-morning Jan. 16 when students meet their hosts for the two-day fun - planned weekend. Noon luncheon will be eaten "at home" with hosts. The afternoon will be spent playing volleyball, basketball and ping-pong; visiting and getting acquainted. Mr. and Mrs. Thomas Lawless are the AFS host and hostess for this recreation period.

AFS students and their host students will be guests at a 6-15 p.m. dinner in the Brigade Building. From 8:30 until 11 p.m., AFS students and their dates will dance at the high school. During the dance, to which all high school students have been invited, each of the visiting students will be introduced. Following the dance a party has been planned at the N. T. Gilbert home.

Hosts and guests will start Jan. 17 with families attending the church of their faith together. Every effort has been made to place guests with families of the same faith. The families will have dinner at home.

A tea from 2 to 3 p.m. will be given at the home of Mrs. James Buchanan, sponsored by the local American Field Service Chapter. This affords an opportunity for the visitors to meet all of the host families and a number of local citizens invited by the AFS Chapter to welcome the youths. Students will return to their homes at 3 p.m.

The adult American Field Service members who are responsible for the weekend activities are Mrs. John Bletzinger, president; Mrs. Thomas Lawless, chairman of the Americans Abroad program; Mrs. Lester LaDouceur, chairman of the home selection committee, and Mrs. James Buchanan, working on social arrangements for the weekend.

43 Adults Registered For 1st AVS Session

Four Required High School Credit Courses Being Offered This Term to Begin Monday

Forty-three adults have registered to date for the first session of the new adult high school program at the Appleton Vocational and Adult School according to Milton Ness, student service coordinator. Friday is the last day of registration for classes beginning Monday, Ness said. A special evening registration period for all adult classes will be from 7 to 8:30 p.m. today.

The high school credit courses will run through the week of May 24.

Four Courses

Four required high school credit courses are being offered this semester. Certain other evening adult courses can be taken as electives for high school credit.

Ness said about five of the students now enrolled will be eligible for diplomas at the end of this semester. Teachers for the four required courses will be:

Teachers Listed

Village Takes \$20,000 Loan

Little Chute to Use Borrowed Funds to Finish Sewer Project

LITTLE CHUTE — The village board voted Tuesday night to borrow an additional \$20,000 from the Bank of Little Chute to complete the storm sewer program.

The board had voted to borrow \$140,000 of which \$120,000 was borrowed prior to Tuesday's session.

The village engineer was instructed to draw plans and specifications for the installation of arterial lights at Madison and Main Streets, pending approval and recommendation by the state highway department.

Summer Program

Plans were made to notify affected property owners in a few weeks where curb and gutter will be installed this summer. It will permit the village to get an early start on the improvement project. Plans also were discussed for purchase of a new street sweeper to be delivered prior to summer.

President Paul Kostka said the village showed progress during the past year and it appears the community finished with a balance in its treasury.

He indicated, it is continuing to move forward and with proper planning and study, could continue to prosper.

Gerald C. Locy was appointed others involved in the garage acting building inspector and moving project last year were Robert Huss was appointed the Al Utschig and Sons Company created after the retirement of the water department superintendent.

At Winnebago Field

North Central Sets New Airport Records

OSHKOSH — North Central Airlines today reported new records for passenger, air express and air freight handling at Winnebago County Airport here but a drop in both incoming and outgoing air mail.

Station Manager A. W. Jaeger listed outgoing passenger traffic for 1964 at 34,470 passengers, an increase of about 10 per cent over the 30,576 passengers boarding outgoing planes from the airport here in 1963.

Incoming airline passengers terminating flights here last year came to 35,141, up over the 30,504 recorded for 1963.

Air Mail Down
Outgoing air mail last year amounted to 251,793 pounds as compared with 267,746 pounds the year before. Incoming air boarding mail of 104,828 pounds last year had more incoming passengers, also was down from the 112,006 pounds in 1963.

Outgoing air express was 158,958 pounds and incoming air freight 139,011 pounds in 1964. The 1963 totals were 143,492 pounds outgoing and 151,981 pounds incoming.

Outgoing air freight amounted to 935,216 pounds, compared with 576,605 pounds the year before. Incoming air freight of 382,052 pounds also exceeded the 1963 total of 265,490 pounds.

June Top Month
The number of incoming and outgoing flights for 1964 was 3,273 each, a drop from the 3,699 flights recorded for 1963 in both incoming and outgoing.

North Central Airlines listed June as its best passenger traffic month, with 3,149 persons flying here. August planes here. August mail of 104,828 pounds last year had more incoming passengers, also was down from the 112,006 pounds in 1963.

Fewer Traffic Injuries in Kimberly in '64

Police Report Lists 99 Accidents for Year; 65 in 1963

KIMBERLY — Although the number of accidents in the village increased from 65 in 1963 to 99 in 1964 the number of persons injured in accidents decreased from 30 to 11.

No accidental deaths were reported in either year, according to the annual report released Wednesday by Quentin Williams, chief of police.

Total property damage estimated in auto accidents for 1964 amounted to \$15,905 with 53 accidents with under \$100 damages investigated and 46 over \$100 reported. During 1963 total property damage was \$18,642. The number of complaints in high schools will accept the credits, Ness said. The Neenah High School student and will receive credits there.

Inquiries about the program have come from communities outside the Fox Cities, but to date no one has registered from them, Ness said.

Speeding arrests during 1964 increased from 15 to 33, illegal

passing dropped from four to three, arterial violations dropped from seven to three, reckless driving increased from three to five, failure to have vehicle under control increased from three to eight and operating under the influence of alcohol increased from one to five.

Other traffic arrests during 1964 showed three for inattentive driving compared to one in 1963, two leaving scene of accidents compared to one the previous year, two compared to one for permitting unauthorized person to drive, five compared to one for having no driver's license, two compared to one for driving without wearing glasses, one compared to two for imprudent speed, one driving on wrong side and three failure to yield.

Other arrests in 1964 included 11 disorderly, four public intoxication and one each for impersonating an official, furnishing beer to minors, contributing to delinquency of minors, permitting minor to loiter, minor loitering, disturbing peace, resisting arrest, destruction of public property and worthless checks.

The department issued 472 tickets for illegal parking, answered 26 fire calls of which nine were false alarms and registered 58,926 miles on patrol.

Named to Post

OSHKOSH — Dr. William H. Kern of the Wisconsin State University-Oshkosh staff has been named chairman of the Day Workshop Admission and Rev. Committee sponsored by the Winnebago County Association for Retarded Children. Dr. Kern is director of special education at WSU-O.

Green Bay Girl Killed as Car Hits a Tree

Lynn Knudson, 17, Dies, Passengers in Crash Hospitalized

GREEN BAY — A west side girl, riding in a car with three other teen-agers, was killed last night when the car struck a tree on the Humboldt Road near the Stratosphere Supper Club.

Seventeen-year-old Lynn M. Knudson, daughter of Mr. and Mrs. Glen Knudson, 904 Liberty St., was pronounced dead on arrival at St. Vincent Hospital about 10 p.m.

Her companions in the car also were taken to St. Vincent Hospital and were reported in serious condition this morning.

Eighteen-year-old Jerry Watson, of 105 S. Ashland Ave., the driver of the car, was undergoing treatment for a fractured leg, head cuts and neck injuries. Two other passengers, both 17, Candice Hermann, 914 Tommark St., and Jack Schneidewind, 19, 1818 Frank St., are being treated for head injuries and face cuts.

The accident occurred about 9:50 p.m. as Watson's eastbound car missed a sharp curve in the road. The car left 105 feet of skid marks, before it left the road, dropped down a slight embankment and hit a tree.

Miss Knudson suffered severe head injuries, apparently when she was thrown forward into the dashboard. All four remained inside the car after the impact.

Police said Watson admitted having "a couple of beers" prior to the accident and also admitted traveling about 40 miles an hour at the time of the crash.

Scene of the accident was a sharp curve just east of the Supper Club, near the intersection with Lavern Street.

Police said no charges have been filed against Watson, but Traffic Capt. J. R. Sloan indicated there would be.

Get Statements "We're going back to the hospital to get statements from the three before we decide on charges, but you can bet there'll be some," commented Traffic Capt. J. R. Sloan.

The accident was the first traffic fatality of the year for Green Bay and the remainder of Brown County as well. Last year, seven persons died in city mishaps.

North Central Ends Lease at Clintonville

CLINTONVILLE — The common council was told Tuesday night that North Central Airlines notified the city that it is cancelling its lease on the Clintonville Airport later this month.

A CAB order terminated scheduled airline service here as of Jan. 25. The last North Central flights into Clintonville, as the order now stands, will be Jan. 24. After that, according to the order, Clintonville will be served through Austin-Straubel Field, Green Bay.

Ald. Eugene Dexter, chairman of the airport committee, said a meeting will be held later this month with Robert Otto, attorney in city airport matters.

Special Counsel Clintonville is fighting to retain its scheduled airline service and has hired Howard Boros, Washington, D.C., a former CAB attorney, as co-counsel and special counsel in the air service fight.

Council voted Tuesday night to retain the services of Francis M. Higgins, St. Louis, Mo. through the month of January to continue his work on promoting boardings here.

Councilmen Argue Back Pay Issue

CONTINUED FROM PAGE 1

The way the resolution had been worded, it was his interpretation, "anyone who was on the payroll Jan. 1, 1964, regardless if they were parttime, dead, fired or what have you would be covered by the raises." He asked aldermen what they wanted to do about it.

Fischer made a motion then to be excluded from getting retroactive pay be former part-time employees, workers relieved of their jobs for cause and employees who quit during the year.

On a roll call vote, the motion passed by a slim 10-9 margin. However, it did not end the confusion or debate.

Some aldermen asked what the council's thoughts were concerning back pay for dead or retired employees, those on military leave and others who may have taken maternal,

Blocking of Construction Contract Fails

CONTINUED FROM PAGE 1

the Green Bay firm's prequalification statement was not that of the city council or board of public works.

Ald. Robert Stumpf (9th) suggested the council suspend its rules (requiring a two-thirds vote) and put the contract award back into the board's report. This had the effect of overriding Fischer's use of the referral procedure.

"The city will be served with an injunction," Fischer retorted. "I'm warning you and that's why I brought the matter up in the first place."

Threatened Before Stumpf was unimpressed and said the council had been threatened before.

"This council has policies and laws to abide by," Stumpf said, "and when bids or anything else are not in order they are rejected."

Stumpf's motion to award the contract to the low bidder, P & B Excavating, Inc., of Appleton, passed 17-1 with Fischer dissenting.

The \$43,838 contract covers sewer construction in the Einstein Junior High School area on the northeast side, and at the proposed new high school site on the southeast side.

Stumpf said he intends to join leaves of absence during the past year.

"Would a man who was fired during the past year be legally entitled to back pay for the period in which he worked?" inquired Ald. Fred Ziemann (6th).

Ziemann said a man could have been fired in June but up until that time had performed his work satisfactorily. He asked the city attorney if a fired employee would have a good case in court if taking legal action to get back pay.

"He might have one," replied City Atty. Frederick E. Froehlich.

At this point Stumpf said he did not want to "throw the council a curve" but disclosed that parttime employees had already been paid retroactively. Stumpf then moved that everything concerning the salary matter be stricken from the night's proceedings. It passed, 13-6.

North Central Won't Move to New Airport

CONTINUED FROM PAGE 1

Appleton Monday to make a final inspection of the new airport. When they give their approval Outagamie County intends to transfer operations from the old airport. In fact, the county presently is trying to sell the old airport land.

Despite this, a North Central officer told the "Post-Crescent" today:

"Even if the stay is granted, we intend to maintain our

operations at the present Outagamie County Airport.

"We have no intentions of transferring equipment to the new airport," he said, "because it would be too costly an operation and it would involve the training of new personnel."

"Doing Nothing"

He also said the airline "has done nothing and has no intention of doing anything" to get the CAB to change its decision on the abandonment of service to the Fox Cities at the Outagamie County Airport.

"We intend to continue serving Appleton," he said, "and we will do it at the Oshkosh airport."

In a related development, John Conway, vice president of Fox Cities Airlines, wrote to Allan Boyd, CAB chairman, asking for assurance that if and when North Central discontinues its service to the Fox Cities, the airline will abide by its decision so it won't enter into competition with Fox Cities Airlines.

Seek Extension

In the letter, Conway also urged the CAB to extend beyond December, 1965, its regulation which allows "third level airlines" to operate without a CAB certificate of necessity.

Fox Cities Airlines officers intend to operate a third-level airline, which would be a shuttle service between Appleton, Milwaukee and Chicago. A third-level airline is restricted to using aircraft under 12,500 pounds and meeting the same FAA safety requirements that apply to trunk and feeder airlines.

If North Central service to the Fox Cities is discontinued, Fox Cities Airlines intends to operate six flights into and out of the new Outagamie County Airport daily.

However, the airlines wants assurance from the CAB that the cooperation and encouragement of the Kimberly Clark Corp. which gave me time off.

The 9th Ward aldermanic post will now be up for grabs in the spring election. To date, one resident in the ward has filed nomination papers for council.

Noting that over the years he has been required to attend day and night committee, in addition to council meetings, Stumpf said "This was possible through the cooperation and encouragement of the Kimberly Clark Corp. which gave me time off."

CONTINUED FROM PAGE 1

Central flights at the Outagamie airport, compared to 5,460 in 1963, an increase of 778.

Equally important, is the new record set for air freight loaded on flights in Appleton. A total of 120,638 pounds, or about 60 tons, were loaded. This represented an increase of 24,129 pounds over the 1963 figure of 96,509 pounds.

Jolitz considers the air freight figures remarkable in view of the fact that Appleton is served only by DC3 aircraft.

Air freight unloaded at Appleton airport went up even more than freight which was loaded. In 1963, the figure was 83,308 pounds while in 1964, it was 153,910 pounds, an increase of 70,602 pounds, or nearly a 100 per cent increase over the previous year.

In other categories, outgoing air express went up from 24,524 pounds to 27,263, a 2,739 pound gain. Outgoing air mail dropped by 4,369 pounds from 24,368 to 19,999 pounds.

In the incoming categories, air mail was up 4,642 pounds, from 10,774 to 15,416 pounds. Express went up from 1963's 40,249 to last year's 44,908 pounds, a gain of 4,659 pounds.

One More Flight

All the records were accomplished on 1,066 DC3 flights, only one more than in 1963. Business at the Outagamie airport during December was the best month in the history of North Central service here.

The record for the number of passenger boardings during a single month was set during June with 682 passengers. However, 624 passengers were boarded during December despite the fact that several days of inclement weather forced cancellation of flights altogether.

He withdrew pleas of innocent to both counts and entered pleas of guilty.

County police arrested Doxtator two weeks ago after the man was seen carrying a small handgun into a Town of Oneida restaurant. The traffic charge stemmed from an investigation of the gun incident.

Obituaries

Francis O. Engel

(Frank) Age 67, passed away unexpectedly Monday evening in Phoenix, Arizona. He was born February 25, 1897 in Appleton. He was a veteran of World War I and II; a Charter member of the 5th Division during World War I, receiving the Silver Star; a decoration was also presented to him by the French Government and a member of the American Legion Post No. 75, Fond du Lac. Mr. Engel is survived by two daughters, Mrs. Mary Jean Tinnell, Fond du Lac; Mrs. Walter G. Miller, Ft. Bragg, N.C.; two brothers, Joseph J. and Bernard, both of Appleton; two sisters, Mrs. Marie Murphy, Chicago; Sister M. Benigna S.S.N.D., St. Patrick's Convent, Menasha; grandchildren. Funeral services will be held at 10 a.m. Saturday at Sacred Heart Catholic Church with Msgr. Emil Schmit officiating, the cortege forming at 9:30 a.m. at the Brettschneider-Trettin Funeral Home. Burial will be in St. Joseph Cemetery. Friends may call at

Chicagooan Fined For Gun Incident

Vernon Doxtator, 21, Chicago, Wednesday was fined \$100 and costs in Outagamie County Court Branch 2 on charges of disorderly conduct and driving after revocation.

He withdrew pleas of innocent to both counts and entered pleas of guilty.

County police arrested Doxtator two weeks ago after the man was seen carrying a small handgun into a Town of Oneida restaurant. The traffic charge stemmed from an investigation of the gun incident.

the funeral home after 3 p.m. Friday. Rosary will be prayed at 8 p.m. Friday at the funeral home. Military services will be conducted at the graveside.

Mrs. Laura P. Inman

(Laura Pynn) 517½ N. Durkee St. Passed away unexpectedly at her home after a short illness. She was born in Appleton but spent many years of her life in the west returning to Appleton after the death of her husband. Mrs. Inman is survived by several nieces and nephews. Funeral services will be held at 2 p.m. Friday from the Wichmann Funeral Home with Rev. Edward C. Dahl officiating. Interment will be in Riverside Cemetery. Friends may call at the funeral home after 12 noon Friday until the hour of the service.

Tina Marie Pelky

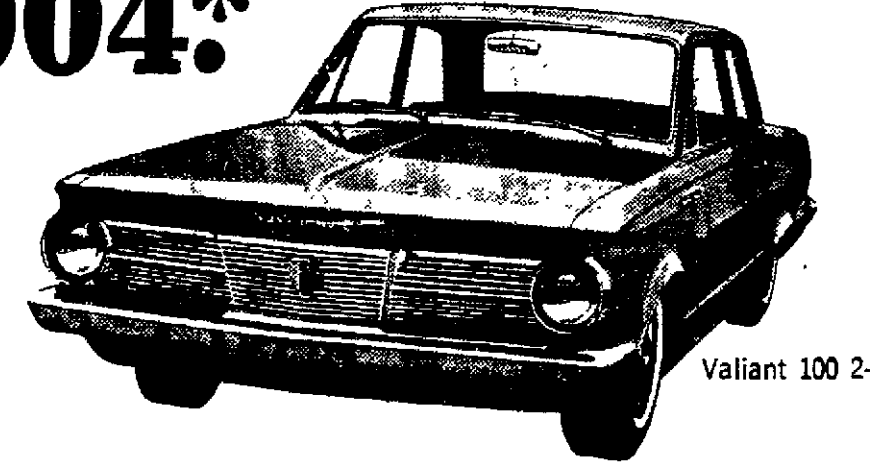

Seven month old daughter of Mr. and Mrs. Duane Pelky, Shiocton, passed away Thursday morning. She was born in New London June 3, 1964. In addition to the baby's parents, she is survived by her grandmothers, Mrs. Edna Pelky and Mrs. Viola Wheeler both of Shiocton. Funeral arrangements are pending at the Borchardt and Moder Funeral Home, Shiocton.

Henry Van Hoof

St. Petersburg, Fla. Age 68, passed away Wednesday in Florida. He was born July 11, 1896 in Wrightstown, Wisc. Mr. Van Hoof is survived by his wife; three sons; two brothers, Antone Van Hoof, Rt. 2, Kaukauna; John Van Hoof, Kaukauna; two sisters, Miss Gertrude Van Hoof, Appleton; Sister Beatrice, Chicago. Funeral services will be held Saturday morning in St. Petersburg, Fla.

Gala Evening for Elks

The old year was bid good-bye and the new given a cheery welcome by Appleton Elks and their guests New Year's Eve at a gala affair at the clubhouse. Champagne was served with dinner as party-goers dined from 7:30 to 10:30 p.m. Dancing was held until 2 a.m. and buffet brunch was served at 1 a.m. Acting as general chairman for the event were Mr. and Mrs. Kenneth Quella. They were assisted by a committee composed of Mr. and Mrs. Ed Hooyman, Mr. and Mrs. Les Deltgen, Mr. and Mrs. William Riley and Mr. and Mrs. Karl Kobal.

A Toast to the New Year Was offered, above, by Mr. and Mrs. Howard LaLonde and Mr. and Mrs. Roland Roberts at the Appleton Elks' New Year's Eve dinner dance at the club. Exchanging greetings, left, are Mr. and Mrs. Lawrence Norman and Mr. and Mrs. Herman Canisius. General chairman of the affair, below, Mr. and Mrs. Kenneth Quella, look over party decorations. (Post-Crescent Photos)

Double Ring Ceremony Performed

MENASHA — Miss Diana Margaret Lehl and Gary Gene Paulsen exchanged marriage promises at 1 p.m. Dec. 26 at the First Baptist Church, Jacksonville Beach, Fla. The Rev. M. W. Everson, Jacksonville, Fla., performed the double ring ceremony. The bride is the daughter of Mr. and Mrs. John Lehl, 1365 Irish Road. The bridegroom is the son of Mr. and Mrs. Walter Paulsen, 1049 Appleton Road. Mrs. Walter Paulsen and Ronald Hogan served as the couple's honor attendants. A wedding dinner was served at the Red Barn Cocktail Lounge, Atlantic Beach, Fla. The couple honeymooned at Daytona Beach, Fla., and they will live at Atlantic Beach. Mrs. Paulsen was employed at Gilbert Paper Co. M1C Paulsen serves on the Aircraft Carrier Franklin D. Roosevelt.

Engagement of Miss Hansen Announced

SCANDINAVIA — Miss Betty Hansen is the fiancée of Jerald W. Biedermann. The couple's engagement has been announced by her parents, Mr. and Mrs. Emil Hansen, Scandinavia. Mr. Biedermann is the son of Mr. and Mrs. Walter Biedermann, Iola. The bride-elect attends Wisconsin State University, Stevens Point. Her fiancé is employed at the Wau-Wis Fur Farm. No wedding date has been chosen.

Teens in Political Fray in '64

Teens, for the first time in first national campaign effort, helped directly to elect it was also the first time either the President of the United States or the Vice President of the United States. For most of the 2,500 the support and assistance of young people who converged on youthful volunteers — most of Atlantic City last August to them too young to vote — work and witness history in the through a national organization making. it was their first designed specifically for that political convention and their purpose.

Enthusiastic representatives from all fifty states known officially as 'Young Citizens for Johnson' performed many vital functions during the week of the Convention, and had fun while they worked!

Outfitted in red, white and blue striped jumpers or jackets and LBJ straw hats, they ushered delegates to their seats. The bride-elect is a secretary at the Wisconsin Telephone Co., Appleton. Her fiancé is with Hardwood Products Co., Neenah. The couple will be married June 12 at Emmanuel Lutheran Church, New London.

David Elmer Fiance of Miss Thern

NEW LONDON — Mr. and Mrs. Lawrence Thern, route 1, New London, have announced the betrothal of their daughter, Marlene, 228 1/2 N. State St., Appleton, to David Elmer. He is the son of Mr. and Mrs. Harry Elmer, 5445 Larsen Road, Oshkosh.

The bride-elect is a secretary at the Wisconsin Telephone Co., Appleton. Her fiancé is with Hardwood Products Co., Neenah.

The couple will be married June 12 at Emmanuel Lutheran Church, New London.

John Reiter, Fiancee Plan To Marry

WRIGHTSTOWN — Miss June Meulemans is the fiancée of John Reiter. The couple's engagement was announced by her parents Mr. and Mrs. Bernard Meulemans, 509 Cedar St. Her fiancé is the son of Mr. and Mrs. Charles Reiter, route 1, Kaukauna.

Miss Meulemans is employed by the Wisconsin Telephone Co., Appleton. Her fiancé is with Fox River Tractor Co., Appleton.

No wedding date has been set.

Announce Engagement of Miss Kettering

NEENAH — Miss Donna Jean Kettering is the fiancée of Richard Allen Kaufmann. The couple's engagement was announced Christmas Eve by her parents, Mr. and Mrs. Charles Zingler, 647 McKinley St. Mr. Kaufmann is the son of Mr. and Mrs. Jacob Kaufmann, 1619 Cedar St., Oshkosh.

The bride-elect is employed at the Geo. Banta Co., Menasha. Her fiancé attended Wisconsin State University, Oshkosh. He is in pilot training with the Navy at Pensacola, Fla.

The couple has not chose a wedding date.

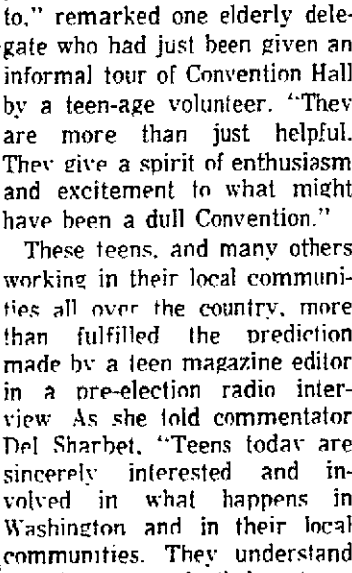

August Rite Planned by Miss Vosters

Miss Margaret Vosters and L. Daniel Koehler plan to marry in August. The couple's engagement has been announced by her parents, Mr. and Mrs. Raymond M. Vosters, route 4, Appleton. Mr. Koehler is the son of Mr. and Mrs. Lewis Koehler, route 4, Appleton.

The bride-elect and her fiancé are employed at the Institute of Paper Chemistry.

Miss Vosters

A September wedding is planned by Miss Selene M. Strike.

316 Adams St., Neenah, and Jerold V. Finch whose engagement has been announced by her parents, Mr. and Mrs. Willis Strike, 821 Royalton St., Waupaca. Mr. Finch is the son of Mr. and Mrs. Jack Finch, 242 Prospect St., Menasha.

316 Adams St., Neenah, and Jerold V. Finch whose engagement has been announced by her parents, Mr. and Mrs. Willis Strike, 821 Royalton St., Waupaca. Mr. Finch is the son of Mr. and Mrs. Jack Finch, 242 Prospect St., Menasha.

Banks Woo Ladies With Top Fashion Checkbooks

BY PHIL KEUPER

NEW YORK (AP) — The checkbook, once black and solidly male, has exploded into more colors than a woman's hat.

Banks, wooing the ladies, are selling checkbooks cloaked in an increasingly wider array of colors and in plastic finishes made to look like everything from lace to leopard skin.

The checks themselves appear in more compatible colors than the rainbow.

Shows Influence

The layer of glamor on the once-plain checkbook has followed the gradual emergence of the woman as the check-writer in a vast number of the nation's more than 46 million personal checking accounts. So fashion-conscious has the movement become that some checkbooks look as much like fashion accessories as handbags, gloves and shoes.

New York's Manufacturers Hanover Trust Co. recently took part in a Manhattan fashion show that the bank said was inspired by its "chic and color-coordinated checkbooks."

Hit of the show, said a spokes-

man for the bank, was a rain suit patterned after the bank's imitation Cobra check set.

"Since we started our fashion checkbooks in May 1963 we have shown our biggest gain" in checking accounts," said Hugh Brennan, an advertising executive of the bank.

Cleveland's National City Bank offers its customers checkbooks in styles that range from leopard to lizard. Colors include "ledger red" and "currency green."

Bank of America, the nation's largest, will sell you checks perfumed with Chanel No. 5.

Chase Manhattan Bank offers checkbooks in colors with fancy names such as "ascot gray," "harlequin white," "patent green," and "cadet blue."

While banks have sold colored checks and checkbooks for years, the trend to wide variety and high fashion as represented checks they would get them."

Miss Rosner Fiancee to Kenneth Pautz

BRILLION — Mr. and Mrs. Edward Rosner Jr., 213 E. Ryan St., have announced the engagement of their daughter, Barbara Ann, to Kenneth L. Pautz. He is the son of Mr. and Mrs. Lester Pautz, route 1, Reedsville.

The bride-elect is employed at The Ariens Co. Her fiancé is with the Brillion Iron Works.

No wedding date has been set.

by plaid, leopard and lizard is relatively new and growing.

The fancy checkbook usually costs extra.

Some banking sources say the customer continues to buy his color-coordinated checks instead of receiving them free, relieving the bank of that expense.

"But most of all," one bank official said, "the checkbooks represent a more liberal, aggressive stance by banks. If people today wanted left-handed and high fashion as represented checks they would get them."

Vows Said In Catholic Ceremony

NEENAH — St. Gabriel Catholic Church was the setting for the 10 a.m. Dec. 26 wedding of Miss Kathleen Ann McConnell and Paul James Holewinski. The Rev. Lawrence Stingle officiated at the ceremony. John Murphy, the bride's godfather, escorted her to the altar.

Mrs. Margareth McConnell, 847 Reddin Ave., is the bride's mother. The bridegroom is the son of Mr. and Mrs. Raymond Holewinski, 1509 Henry St.

Miss Karen Mader assisted as maid of honor. Bridesmaids were Misses Kathryn Waters and Jennifer Johnson.

Best man was Ronald Keberlein; Acting as groomsmen were Martin Redlin Jr. and H. T. Collier Jr. Ushers were Mathew Minten Jr. and Kenneth Zettel.

The couple greeted guests at a reception at the American Legion Club, Appleton. They will live in Neenah, after a honeymoon in northern Wisconsin.

The bride is employed by National Manufacturers Bank. The bridegroom is employed by Geo. Banta Co., Menasha.

Members of Butte des Morts Golf Club welcomed the New Year at the club's annual New Year's Eve Ball. Below, Mr. and Mrs. Donald Strutz gaze at an ice statue. Dancing before a gaily decorated Christmas tree, left, are Mr. and Mrs. Thomas Frawley and Mr. and Mrs. Mark Catlin Jr. Chairmen for the dinner dance were Mr. and Mrs. R. W. Shepherd. The committee was composed of Mr. and Mrs. John M. Hayes, Mr. and Mrs. N. D. MacDonald, Mr. and Mrs. R. C. Max, Mr. and Mrs. Strutz, Mr. and Mrs. K. W. Loehning, Neenah, and Mr. and Mrs. J. M. Turley, Menasha. (Post-Crescent Photos)

Penwomen Set Poetry Workshop

The Milwaukee Branch of National League of American Penwomen will conduct a poetry workshop at 2 p.m. Jan. 30 at the Charles Allis Art Library, 1630 E. Royall Place, Milwaukee. Wisconsin women interested in writing poetry have been invited to attend. There is no registration fee.

Dr. Katherine Stains, editor of Penny-a-Thought, will moderate a panel discussion. The panel will be composed of Margaret O'Keefe, Emily Wurl and Eileen Daul.

The workshop will set guidelines for a poetry contest opening Feb. 1 to all Wisconsin women over 18 years of age. A copy of the contest rules will be distributed at the workshop. Contest chairman is Mrs. Arlyle Losse, Milwaukee.

Pair Weds In Double Ring Rite

KAUKAUNA — Jack Roome claimed Miss Mariko Suzuki, Kamakura, Japan, as his bride at 11 a.m. Dec. 30 at Holy Cross Catholic Church Chapel. The Rev. Robert Gulig officiated at the double ring ceremony.

The bride is the daughter of Mr. and Mrs. Ichiro Suzuki, Kamakura. Mr. and Mrs. La-verne Roome, 415 Ducharme St., are the bridegroom's parents.

Honor attendants for the couple were Mr. and Mrs. John Haen, godmother and godfather of the bridegroom.

A wedding dinner was served at Alex's Manor House.

Mrs. Roome was graduated from Bunka Gakun College, Tokyo, Japan. She served as a translator and interpreter for Max Factor Co., Japanese Branch. Lt. Roome was graduated from Wisconsin State University, Oshkosh, and is in the Navy.

After a wedding trip to the western part of the United States, the couple will live in Denver, Colo.

Colors will be light, but not pale; vibrant, but not garish. Even the "neutrals" — beige, cream, and white — have a lively, lit-up quality.

or smearing, no blatant effects. The finish must appear nature's best effort.

And here's where new cake shadows and liners could come to your aid, particularly if eye make is a trial to you. Both the shadows and liners are based on the same principle as water colors, applications being made with a dampened sponge or brush. The method insures a precise, smooth and lasting result.

To apply the shadow, you simply rub the damp sponge over the cake and blend the color onto the lids. The liner is similarly applied with a damp brush. A few professional eye-deas, adaptable to your own make-up repertory follow:

1. After shadowing lids with color, outline outer corners with white cake shadow. Will make eyes seem enormous!
2. To wording: The honour of your accent lashes, start liner at inner corner of eye; make line a mere thread, built to greater thickness beyond center and then taper slightly at outer corner.

You are not lost to youthful beauty because of dark circles, puffiness, or wrinkles around

bride away. We would like to know how to issue the invitations. We are seven sisters and brothers who are giving the wedding.

Louise Davis Answers: It would be awkward to include all your brothers, sisters, wives and husbands on the invitation. If your niece makes her home with you, I suggest that it be worded in your and your wife's names. As the wedding day approaches, word has a sure way of getting around that all of the uncles and aunts are giving the reception. If your niece doesn't live with any of you, then I suggest the following for the wedding of Miss Mary Anne a mere thread, built to greater thickness beyond center and on Saturday, the fifteenth of... A separate card for the reception could be immediately following at... Reception, In the lower left corner should be: Please reply to Mrs. George Brown (your wife's name)

Easy Directions For Cleaning New Blender Bowls

A blender manufacturer advises against soaking the container in dishwater. Instead, partly fill it with warm water plus a little soap or detergent, put the cover on, and let the motor run at low speed until food particles are loosened. Then rinse and dry the container.

Turn the motor off, pull the cord from the electric outlet, and wipe off the base and cord.

Fiance of James Keen Miss Peotter

Dress Up the Dinner

Next time you find yourself saying, "won't you stay for dinner," — and wishing there were something a little more glamorous than that ham in the oven, you can glamorize the ham in five minutes flat. Just

take a can of whole-berry cranberry sauce, soften it over hot water, add about ¼ cup of brown sugar and 2 tablespoons of lemon juice, and spread the mixture over the ham. The result is a luscious glaze that looks and tastes as though you slaved all day over it.

Your Problems

Automatic Canceling of Debts At Death Is False, Ann Notes

BY ANN LANDERS

DEAR ANN LANDERS: A friend of mine who ought to know, told me recently that when a husband dies, all the family debts, such as department store bills, time-payments on appliances, cars and house mortgages are automatically cancelled—provided each account is under \$450. I had never heard of this before, but my friend assures me it is true. Will you please tell me if my friend has correct information?—Learning Every Day

Dear Learning: Your friend does not have correct information and I hope you will set her straight at once. Women have been known to kill their husbands for a lot less.

DEAR ANN LANDERS: Don't tell me to see a psychiatrist. If I could afford a psychiatrist I wouldn't be writing to Ann Landers.

We have four children under ten years of age. My father-in-law lives with us, and he is the problem. He works nights and hangs around the house all day telling me how to cook and clean. He is a retired Army man and has told our kids all the dirty jokes from the last three wars.

When I try to discipline the boys he butts in and takes their side. He slips them money and lets them puff on his cigarettes for "laughs."

I've told my husband how I feel but he says he doesn't want to offend his dad by asking him to move. My father-in-law is in good health, has a nice income and could live anywhere. What he pays us every month comes in handy, but I'd be happy to do without it. Please give me some help.—Mrs. Over-Ruled

Dear Mrs.: Your father-in-law should live elsewhere. The welfare of your children comes first and you can tell your husband I said so.

DEAR ANN LANDERS: We promised our daughter that when she was 18 she could begin to date. Well, Arleen had her 16th birthday two months ago and now we must install a second telephone to handle her social life.

She has a date lined up every Saturday night for the next three months. Mr husband and I don't know what to make of it. She already has a date for the Easter Bunny hop and a Prom date for May. Is this normal? Arleen is an honor student and excels in languages and math. She practices the piano regularly and does her share of housework. She goes only with boys we know and they all seem to be gentlemen. We can't think of a reason to curtail her dating except that we are afraid it is not good for a girl to be so popular at this age. It may hurt her reputation.

Any suggestions?—Mom And Pop

Dear M and P: You shouldn't be asking for advice; you should be giving it. A Mom and Pop who can raise the kind of young lady described in your letter are to be congratulated.

I see no reason for you to be concerned about Arleen's popularity. So long as she sticks to the rules and behaves herself it would be unfair to restrict her.

To solve some of the frustrations, disappointments and disillusionments of married life, send for Ann Landers' booklet, "What To Expect From Marriage," enclosing with your request 20 cents in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

would win the first spade and take dummy's second high lead the king of clubs to diamond with the ace to take a dummy. East would take the second club finesse. Declarer next spade and return a club for then cashes the ace of clubs and West to ruff. South would a long club, discarding two therefore go down if West had spades from his hand. West gets four spades and only two clubs, a trump and one spade, but The actual distribution was the nothing else.

Don Bosco Guild Forms Two Groups For Single Adults

The Don Bosco Guild has divided itself into two groups. The Rev. Timon Costello O.F.M. Cap. will direct the activities of the group 18 to 24 years of age, which will be known as the Young Peoples Club. The group will meet at 7:30 p.m. every Thursday evening in the downstairs clubroom at St. Joseph School.

The original Don Bosco Guild will limit membership to single Catholic adults over the age of 25 years from the Fox River Valley Area. They will meet at 522 W. Seventh St. from 7 to 12 p.m. every Tuesday evening. The objective of the Don Bosco Guild is to promote Catholic action through religious, cultural and social activities for young adults.

South took the ace of hearts, led a club to finesse with dummy's jack and drew two rounds of trumps with the king and queen. Then he led a spade. South's jack lost to the king of spades, and back came a spade. The defenders speedily took three spade tricks, defeating the South contract.

Wrong Hope

South knew that West had six spades and only two clubs. South intended to play a low spade from dummy on the second round of spades, hoping that East would have to play his ace without getting anything for it. The trouble is that South could not make the contract if his hope were accurate. West

SEAMS TO ME
By Patricia Scott

Questions, Answers

Q. I'm sure you've answered this question before, but I would appreciate it if you would explain how to make covered rope belts? Mrs. C. G.

A. Cut a bias strip of fabric the length you wish the belt to be. The width of the strip will depend on the thickness of the cable cord you use. It could fit around the cord with a half-inch for seam allowance. Cut a length of cable cord twice as long as the bias strip. Place one end of the cord on the bias strip with the other end hanging

Pat Scott
loose. Fold bias over cord and stitch over cord using a cording foot attachment. (See top illustration.) At the center of the cord where the bias strip ends, stay stitch across the cord and the strip as in the center illustration. Then, gently pull the bias over the cord hanging loose until the entire loose end is covered. Cut off the end that is now uncovered. Hand tack both ends of the belt so that fabric is securely tucked in. Make a knot at each end and your belt is finished.

A: I don't think any facing looks well showing through a sheer bodice. I suggest making the entire bodice double.

Q: How should I finish the seams on satin? Miss L. T.

A: Either finish the seams by pinking and edge stitching, or overcasting by hand or zigzagging by machine.

Q: I'm learning how to sew and I can't sew a straight seam! Can you suggest ANYTHING? Miss P. P.

A: Of course, practice will win out in the end. But, to make it easier, cut large squares of what do I use for facing? Miss inexpensive fabric and draw straight lines on the squares

Holiday Happenings

Holiday visitors at the home Black Creek, entertained Sun- day in honor of the birthday of Mrs. Edward C. Nabbeheld, 611 N. Superior St., were Mr. anniversary of their daughter, and Mrs. Edward J. Mrs. Joan Mrs. Sherman McGlin, Mr. and Appleby and sons, Robert and Mrs. Donald McGlin and family, Charles, Menomonee Falls, also visited at the Nabbeheld home. Black Creek, and Mr. and Mrs. Lyle McGlin and family, Apple- Mr. and Mrs. LeRoy McGlin, ton.

Marriage Announced

Wedding promises were ex- changed in a double ring ceremony Dec. 11 by Miss Fern Ella Lathrop, Madison, and Fred Charles Scheer, Chicago, Ill. The bride's parents are Mr. and Mrs. Gordon Lathrop, 4439 W. Prospect Ave.

The couple honeymooned at Hayward and reside in Madison. Mrs. Scheer attended Andrews University, Berrien Springs, Mich., and is secretary-treasur- er of the Capital Indemnity Corp., Madison. Her husband attended the University of Wis- consin, Madison, and is an insurance agent.

with a pencil and ruler. Starting very slowly, stitch with long machine stitches on the lines. As you feel more confident, build up your speed. It's a good idea to use a ruler guide on your machine or buy yourself a seam guide attachment.

Q: All patterns for slacks are enormous on me at the hips . . . at least much too roomy. The patterns fit my waistline per- fectly. Do I buy it a size smaller. Why do pattern com- panies do this? Miss S. B.

A: I suggest you decrease the hipline on the pattern to your proper size. By the way, pattern companies cut patterns to fit the average figure, and addi- tional ease is provided in slacks and all sportswear for comfort,

as well as wearability. Patricia Scott has prepared a booklet, How To Alter Your Dress Patterns, which gives complete instructions for alter- ing so that finished garments will fit perfectly. For a copy of this guide to correct fitting, write to Patricia Scott in care of The Post-Crescent, en- closing a long, self-addressed, stamped envelope and 25 cents in coin to cover costs of printing and handling.

Study Color, Size, Fabric For Carpets

Decide at home what you want before you go shopping for a rug to secure a more satisfactory purchase. Before you shop you need to make up your mind if an area rug or carpeting suits your needs best, what you can pay and colors that fit into your home.

You can do this by comparing and studying at home, accord- ing to Gertrude Hoffmann, home furnishings specialist at the University of Wisconsin.

A family with small children may want a rug to take the wear. Area and room size rugs are both good choices for the family who is on the move. Usually a standard size rug will go into the next apartment even if it fits a little snug or looks skimpy.

Today area rugs are very beautiful and come in many qualities. They range from a standard cut rug size to luxuri- ous imports in a free form shape.

As you compare ads for cost, consider how many square yards you'll need and what the total cost of the floor covering will be. For a good quality wool rug of average price you can expect to pay from \$11 to \$15 a square yard. To get top quality the price will be considerably higher. In these rugs you pay for quality of color and design

as well as wearability. Often families prefer to buy less expensive area rugs or room size rugs and then go into carpeting when they're more permanently settled. Others want inexpensive rugs so that they can change color schemes frequently.

Consider the cleaning that the rug will need. Do you plan to have it sent out for the thorough flushing that is done in dry

cleaning? Or will you be using a home floor care machine for frequent light cleanings? If you plan the latter be sure to use good quality solution and follow directions.

Take time to plan colors at home, considering the entire room and furniture. It's best to bring samples home and ob- serve them both day and night to see how they relate to other colors in the room.

Population Growth Limits Get Impetus

Johnson Made First Mention

WASHINGTON (AP) — In careful but clear language, President Johnson is giving new impetus to the U.S. government's role in the struggle to contain the explosive growth of the world's population.

The President did it with one sentence in his State of the Union message Monday night.

He said: "I will seek new ways to use our knowledge to help deal with the explosion in world population and the growing scarcity in world resources."

As far as could be determined, this was the first time a president had used a major address to comment on the scope of the problem and the need to solve it.

Kennedy Comments

The late President John F. Kennedy, at a news conference on April 24, 1963, said the United States should support making information about the reproductive cycle available to the rest of the world. He also endorsed studies in the fields of reproduction and fertility.

Johnson didn't mention birth control, but this inevitably is entangled in any significant effort to limit population growth.

In developing areas of the world, it is frequently a battle just to expand food production fast enough to keep up with the population growth.

Offer Training

The State Department is already offering training and research assistance to underdeveloped countries trying to meet problems of population growth by aiding governments and responsible private agencies in training specialists.

Special attention is being given to Latin America. State Department officials say one member of each U.S. mission there has been designated to deal with governments and other agencies dealing with the population problem.

On the domestic front, federal funds have been used for a number of years to subsidize birth control clinics and family planning through state and local health programs.

A federal grant of \$1,462,718 is being used by New York City health officials to provide birth control advice and materials in connection with a complete maternal health program at five clinics operated for the city by cooperating hospitals.

Now through the Office of Economic Opportunity — the so-called "war on poverty" — even wider dissemination of birth control information is being federally financed.

A birth control program is already operating in Corpus Christi, Tex., under grants from the program and Milwaukee and the District of Columbia have submitted community action plans which include birth control.

Today's Chuckle

Being a husband is like any other job — it makes it a lot easier if you learn to like your boss. (Copr. 1964)

Rusk Asks Study of Embassy Attacks

WASHINGTON (AP) — Secretary of State Dean Rusk is reported to have ordered a study on what should be done about mob attacks on American embassies and libraries overseas.

President Johnson said in his State of the Union message Monday night, "We cannot be indifferent to acts designed to injure our interests, our citizens, or our establishments abroad."

The community of nations requires mutual respect. We

Four Teens Die From Fumes in Arizona Jail

Overcome by Gas In Heating System, Official Reports

PAYSON, Ariz. (AP) — Carbon monoxide poisoning caused the deaths of four teen-agers in the Payson city jail, a county official has ruled.

The deaths shocked this resort community in the mountains of central Arizona. Many of the 800 townspeople had gathered around the county complex to await a report of autopsies, performed in Globe, 75 miles away.

Dr. Alfred D. Musgrave, Gila County pathologist, ruled that carbon monoxide poisoning was the cause of the deaths, which occurred Tuesday morning.

Continue Inspection

Authorities today were to continue their inspection of the butane gas heating system in the jail.

The probe was interrupted Wednesday when two investigators were overcome while checking out the heating system.

Sheriff's Deputy Lyman Peace and rescue squad leader Tom Drake became ill in the jail. They were rushed to Payson Hospital and given oxygen before being released in good condition.

The four youths were arrested Monday for investigation in the theft of some beer. They were placed in the jail on orders of juvenile authorities.

Inquest Date

Deputy T. L. Meredith, who found the victims in a cell Tuesday morning, said, "I was never so shocked in my life."

Sheriff Elton R. Jones said he didn't know when an inquest would be held. Justice of the Peace Florence Greer indicated it might be several days.

The dead, all Payson High School students and all described as popular with their classmates, were:

Clifford Greenland, 18, son of a widow who lives in nearby Pine. The mother was hospitalized with shock.

Kenny Haight, 15, whose father runs a television repair shop.

John Watkins, 16, who moved with his parents to Payson two weeks ago.

Blaine Schroeder, 16, son of a greenskeeper at Payson Country Club.

Unromantic End to Romantic Dream

SYDNEY, Australia (AP) — Christine Stavrylaku, 23, dreamed she was eloping with her fiancé and jumped from a third-story window.

Christine broke a leg, a foot and her pelvis.

"My dream was so real," Christine told police. "My fiancé had a ladder at the window and was beckoning me to climb down. The only trouble was that not only was my fiancé a dream but so was the ladder. I awoke to find myself lying in the street."

Support Mounts

As the new Senate opened for legislative business Tuesday, influential support quickly mounted for an aid law amendment, introduced by Sen. Stuart Symington, D-Mo., to cut off U.S. assistance to any country which fails to take necessary precautions to protect U.S. property.

Senate Democratic Leader Mike Mansfield of Montana and Sen. J. W. Fulbright, D-Ark., chairman of the Senate Foreign Relations committee, indicated they favor Symington's amendment.

Too Tough

In the House, where similar moves are under way, Rusk repeated after briefing the Foreign Affairs Committee on the international situation that "we expect respect" overseas.

There have been 31 recorded cases of damage to U.S. buildings abroad since Johnson took office. The State Department study is aimed at finding practical ways to discourage the attacks and steps that might be taken after they do occur.

The usual procedure is to issue a protest to the offending government and demand compensation.

In House

Some administration strategists are apprehensive that Congress may wind up with legislation aimed at foreign indignities that would be too tough and rigid to apply in changing foreign situations.

The White House announced Wednesday that the President's request for foreign aid funds for the coming year, expected to total more than \$3.3 billion, will be sent to Congress in a special message a week from today. Both the United Arab Republic and Indonesia, where U.S. libraries were sacked, have been along with fellow beach boys getting U.S. assistance.

Has Toured 5 Continents

British Girl With Itchy Feet Visiting in Poland

WARSAW, Poland (AP) — hundreds of thousands of Peking Chinese staged huge demonstrations against the U.S.-Belgian paratroop drop on Stanleyville, Myers, 23.

"In North Viet Nam you have to ask for permission to do anything, even blow your nose — and the Viet Cong are winning the war. If the Americans withdraw, South Viet Nam will be taken over. If the Americans stay, there will be a long blood-bath."

Slow Train

The husky, brown-haired British girl arrived in Warsaw Tuesday night on a slow train from Leningrad. On her back Berlin.

"I'd like to try Africa before going home," she said.

Buffalo Family Is Named as Catholic

BUFFALO, N.Y. (AP) — A Buffalo area family of nine has been named Catholic Family of the Year for 1964.

The selection of the William R. Courtade family of suburban Buffalo to visit both sides of the Hamburg by the Family Life Viet Nam war as a tourist. Bureau of the National Catholic Welfare Conference was announced yesterday.

The Courtades, William, 44, and Eileen, 40, were among the founders of the Buffalo diocese's family life program 11 years ago. They also started the thing out of my luggage and Christian Family Movement in their parish and arranged for placement of 50 Latin-American visiting students in western New York homes during the past two years.

The Courtades have been married 19 years. Their children are William R., 17; Mary Ellen, 14; Daniel Joseph, 9; Eileen, 14; Daniel Joseph, 9; and Michael, 5, and Joseph, 2.

She said the imitations took place late in November, when

Famous Sapphire

Police Hope Accused Thief Will Find 'Star'

MIAMI, Fla. (AP) — Allan Dale Kuhn, 26, is in Miami in a reported attempt to lead police to the Star of India sapphire and 21 other jewels he and two others are accused of stealing.

The world's largest cut sapphire and the other gems — valued at \$410,000 — were taken Oct. 29 from the American Museum of Natural History in New York.

Kuhn flew here Tuesday from New York. Authorities were giving out no information but New York and Miami newspapers printed some details of the behind-the-scenes maneuvers today.

Break Tuesday

The crack in the case started late Tuesday when Kuhn reportedly told New York authorities he might be able to get his hands on the Star of India and the other jewels if he could get to Miami.

Kuhn is accused of the theft along with fellow beach boys Jack (Murphy the Surf) Murphy,

27, and Roger Frederick Clark, 29.

While Murphy and Clark remained in a New York jail under high bond, Kuhn was permitted to fly to Miami in the company of two detectives and a Manhattan assistant district attorney. He was said to be "under surveillance," but not in custody.

Operate Freely

Presumably, this was to permit Kuhn to operate freely in gaining recovery of the jewelry.

There were reports that Kuhn would be back in New York early today, but a check of airplanes failed to show him aboard.

He was spotted by newsmen Wednesday night at his fancy oceanfront apartment in Miami, accompanied by a man who said his name was "Charlie Smith" and who insisted he was not a detective. The two bolted from Kuhn's apartment out a fire door and disappeared.

"Not now, fellows," Kuhn said when reporters tried to question him.

In Trouble

A veteran Miami Beach police officer, who declined use of his name, commented on reports that the jewels would be recovered by today: "If he was in town all day and couldn't come up with anything, he's in trouble."

Kuhn, Murphy and Clark were arrested less than 30 hours after the museum theft. They have maintained their innocence.

Americans Advised To File Claims for Confiscated Property

MIAMI, Fla. (AP) — Americans whose property in Cuba was seized by Fidel Castro's regime are being advised to establish claims with the U.S. Foreign Claims Commission.

Estimates available here place their losses at \$1.5 billion, with 4,000 Americans involved.

The commission, winding up U.S. claims in Poland after having taken up those in other Communist countries, is turning to Cuba claims, said the office of Sen. George Smathers, D-Fla.

Cuban economists living in exile estimated total property confiscation by the Castro government at more than \$15 billion.

Greek Premier Has Threatened to Quit

ATHENS, Greece (AP) — Premier George Papandreu today was reported threatening to resign — possibly opening the way to new elections — because of reported opposition to his decision to bring a Socialist into the Cabinet.

Informants said 11 members of Parliament from Papandreu's Center Union party had sent a statement to the Parliament secretariat saying they would henceforth vote as independents, while remaining in the party.

Quiet About-Face

India Accepts U.S. Missiles

BY CONRAD FINK

NEW DELHI, India (AP) — In a startling about-face, India has quietly accepted the stationing of a U.S. submarine armed with Polaris nuclear missiles in Asian waters.

There have been a few worried comments about "escalation" of the U.S. confrontation with Communist China, but the general Indian reaction has been one of relief that the United States is bringing up the big guns.

Just eight months ago, India applauded loudly when the late Prime Minister Nehru rose in Parliament to "express regret" in biting sarcasm that American surface warships armed with nuclear weapons were "wandering about" the Indian Ocean.

China's Bomb

The change in outlook is a direct result of Communist China's explosion of an atomic bomb six months later.

Many Indians consider Communist China's nuclear debut a stunning propaganda defeat for their government in the battle for prestige among African and Asian nations. There is fear that Peking will attempt nuclear blackmail of India.

Unlike Nehru, Prime Minister Lal Bahadur Shastri has been looking for a nuclear umbrella for his 480 million countrymen. He has declared that India, for moral and economic reasons, could not build its own. He suggested that the Soviet Union and the United States supply the umbrella for all non-nuclear countries jointly.

Spurned Offer

Moscow silently spurned the offer. The United States, in effect, accepted by announcing its intent to announce a hearing of some kind — even if brief.

Some of the bills have gone through the legislative mill being fore and been tossed aside only to return again.

fault with Washington's move. The leftist newspaper Patriot, though dissatisfied with this extension of American influence, said: "The western Pacific will now be an American pond into which the power-crazy mandarins of Peking can no more look."

Some Indians see the move as an effort by President Johnson to lift the U.S.-China confrontation out of South Viet Nam.

Superior Power

There is speculation in New Delhi that Johnson would like to move away from man-to-man battles and rely instead on America's superior naval and air power to continue Chinese expansionism.

Top Indian officials see no

chance of the United States winning against the superior manpower of China and its satellites in ground battles.

Man Escapes Jail by Kicking Out Cell Wall

GREENVILLE, Tex. (AP) — Sheriff's officers said James W. Baxley, 26, kicked a hole in his cell wall and went five floors down a cable in an elevator shaft to escape the county jail Wednesday.

Police recaptured him a few hours later in Fort Worth, 90 miles southwest of here.

Baxley, from Sulphur Springs, Tex., was jailed Dec. 10 on a charge of assault to murder.

Big Variety of Bills Face New Congress as Doors Open

WASHINGTON (AP) — Congress barely opened its doors and the bills spilled in by the hundreds.

Measures to enhance "the nation's anadromous fish" swam side by side with those that would make daylight savings time mandatory, would direct the Navy to name its next cruiser the Brooklyn, would change the date of Memorial Day, would give veterans with wooden legs or arms a clothing allowance, would consider putting the nation on the metric system of weights and measures — and more. Many more.

Some Opposition

McClory introduced this one in the last session too. "Why it didn't get to a hearing I just don't know," he said. "There is some opposition among the large manufacturing companies. They are fearful they might have to retool."

He argued that if the metric system were adopted "it would be much easier to relate our technology with other parts of the world."

Some Hearing

No matter how odd sounding or what wrong the legislation is designed to right, each measure is important to someone and Day a legal holiday, and Rep. Richard Fulton, D-Tenn., is trying to arrange a three-day holiday every spring by changing the date of Memorial Day from May 31 to the last Monday in May.

Lesson in English

BY W. L. GORDON

Words Often Misused: Distinguish between INTELLIGENT (having keen mental perception) and INTELLIGIBLE (capable of being understood). Thus: "He is an intelligent person," and, "His explanation was intelligible."

Often Mispronounced: Demolition. Pronounce dee-moh-nigh-kal, principal accent on third syllable.

Often Misspelled: Bourgeois (persons of middle class); observe the five vowels.

Synonyms: Blemish (noun), flaw, defect, blemish, disfigurement, deformity, imperfection.

Today's word: PERIPHERY: circumference; perimeter; edge; outer limit. (Pro-nounce peh-rif-er-ee, accent second syllable). "We must operate within the periphery of good taste."

City Charges \$28,000 for Snow Removal

Appleton Levies on
Private Property
Owners Unchanged

Although Appleton experienced a mild winter in 1964, the city levied \$28,000 in assessments for private snow removal. It was learned this week.

Public Works Director Robert W. Bues made the disclosure to the board of public works when it met at the city hall and fixed the snow removal charges for the 1964-65 season.

Snow removal charges vary but were the same in effect last year.

City Charges

If the city is forced to shovel snow from sidewalks, it will be done at a charge of 8-cents per front foot walk. The charge is applicable whether the snow removal is requested or ordered because of the property owner's failure to remove it.

A new category was added this year, called class B, covering snow removal from private property when it is in the best interest of the city. There is no rate change.

Fund in Black

Appleton's snow removal fund of \$69,000 for 1963-64 ended in the black, according to Finance Director Donald E. Hassler, who said the exact surplus would not be determined until all bills are in.

However, it is expected the city will have a balance of at least \$30,000 to carry over from last season.

The council has budgeted \$30,000 for snow removal in the 1964-65 season.

Today in History

BY THE ASSOCIATED PRESS

Today is Thursday, Jan. 7, the seventh day of 1965. There are 358 days left in the year.

Today's highlight in history:

On this date in 1789, the first national election was held, presidential electors were chosen by the people in some states; in others by the legislatures. George Washington was unanimously named president by the electors on Feb. 4.

On this date

In 1800, Millard Fillmore, the 13th president, was born.

In 1927 long distance radio telephone service opened between New York and London.

In 1938, Joseph P. Kennedy was named ambassador to Great Britain.

In 1943, President Franklin D. Roosevelt delivered his State of the Union message to Congress.

In 1952, the worst fire in Atlantic City's history destroyed four hotels and two blocks of buildings on the boardwalk.

Ten years ago — The Defense Department announced that former Maj. Irving Peress had received an honorable discharge in 1954. Accused of Communist activities at Camp Kilmer, N.J., Peress became the subject of a nationwide controversy.

Five years ago — President Dwight D. Eisenhower predicted a prosperous year ahead in his State of the Union message.

One year ago — The second session of the 86th Congress opened with tax reduction and civil rights the top legislation before it.

1st English Lutheran Senior Choir Officers Are Elected for 1965

Mrs. Harvey Buntrock has been elected president of the senior choir of First English Lutheran Church to succeed Allen Bubolz. Gerald Borsche was elected vice president.

Other officers are Mrs. Edwin Kinnard, secretary and treasurer; Mrs. Wayne Witt, librarian, and Jack Heikkinen, chaplain.

With Robert Maves as assistant, Director of the senior choir is Dr. Edgar Turrentine of Lawrence University with Patricia Busch as the organist who joins the choir at rehearsals and serves as accompanist on Sunday morning.

Contract Bridge Class To Start Next Week at Appleton's YMCA

A new series of contract bridge classes will start next week at the Appleton YMCA.

A beginners' class will meet from 7:30 to 9:30 p.m. Mondays, an intermediate class from 8 to 10 p.m. Tuesdays and an intermediate class from 9 to 11 a.m. Wednesdays. The classes will meet for eight weeks.

Sitter service will be provided during the Wednesday morning class.

Mrs. Ray Montieth is the bridge instructor. Interested persons may register at the YMCA main desk.

Jingo Impressed With Globe Trotters' Show

Praises Arena Management for Bringing Great Variety of Entertainment to Area

BY JINGO The tremendous show last weekend again brought forth fully to mind the impact of the Brown County Memorial Arena. The structure just 30 miles from the center of the Fox Cities is a most versatile one, and the Arena management is doing a fine job in bringing top-flight entertainment to the area.

The show, of course, was the appearance of the magical Harlem Globe Trotters. Although there was some of the suspense and excitement of a game in doubt missing from the exhibition, the demonstration of consummate basketball skill made the show what the advanced notices promised.

Superb Performers In addition, the Globe Trotters staged an appearance of the Czechoslovakian State Folk dancing troupe with its superb dancers, fine musicians, and singers and wonderful folk costumes. Also on the program was the appearance of the World's greatest gymnast in an awe-inspiring demonstration of control and grace.

The combination was near-perfection and everyone had a wonderful time — something that has come to be expected at the Arena.

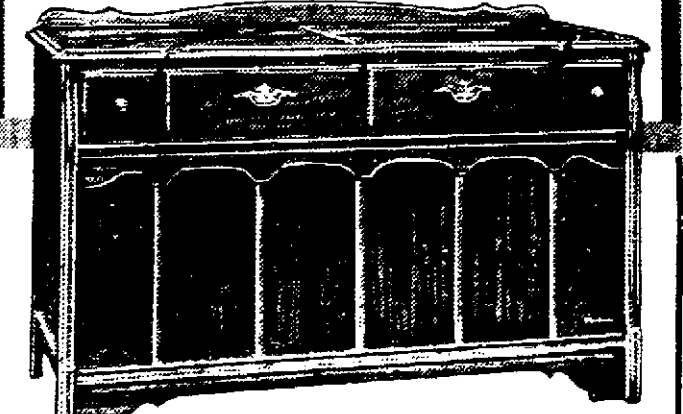

Variety seems to be the keynote to the entire Arena operation. The schedule of coming and in charge of the operation events emphasizes this variety. The huge structure in the near native of Sheboygan and the son future will house such diverse of the associate editor of the attractions as hockey games, Sheboygan Press. Watch-out prep and college basketball, CBS and NBC, ABC's got a real games, boxing shows, auto newsman on the job now.

Ford Fights For Scenes With Kids

BY TV SCOUT 8:30-9 (Channel 2)—The Baileys of Balboa is a must for Paul Ford fans, as it pits Ford against a pair of 5-year-old boys. He is caring for little Clint Howard for a week, but after a dispute with the "bandit" who teaches nursery school, Ford winds up with his own school, sort of a Captain Kangaroo's Ding-Dong Schoolhouse.

7-7:30 (Channel 11) — There are several good laughs on The Donna Reed Show, as Donna and Midge lunch out, only to have a good-looking man at the next table send a "Don't I know you?" note to Donna.

7:30-8 (Channel 11) — Steve takes over Bub's household chores on My Three Sons and learns the hard way that too much bleach is not good for clothes, that stoves and washing machines can have minds of their own, and that cooking for a hungry brood is not easy.

7:30-8:30 (Channel 4-5)—The beginning of Dr. Kildare may fool you into thinking you'll see a pleasant story of two over-40's about to become parents. But then the clouds gather—she has a problem which may not let her survive birth, and he has six months to a year to live.

8-8:30 (Channel 11)—The idea of Elizabeth Montgomery acting as an assistant to a magician is delightful, but the Bewitched script lets her down a bit. The magician's problem, aside from drink and fumble fingers, is his girl friend, who has walked out on him. Miss Montgomery gets mixed up with him during a hospital benefit.

8:30-9 (Channel 11)—Elliot finally returns to Peyton Place, but most of the action centers around Betty, who telephones from New York, and dear daddy George, whose breakdown appears about to break.

8:30-9 (Channel 4-5)—Pro golfer Tony Lema appears in Hazel in a fairly funny, although contrived, script. It concerns Hazel's efforts to get back his golf clubs, which she has lost by locking them in the trunk of a car exactly like Mr. B's. (Color)

9-10 (Channel 2)—The Defenders takes a frightening subject—child beating, and turns it into a tedious drama. In "Whipping Boy," Madlyn Rhue (who should get a haircut) is accused of the fatal beating of her 2½-year-old son. She claims the boy fell downstairs, and attorney Robert Reed believes her.

9-10 (Channel 4-5)—The star of The Perry Como Show welcomes Dean Martin. Carol Lawrence and impressionist Guy Marks. The show gives Martin a chance to plug his own NBC series set for next year by letting him get "tips" from Perry. (Color)

East German Guards Foil Escape Attempt

BERLIN (AP) — East German border guards fired at two persons Wednesday night and foiled their attempt to escape. West Berlin police said today.

The shooting occurred near the small town of Klein Machnow, on the southern outskirts of Berlin.

The police said the two men had reached the border barbed wire fences when the guards opened fire. It could not be observed if any of the refugees were hit.

California Man Has \$8,000 Car; Donor Is Unknown

NEWARK, Calif. (AP) — His namesake in Long Beach knew nothing about the car. He phoned the shipping agents who had advised him the luxury vehicle was on its way, aboard the freighter Marie G. Georgalsugar worker is mystified by his apparent good fortune.

It began a week ago. Weaver opened a letter and found a bill of lading inside for the car. He telephoned Long Beach, Calif., where he had lived previously and where he knew another Thomas Weaver lives.

The answer was the same: "You have the bill of lading. It's not our car. It's your car." "Darn right. I'd like to have it," Weaver said in a telephone interview. "But I can't afford to pay the shipping cost newspapers."

and the insurance might run too high."

The young father of two, recently discharged from the Navy, is certain he didn't purchase the car.

"But it could have been my mother-in-law. She put our family's name in a drawing, and doesn't remember when or where or for what."

If he does get to keep the car, Weaver said, he'll sell it to pay bills.

He confessed he was tempted to remain quiet about the whole thing and accept the gift graciously. "But," he said, "my wife and I can't go off. She went and called the

AHS Tangles With Ships; Hawks Face Pair of Foes

Terrors Eye 6th League Triumph

VALLEY CONFERENCE

	W	L
Appleton	5	1
Manitowoc	5	1
Oshkosh	4	2
Sheboygan North	3	2
Green Bay West	3	2
Green Bay East	3	3
Fond du Lac	2	5
Sheboygan South	2	5
Green Bay SW	0	6

BY JOHN L. PAUSTIAN
Post-Crescent Sports Editor

If basketball were to follow football's feverish bowl trend, Friday night's Appleton-at-Manitowoc clash would have to be designated the Suspense Bowl.

The Terror-Ship series, which has become the Fox River Valley Conference's classic feud, has been replete with dramatic, title-flavored games in the last decade.

AHS' defending champion Terrors take their 1964-5 title aspirations and current 5-1 league record into the huge John F. Kennedy Fieldhouse to meet Manitowoc, the rallyingest team in the circuit, which also owns a 5-1 standard.

The setting is almost identical to that of 11 months ago when the 1963-4 Terrors and the Ships faced the opening tip-off in Manitowoc with 10-1 records.

AHS fans wonder if the similarity will continue through the scheduled 32 minutes of playing time. Last year, the Terrors emerged with a tense, 61-58 victory, to complete their first season's sweep over the Ships in eight years.

Key Game

Another standing-room (perhaps turn-away) crowd of 4,000 to 5,000 is anticipated for the key game of the FRVC's first round. Ticket sales at the fieldhouse box office will start at 6 p.m. Friday.

Contenders on three other fronts will attempt to stay within striking distance of the Manty-AHS winner Friday.

Third-place Oshkosh plays at Green Bay East in a game vital to both strong teams' chances.

Green Bay West, a definite titular factor, plays at Sheboy-

Lions' Official Denies Report On Grandelius

Detroit GM Says Head Coaching Post Still Not Settled

DETROIT (AP) — A Detroit Lions' spokesman has denied a published report that Sonny Grandelius, recently fired as an assistant coach, would be named head coach of the professional football team next Sunday.

Edwin Anderson, general manager of the Lions, said Grandelius is being considered for the post.

"But he's not the No. 1 candidate," Anderson told the Associated Press.

"He will be given every consideration — but the chances are someone else will get it."

In Hollywood, Fla., where he is vacationing, Grandelius also expressed surprise over the report published in the Detroit News. He said no one had talked to him about the head coaching job with the National Football League team.

"This is the first I've heard about it," he commented, adding that he would take the job if it were offered.

Anderson said no Sunday announcement was planned "at the moment."

But he said a successor to former coach George Wilson probably would be named within a week.

Wilson resigned last month shortly after all five assistant Lions coaches were fired.

Grandelius was an assistant coach with the NFL Philadelphia Eagles before joining the Lions.

He was fired as a coach by the University of Colorado in 1962 in a dispute over illegal recruiting practices.

Lawrence University's basketball team has a chance not only to be a spoiler this week but to do its first division aspirations an infinite amount of good.

The Vikes play host to Coe and Beloit—two of the Midwest Conference's best—this weekend. They entertain the Kohawks, lone unbeaten MC quintet, at 7:30 p.m. Friday and meet state rival Beloit at 7:30 p.m. Saturday. (The game against the Bucs had originally been slated as a matinee).

Lawrence fans will watch and Vike defenders will work against two of the MC's premier shot-makers. Beloit's Bob Rudolph leads the conference, with a 28-point average. Coe's Skip Swan, who scored a total of 50 points in a pair of wins over Browns' quarterback, Frank Lawrence last year, is averaging 19.5 in star struggle in Memorial Coliseum.

Scoring Threats

The Clyde Rusk-coached Vikes boast a brace of top scoring threats of their own in Tom Steinmetz and Earl Hoover. Steinmetz is averaging 19.5 in conference play, while Hoover is scoring at a 16-point MC clip.

Hoover and Gordon Bond are the only seniors among the Vikes' six most-used players. Steinmetz and Rick Kroos are juniors, while Dick Schultz and Mike O'Fallon are sophomores. Schultz has been the club's most accurate floor marksman to date, hitting 54 per cent of his attempts.

Beloit, too, features a young

Representatives Pass Bill Censuring 4 AFL, NFL Signings

OKLAHOMA CITY (AP) — The Oklahoma House of Representatives passed unanimously Wednesday a resolution censuring the American and National Football Leagues for signing a no-cut contract, he can quit as soon as his contract runs out, for pro contracts before last week's Gator Bowl game.

Commissioners of both years with Green Bay, was re-leagues will receive copies of ferring to the fat bonuses being handed out this year to the resolution.

Four Oklahoma players, who young college stars for signing signed pro contracts prior to the pro contracts. The contract most talked game were ruled ineligible to play. Oklahoma lost the game to about, is the some \$300,000 put out by the New York Jets to

Cavaliers, Chuters Next For Xavier

VALLEY CATHOLIC CONFERENCE

	W	L
Xavier	6	0
Lourdes	4	1
Pennings	4	2
St. Mary	3	2
Marquette	3	4
St. John	2	3
Premontre	0	5
Springs	0	6

BY JIM HARP
Post-Crescent Staff Writer

Undefeated Xavier High School and runnerup Lourdes of Oshkosh will be out to beef-up their Fox Valley Catholic Conference records this weekend when both teams tangle with second division clubs in a double round of action.

Xavier, which has swept through six league tilts and a similar number of non-conference games unscathed, meets Marinette Central at Marinette Friday night and comes back home to entertain Little Chute St. John in a 7 p.m. Sunday fray.

Lourdes, with a 4-1 league mark, will be at Green Bay Premontre Friday night and plays host to Marinette Sunday. Other Friday night clashes will have St. John at Abbot Pennings and Menasha St. Mary at St. Mary Springs. Fond du Lac Sunday's other games have Premontre at Springs and Pennings at St. Mary Menasha.

Convincing Victory

The Hawks will be out for their second win of the season over the Cavaliers of Marinette. In the first conference game of the campaign Xavier scored a convincing 83-49 victory over Coach Marty Crowe's quintet. Since that contest, Marinette has won three and lost three to other loop foes for a current 3-4 mark. This will be the Cavaliers' first game since a pre-Christmas loss to Abbot Pennings. Marinette did not see action through the holidays.

When the Hawks entertain the Dutchmen of St. John Sunday night it will be the first meeting of the season between the two clubs. Coach Bill Fitzpatrick's Chuters have blown hot and cold while posting a 2-3 league slate going into the weekend action.

In non-conference play St. John has tripped Oconto Falls twice.

Hanner Sounds Off

Bonus Stars Won't Pay Price for Grid Stardom

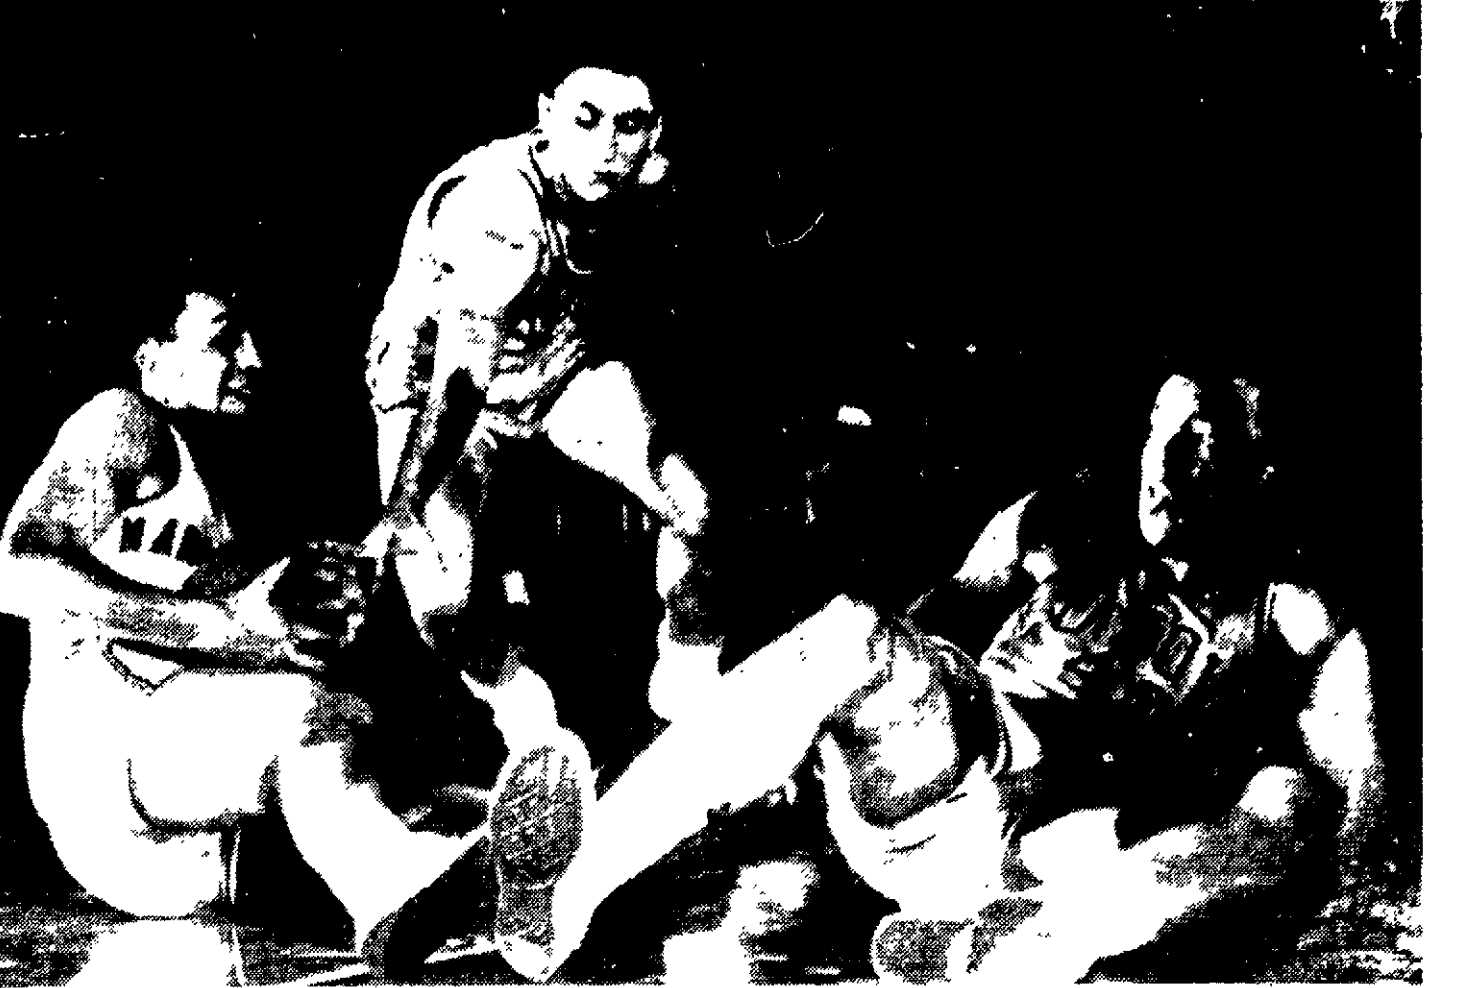

WEST MEMPHIS, Ark. (AP) — Dave (Hawg) Hanner, veteran Alabama quarterback Joe Namath into the fold.

Green Bay Packer tackle, says "I saw Namath play in the Orange Bowl against Texas." he doesn't believe today's well-heeled young bonus stars will be willing to "pay the price" to be but he will have to make a big come outstanding professional improvement to look that good in the pros.

"You can't blame the boys for taking the money but when you pay that much for a player, you have to play him, and if he going."

Hanner, who has spent 13 years with Green Bay, was re-leagues will receive copies of ferring to the fat bonuses being handed out this year to the resolution.

Four Oklahoma players, who young college stars for signing signed pro contracts prior to the pro contracts. The contract most talked game were ruled ineligible to play. Oklahoma lost the game to about, is the some \$300,000 put out by the New York Jets to

Marquette's Roger Buxton, left, clutches the basketball as he tries to avoid Loyola's Eddie Manzke, center, and Cletus Edmonds at Milwaukee Wednesday night.

A jump ball resulted from the scramble. The Warriors won, 71-69, in overtime. (AP Wirephoto)

'No Truth to It,' Lombardi Says of Hornung Trade Talk

Paul 'Perfectly Happy in Green Bay,' Wants to Stay

BY ART DALEY
Post-Crescent News Service

GREEN BAY — It wouldn't be much of an off-season if the trade-Hornung rumors didn't fly.

But they came early this time. . . in fact, before the 1964 campaign was over.

One day after practice in Miami last week, Paul Hornung, Bart Starr and yours truly drove back to the Packers' hotel in Miami Beach with Packer publicist Tom Miller. . . and Paul was getting quite a chuckle out of "the stories that they're going to trade me."

Being quite a ham, Hornung painted himself as a New Yorker sitting "up there on Fifth Avenue." It was all good clean fun and, if you want a trip shortened, just invite Hornung along. . . he makes you forget your troubles.

Want to Be Traded

When the fun settled down and a stop sign approached, Paul was asked: Do you want to be traded?

"Hell, no, I don't want to be traded," Hornung emphasized with a couple of negatives.

And that ended the fun, but Hornung's real feeling toward the Packers came out automatically.

This guy wants to play his football in Green Bay. . . and, incidentally, under Coach Vince Lombardi who made him into a star.

That brings us up to yesterday when Charley Feeney wrote in the Journal-American that Hornung is finished with the Packers and may be traded to the Giants. He also reported that Lombardi and Hornung reached the breaking point in Miami last week when Hornung reportedly was late for a team meeting. He reportedly phoned Vince to apologize and was told: "Get in your car and keep going."

No Truth To It

Asked about Feeney's report, Lombardi said today "There's no truth to it" and for emphasis he added, "It's a lie."

Vince has always said and he reiterated this today that he National Football League's top would make any trade if he linemen, lives here in the off thought it would help the team. He played college football, but he also noted that if he desired a trade he would initiate it himself.

Warriors Edge Loyola, 71-69, In Overtime

Rocke Calvelli's Last-Second Shot Decides Outcome

MILWAUKEE (AP) — Marquette's inexperienced Warriors are far from a polished basketball unit, but they're winning new fans with their spirited fight even when things look hopeless.

The Warriors refused to quit under pressure after their top rebounder, Paul Carbins, fouled out early in the second half and battled to a 71-69 victory over Loyola of Chicago Wednesday night in an overtime thriller before a crowd of 5,170 at the Arena.

In a game filled with floor errors by both teams, it seemed only just that the Warriors pull out the triumph on a mixed up play. Rocke Calvelli sinking a jump shot from the key a split second before the gun sounded ending the extra period.

With the score tied 69-69 and 10 seconds remaining, Marquette called time out and sent in senior Joe Mimitz to try for the final shot. Mimitz fumbled the pass to him in the corner, but managed to shovel the ball

Friday's Games

Philadelphia vs. Cincinnati at Dayton	Ohio
Boston at San Francisco	New York at St. Louis

BY THE ASSOCIATED PRESS

Boston and San Francisco maintained their streaks, but Baltimore's Bailey Howell couldn't keep his going.

The Celtics trounced St. Louis 138-106 for their ninth straight National Basketball Association Wednesday night while San Francisco suffered its 10th consecutive defeat 121-102 at the hands of Philadelphia.

Howell, though, failed to gain an NBA record for consecutive field goals made as the Bullets downed Detroit 129-121. In the other game Cincinnati stopped New York 116-102.

Howell had connected on 15 straight field goals going into the game. Wilt Chamberlain holds the record of 19. The first shot the Bullets' ace tried, however, was blocked. Still, he went on to put in 10 of 17 tries and led all scorers with 28 points.

The victory moved the Bullets to within one game of second-place St. Louis in the Western division. Howell helped Baltimore pull away from the Pistons in the last quarter with two quick baskets at the start of the period.

Second String

Coach Red Auerbach used his second stringers for more than half of Boston's 16th victory in 17 games, but St. Louis never got closer than 23 points in the second half. Rookies Ron Bonham, with 19 points, and Mel Counts, with 18, topped the Celtics' scorers.

Bob Pettit, coaching the Hawks in the absence of the flu-ridden Richie Guerin, was held to six points, one of the lowest outputs in his career.

The Warriors continued along their hapless path, falling before the 76ers' 46-point outburst in the fourth quarter. Johnny Kerr scored 13 points and Larry Costello 10 as Philadelphia pulled away from a three-point

Howard Ertl Leads Couples Loop With 589

Howard Ertl cracked a 589 series to top men leggers in the Rainbow Couples League at the 41 Bowl in latest action.

Top scores in the Card Couples League at Sabre Lanes included a 211 game by Jeanie Armstrong and a 518 series by Bernice Albrecht.

RAINBOW COUPLES LEAGUE

Irene Rondou, 194; Joan Haertl, 190; Harold Nelson, 385.

CARD COUPLES LEAGUE

Myrna Schoenhaar, 203 and 614; Shirley Schilhabel, 201.

Broncos Sign Pair From Superior State

DENVER (AP)—The signing of two linebacks from Superior State University was announced Wednesday by the Denver Broncos of the American Football League. They are Lance Royer, 23, 6-1 and 235 pounds and Jerry St. Catherine, 24, 6-1 and 215. Both were free agents.

lead at the end of three quarters.

The Warriors, who are lodged in last place in the west, haven't won since Dec. 18 when they defeated the 76ers. The Celtics, on the other hand, haven't lost since Dec. 17.

Cincinnati nearly blew a big lead built in the first quarter. The Knicks tied the game 89-89 early in the fourth quarter on Len Chappell's push shot, but the Royals whipped in 10 points in the next couple of minutes while holding New York to two.

Oscar Robertson sparked the Royals with 28 points, 20 rebounds and 16 assists.

Hawks Meet Marinette And St. John

CONTINUED FROM PAGE 1

also defeated Fox Valley Lutheran and bowed to Kimberly.

The Chuters kept busy over the holidays by participating in the Lourdes tournament where they lost to both Lourdes and St. Mary Menasha.

Has High Hopes

Lourdes still has high hopes of catching the streaking Hawks, but the Knights cannot afford to stumble along the way before they meet up with Xavier again.

Lourdes currently is averaging 60 points per game while foes have scored 53.6 per tilt.

Strong-point of the Lourdes attack is balanced scoring as Mike Murphy, Greg Graber and Steve Schumeth all are averaging 10 points per game.

St. Mary Menasha and Pennings also are nursing title hopes, banking on Xavier stumbling somewhere along the way.

Pennings had a 4-2 record and must get by St. John Friday to set the stage for the clash with St. Mary's Sunday. The Zephyrs will be favored to defeat Springs Friday night.

Scoring Honors

There is a nip and tuck battle going on for league scoring honors. Tom Rankin, of Xavier and Mike Heroux, of St. Mary, are tied for the lead as each is averaging 22.8 per game. Rankin has scored 137 points in six games while Heroux has 114 points in five contests.

Defending conference scoring champion, Bruce Hammen, of St. John, is third with 96 points in five games for an average of 19 per tilt. Big Jan Roland, of Marinette, ranks fourth with an average of 18.7 on 131 points in seven games.

Xavier leads the league with a scoring average of just over 79 points per game while holding foes to 44.8.

Xavier Frosh '5' Triumphs, 48-21, Over Shawano

The unbeaten Xavier High School freshman basketball team scored its fifth straight win Tuesday by downing Shawano's frosh, 48-21.

Xavier's Pat Fitzgerald scored 25 points. The next start for Xavier's frosh will be at Marinette Central Friday evening.

Palmer Among Entrants in LA Open Golf Field

Nicklaus, Player Only Big Names Not in Tournament

LOS ANGELES (AP) — Professional golfers kick off the richest winter tournament circuit in history Friday, with Arnold Palmer and virtually all the other big name players teeing off in the first round of the \$75,000 Los Angeles Open.

A small army of pros and amateur partners were set for today's pro-am prelude for the \$5,000 pocket-money included in the largest purse in the tournament's history.

The setting, as it has been since 1956, is the Rancho municipal course, 7,131 yards in length, par 36-35 — 71.

The pros, few of whom ever offer public antipathy of a testing ground, generally refer to it as "not a bad course."

Two star players will not compete in this 39th annual tournament, Jack Nicklaus, the leading money winner in 1964, and South Africa's Gary Player. Nicklaus usually joins the tour in the Bing Crosby pro-am later in the month and Player is limiting his United States appearances this year to many fewer than usual.

Won in 1959

On hand, however, is U.S. Open champion Ken Venturi. The young Californian won the Los Angeles Open in 1959 and went into something of an eclipse until he scored his great comeback in 1963.

Also present, and of course highly regarded, are British Open champion Tony Lama and the American PGA king, Bob Nichols.

The defending champion, Paul Harney, is also back. Harney plays little tournament golf these days, concentrating on his club duties at Sacramento.

Harney had rounds of 71-72-66-71-280 to win out last year, with Nichols second at 281. Palmer, Bob Goalby, Dow Finsterwald and Al Geiberger tied at 282.

The 72-hole tournament is scheduled to end Monday.

Candy Neuman Wins Event in State Meet

The Appleton YMCA swim team placed seventh in the state meet held at Milwaukee Nicolet last weekend.

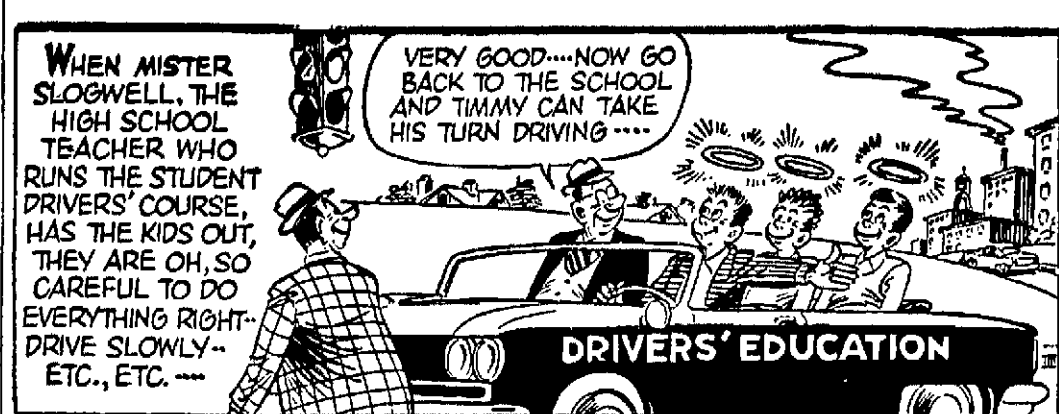

The Menomonee Falls Swim Club scored 151 points to win team honors while the Oshkosh YMCA was runnerup with 99 1/2 points. The Appleton team total was 40 1/2.

Candy Neuman was the top individual point-getter for the Appleton team. She was the lone local swimmer to pick up a first place as she won the open division 100-yard breaststroke with a record time of 1:21.4. She also placed third in the butterfly and fifth in the freestyle.

Other top finishers for the Appleton team included Barb Pawlowski, third, 50-yard freestyle, 10-under; Brian Jayne, fourth, 50-yard backstroke, 10-under; Chris Brocktrup, tie for third, breaststroke, girls 11-12; George Behnke, fifth, backstroke, 11-12 boys; Tom Fucik, third, freestyle and fourth, backstroke, 13-14 boys; and Germaine Herrbold, third, 100-yard freestyle, girls open division.

The 400-yard freestyle relay team composed of Candy Neuman, Van Newstrom, Christine Patterson and Germaine Herrbold finished second in the girls open division. In the 10-under class the 200-yard freestyle relay team of Patty Patterson, Sandra Kohl, Barbara Makowski and Barb Pawlowski, finished second.

Films Convince Prothro Michigan Greatest Team

CORVALLIS, Ore. (AP) — Coach Tommy Prothro of Oregon State said Wednesday a study of the Rose Bowl game films convinces him that Michigan is the greatest football team he has ever seen.

Michigan defeated Oregon State 34-7 in the game.

"We had some bad luck and we had some bad lapses, but we had some of those all year and managed to recover," said Prothro.

"This time our opponent was just plainly superior. I don't know if we played better all year, but I don't think so. If we played that well in every game, no one else would have beaten us."

"The pictures are really interesting. There were times when our players blasted Michigan players at full speed and only wound up flat on their backs." Van Wychen J. 1 0 1: Kieffer 0 0 1: Van Wychen P. 2 0 0. Totals 15-10-12. (10 7 13 10-40)

Beloit, 79-78, behind Hoover's 23 points and Steinmetz' 22. The Bucks won the return game, 95-81.

The Vikes dropped 97-72 and 99-94 decisions to Coe last season.

The Kohawks, with a 2-0 league record, are 5-1 overall.

The 6-4 Swan finished fifth in league scoring last season and was picked on the second all-conference team. Other returning Coe lettermen are 6-3 Larry Shryock, 6-0 Gary Schlarbaum, 5-10 Mike Collis and 6-0 Dennis Pietrak.

Defending champion Ripon faces the same two foes this weekend — in reverse order from the Vikes. Cornell and Grinnell make the trek to Northfield, Minn., to meet St. Olaf and Carleton. Saturday. Monmouth plays at Knox.

At 5:30 p.m. Saturday in Alexander Gym, the strong Lawrence freshman team, coached by Gil Frank, meets Beloit's frosh. Menasha's Mark Pawlowski is expected to start for the Dick Teteak-coached visitors.

Bob Masiak Tops Teen Pin League With 205

KAUKAUNA — Bob Masiak rolled a 205 singleton, and Dennis Jansen hit a 2-game set of 372 to top the Recreation Boys Ten League at Bowling Bar. Other high scores were hit by Mike Hooyman, 191; Dennis Bloy 188; 24-16 in FVL's favor at half. Dennis Jansen, 188; Quint Van-den Heuvel, 187; Dan Wierschke, 186; Den Hilgenberg, 186; Al Keberlein, 180 and Don Hoffman, 180.

In Girl Teen action, Linda Fritz hit a 168 game, and Nancy Shaefer a 2-game set of 294. Jonn Kiffe hit a 164 game.

In Beginning Teen action, Dave Balck hit a 171 and 366. Other high counts were hit by: Milton, 166, and Steve Mereness, 165.

Thursday, Jan. 7, 1965 The Post-Crescent 02

Includes 267 Singleton

Norm Beyer Posts 656 Set in Veterans Loop

Norm Beyer cracked a hefty 656 trio to set the pace in the Veterans League at the 41 Bowl Wednesday night. Beyer's threesome also included a 225 solo.

Dick Fellner's 599 aggregate highlighted action in the Fraternal League while Dick Boya mustered top honors in the Fox Valley circuit with a 598. Roger Blaes topped the Merchants League with a 225 and 596. Boya's effort included a 238 single.

VETERANS LEAGUE

Byron St. Louis, 581; Wilmer Wagner, 565; DeLyle Olson, 565; Dick Prasher, 563; Jim Braun, 558 and Gus Steffens, 226 and 555.

FRATERNAL LEAGUE

Mendy Zussman, 581; Don Beyer, 579; Oscar Schirm, 236 and 572; Ken Theis, 569; Don Tremel, 565; Bill Wenzel, 564; Dick Van Sistine, 555 and Bob Maves, 554.

FOX VALLEY LEAGUE

Larry Lenz, 570.

MERCHANTS LEAGUE

Jack Stingle, 580; "Doc" Glaser, 235 and 571; John Borree, 233 and 565; John Warnermeunde, 558; Kaye Kruse, 555; Fritz Frieders, 244 and 554; Ed Schultz, 550 and John Hennessy, 236.

12 CORNERS AMERICAN

Richard Procknow, 234 and 593.

UNIVERSAL LEAGUE

Lefty Versteegen, 574; Maynard Kumschke, 562; John Kennedy, 231 and 557 and Harry Edwards, 230.

FOX VALLEY CLASSIC AT LAKEROAD

William Berndt, 624; Harvey Pues, 246 and 619; Claude

Marvis Buboltz Posts 559 Set

Joanne Burt Tops Lucky Strike Loop With 204 and 536

Marvis Buboltz fashioned a 559 series, including a booming 231 singleton, to highlight action in the Hit and Miss League at the 41 Bowl. The 559 aggregate also included a 192 solo.

Joanne Burt's 204 and 536 series were the lone honor scores in the Lucky Strike League at the 41 Bowl.

HIT AND MISS LEAGUE

Dolores Van Bakel, 193 and 624 and Marilyn Ossian, 192.

ELKS LADIES 337

Hazel Norman, 200 and 527.

Morton-Rhyme Duel
Feature of Hula Bowl

Two Quarterbacks
Both Property of
Dallas Cowboys

HONOLULU (AP) — A passing duel between Craig Morton and Jerry Rhyme is expected to highlight Honolulu's 19th annual Hula Bowl football game Friday night.

Morton, of the University of California, will start at quarterback for the South All-Stars, while Tulsa's all-time passing great, Rhyme, will share the signal calling duties for the North with Bob Berry of Oregon.

"I can't figure how they put Tulsa in the North," Rhyme said, "but I'm looking forward to playing against Morton."

Rhyme was switched from the South stars to the North two weeks ago to set up the battle between two of the nation's top passers.

The two quarterbacks have both signed with the Dallas Cowboys of the National Football League.

Morton has an explosive backfield behind him with Gale Sayers of Kansas at halfback. Larry Elkins of Baylor at the flanker spot and either Harold Philippi of Texas or Jim Grisham of Oklahoma at fullback.

Status Not Announced
The status of Grisham and Sooner tackle Ralph Neely for the Hula Bowl has not been announced.

Both players had invitations to the All-Star game revoked last weekend when it was learned they had been dropped from Oklahoma's Gator Bowl squad for signing pro contracts. Grisham and Neely later were told they could come here and both worked out with the South Wednesday afternoon. Coach Frank Broyles of Arkansas had

no comment when asked if they would play Friday night. The North will start either Rhyme or Berry at quarterback, Kent McCloughan of Nebraska at halfback, Junior Coffey of Washington at fullback and Jim Jones of Wisconsin at flanker.

Washington State running star Clarence Williams has been working at defensive back but will be available for duty on offense if needed by North coaches Wayne Hardin and Len Casanova.

Both squads sharpened their passing attacks Wednesday afternoon after visiting the Arizona Memorial at Pearl Harbor on a morning sightseeing tour.

AHS Tangles
With Manty
Friday Night

CONTINUED FROM PAGE 1

gan South Surprising Sheboygan North will visit struggling Green Bay Southwest.

Manitowoc and AHS, ranked first and third, respectively, in pre-season estimates, have passed every FRVC test except their visits to Sheboygan South shocked Manty, while North surprised the Terrers.

The Ships owe their lofty status to their potent comebacking talent. In three of their five wins, they came back from the brink of defeat. Manty's most notable rally came in its latest outing — against Fond du Lac. Behind by 13 points (68-55) at the start of the last quarter, the Ships sank 14 of 17 floor shots to outscore Fondy, 34-17, and pull out an 89-85 win.

Previously, Manty had overcome an 8-point deficit in the fourth period to beat Oshkosh and had rallied in the last 35 seconds to edge West.

In non-league play, the Ships lost to Menasha but defeated Two Rivers. Manty also lost to a Ship alumni team but had to play without Bob Sullivan.

Erase 9-Point Deficit
The Terrers haven't been averse to using the come-from-behind formula themselves. They erased a 9-point halftime deficit against West and came from an 8-0 disadvantage in the Oshkosh game.

AHS again is showing up strong defensively, a hallmark of Dick Emanuel — coached teams The Terrers, who were at their shot-blocking best in the recent Oshkosh game, have allowed only 55.3 points per league game. Manitowoc, on the other hand has yielded an average of 66. Offensively, the Ships have the edge, 80 to 75.8.

Manitowoc features two players with better scoring averages than any Terrers, but AHS has superior team balance. Manty's Jim Chermak, a 6-foot guard, is averaging 21.8 points. The 6-4 Sullivan, an all-state choice last year, is averaging 18.7 in league play. The 6-6 Bill Swartz is next with 13.8.

Bruce Miller leads the Terrers with a 15.5 average for conference play. Next are John Mummie, 14.3. Neil Weber, 12.2; and Bob Ness, 11.3. Mark Tepper just missed the double-figure category, with 9.5.

Other expected Manty starters are 6-3 Greg Smith and 5-11 Jack Ploederl.

Emanuel has a 2-0 coaching record against Manitowoc's Jim Dietrich but is down, 16-6, in over-all play against Ship teams.

In last year's first meeting, Manitowoc held a 53-52 lead early in the fourth quarter. Then, the Terrers scored 15 straight points to pave the way for a 75-63 win. Miller hit 19 points for AHS, and Sullivan was held to 13.

In the return game, Sullivan scored 23 and Miller hit 14.

Top Catches Entered in the fish-o-ree sponsored by the Tustin Volunteer Fire Department Sunday at Lake Poeyan included this 5-pound 2-ounce walleye held by Roch Wentzel, son of Mr. and Mrs. Howard Wentzel, route 2, Fremont, left, and this 13-pound 6-ounce northern displayed by Larry Behm, son of Mr. and Mrs. Alfred Behm, star route, Weyauwega. (Virginia Schmidt Photo)

Over 1,000 Anglers Attend
5-Pound 2-Ounce Walleye
Wins Fish-o-Ree at Tustin

TUSTIN—Over 1,000 fishermen attended the annual Fish-o-ree held at Lake Poeyan last Sunday which was sponsored by the volunteer fire department here.

Top walleye entered in the contest was a 5-pound 2-ounce fish caught by Howard Wentzel, route 2, Fremont and the first prize northern was a 13-pound 6-ounce lunker caught by Alfred Behm, star route, Weyauwega. Grand prize of an outboard

Warriors
Edge Loyola

CONTINUED FROM PAGE 1

to Calvelli. Then the senior from Racine coolly let loose with the decisive jumper.

Mobbed by Mates
Calvelli, who scored only four other points, was mobbed by his teammates and fans for the shot which snapped a three-game Marquette losing streak and boosted the Warriors to their first triumph over Loyola since the 1961-62 season.

Controlling the boards and capitalizing on Loyola turnovers, Marquette stung the Ramblers by surging to a 33-28 halftime lead. However, Loyola got rolling after the intermission. Carbins, who had 12 points and 13 rebounds, fouled out after five minutes and Loyola stormed to an eight point lead, 59-51, at the 12:30 mark.

Tom Flynn, the Warriors' 6-foot-5 junior captain, then rallied his mates. Flynn scored his team's last 10 points, including a 25-footer, as Marquette fought to a 66-66 standoff at the end of regulation play. Flynn managed his heroics while saddled with four fouls in the final 13 minutes.

Wolf Added 8
Flynn topped the Marquette scorers with 22 points, while sophomore Bob Wolf contributed 18, including two vital free throws in overtime, before fouling out. Their efforts offset a 29-point explosion by Loyola's Jim Coleman.

In posting their fourth victory in 11 outings, Marquette needs only one more triumph to equal last year's output. Loyola has a 7-5 mark, including an 83-71

Hull Records
33rd Goal but
Chicago Loses

Coach Calls Bobby
'Greatest Player'
After 3-1 Loss

CHICAGO (AP) — Coach Billy Reay of the Chicago Black Hawks says Bobby Hull "is the greatest hockey player I've seen."

The Blaster has been receiving feathers in his cap all season. He scored another goal Wednesday night — his 33rd in a record-breaking pace. But the Hawks lost 3-1 to the Toronto Maple Leafs.

"In my time, I played against

Maurice Richard and Gordie Howe, and I say Bobby is better right than anyone else — skating, scoring, shooting and thinking. "If he avoids injuries, he will break every record set by those two."

"He's got everything — strength, speed, color and stamina. He can outskate four guys. He's got size (195 pounds) and a shot that has been clocked at 118 miles per hour. He loves the game, and this season he has become a leader."

Total of 258
Hull now has a career total of 258 goals, matching a Hawk record held by Bill Mosienko.

"This is amazing," continued Reay. "Bobby is only 26 and just starting to reach his peak. Richard was an explosive scorer. He was a fanatic once he crossed that blue line and came in on the goal."

"But Richard wasn't as strong as Bobby. In his prime

Howe could do more things right than anyone else — skating, scoring, shooting and thinking.

"I think Bobby is a combination of Richard and Howe. He has the explosive potential of Richard and the strength and durability of Howe."

"He can skate faster and better than either one, and he shoots harder."

"Howe has more finesse than Richard had or Hull has now. But Bobby will acquire more finesse as he gets older. He's maturing fast. I believe he feels it's his responsibility to lead the club."

240 Fellowships Are Available for State's High School Teachers

Wisconsin public senior high school teachers and public school administrators are eligible for the 240 John Hay Fellowships to be awarded in the humanities for next summer.

About 170 teachers and 70 administrators from 40 states and the District of Columbia will be selected to attend summer institutes in the humanities to be held July 1 to 31 at Bennington College, Bennington, Vt.; Colorado College, Colorado Springs, Colo.; the University of Oregon, Eugene, Ore., and Williams College, Williamstown, Mass.

Candidates must have at least five years of high school teaching experience and should not be more than 55 years old.

Correspondence should be addressed to Charles R. Keller, director, John Hay Fellows Program, 9 Rockefeller Plaza, New York, N.Y. 10020. Applications will close on Feb. 15.

AHS Senior Named UW Representative

Miss Nancy McBrat, 17, a senior at Appleton High School, has been chosen by the University of Wisconsin to serve as UW Summer Sessions High School Representative during the 1964-65 school year.

Miss McBrat, daughter of Mr. and Mrs. Charles McBrat, 2701 N. Viola St., supplies her classmates with information about the university's summer programs, sets up bulletin boards and displays, distributes folders and brochures and appears before school and civic groups.

She is part of a statewide team of high school juniors and seniors who are promoting college education.

LEGAL NOTICES

STATE OF WISCONSIN, OUTAGAMIE COUNTY COURT—IN PROBATE

ORDER APPOINTING TIME TO PROVE WILL AND HEIRSHIP AND NOTICE TO CREDITORS

In the Matter of the Estate of MABEL ROSE TIFTZ, Deceased

A petition having been filed, representing that Mabel Rose Tiftz, late of the city of Appleton, Outagamie County, Wisconsin, died testate, and praying that the Last Will and Testament of deceased dated September 14, 1961 be admitted to probate, and that Letters Testamentary be granted, and for determination and adjudication of heirship.

IT IS ORDERED

That said petition be heard, at a term of Court at the Court House in the City of Appleton, County of Outagamie, State of Wisconsin, commencing on the 19th day of January 1965, at the opening of Court on that day or as soon thereafter as said petition can be heard.

That the time within which creditors of the deceased shall present claims against such estate for examination and allowance is hereby fixed and limited up to and including the 29th day of March, 1965.

That all claims against the deceased be examined and adjusted by the Court on the 30th day of March, 1965, at the opening of Court on that day, or as soon thereafter as the matter can be heard.

Dated December 16, 1964

By the Court,
STANLEY A. STADL,
County Judge

Lawrence Says:
State of Union
Message Was
'Brainwashing'

Failed to Mention
Where Program
Seems in Trouble

BY DAVID LAWRENCE
WASHINGTON — President Johnson did something extraordinary on Monday night—he used all the television and radio networks to do a brainwashing job that not one of his predecessors had ever been able to accomplish in a single night.

Usually the first presidential address to a new congress is called a "State of the Union" message, and it is supposed to give a comprehensive explanation of what is going on in the government and what is being proposed by way of specific measures. Instead, Mr. Johnson decided to paint a picture of Utopia and to assure his listeners that they are moving rapidly on the road to that goal.

The technique which Mr. Johnson used was successful, as the overwhelming Democratic majority in congress applauded frequently and gave evidence that it will rubberstamp anything he suggests. The Republican minority was strangely anaesthetized, and not one of its leaders was heard subsequently on the television to tell the country what was wrong with the president's program. The old rule that both sides in a controversy are to be presented over television did not seem to be recognized, though one of the networks did try through commentators, talking for a few minutes, to tell the people that they really had not gotten the answers they might have thought they did.

President Johnson told his audience that he is seeking to establish "a harmony between man and society which will allow each of us to enlarge the meaning of his life and all of us to elevate the quality of our civilization."

The speech was in part a sort of soliloquy, indulged in by a man who had just won a big election victory and who felt it was not necessary to delve too deeply into the things that are going wrong, but only to emphasize the good things which he believes are in store some day.

Mr. Johnson's speech will get very little dissent from the public because it was so generalized. For example, he said: "Our nation was created to help strike away the chains of ignorance and misery and tyranny wherever they keep man less than God means him to be. We are moving toward that destiny, never more rapidly than we have moved in the last four years."

"In this period we have built a military power strong enough to meet any threat and destroy any adversary. And that superiority will continue to grow so long as this office is mine—and you sit on Capitol Hill."

"In this period no new nation has become communist, and the unity of the communist empire has begun to crumble."

"In this period we have resolved in friendship our disputes with our neighbors of the hemisphere, and joined in an alliance for progress toward economic growth and political democracy."

Test Ban Treaty
"In this period we have taken more steps toward peace—including the test ban treaty—than at any time since the cold war began."

But is it true that it is only in the last four years that the United States has built a military power strong enough to meet any threat and destroy any adversary? Many billions were spent by the American people for the defense establishment prior to 1961, but were they all in vain? Or will there soon be an admission again that the so-called "missile gap" of 1960 was a political fabrication? Is it true, moreover, that no new nation has become communist in the last four years? But when does a nation actually "become communist"? Sukarno's Indonesia and Nasser's Egypt now are openly taking the communist side, and certainly communist control of Cuba has been more firmly established since 1960. In Africa, countries like Ghana call themselves a "Marxist State," which is only a euphemism for communism.

Is it true that the United States has "resolved in friendship our disputes with our neighbors in the hemisphere"? Have disputes with Cuba actually been resolved? And is there a "friendship" between Fidel Castro's Cuba and the United States?

Demonstrations Multiply
Is the "cold war" being won? There are many evidences that it is being lost, particularly in Asia and Africa and South America as well as in the U. S. All over the world, demonstrations against United States embassies, legations and libraries have multiplied.

On the domestic side the President was also vague and abstract. He claims our price stability is "unequalled in the world." But is it? With the wage levels rising and prices being pushed up, it doesn't look like an era of stability.

The President touched on the crime wave only incidentally, and said the federal government would try to help local law enforcement officers. But this is not new, and the fact remains that the rate of crime is going higher and higher throughout the United States.

Not a word was spoken by the President about the fiscal situation, which is serious indeed, since the government does not balance its books but keeps on borrowing money to pay for tax reductions. Sooner or later, birds come home to roost, but not a hint of what may be in the offing could be gleaned from the President's message on Monday night.

State Summer
School Programs
Get \$151,570

MADISON (AP)—The State College board of regents office reported Wednesday that summer programs for state schools have been awarded National Science Foundation grants of \$151,570.

The system will use \$42,810 of the money to continue graduate

training in field biology for high school science teachers during the summer session at Pigeon Lake near Drummond.

River Falls State will receive \$41,520 to conduct two four-week courses in applied genetics and crop ecology. Another grant of \$37,300 will go to Superior State for a seven-week institute in physics. Eau Claire State will receive \$29,940 for a six-week institute in mathematics for elementary school teachers.

Pope Disturbed
By World, Men

VATICAN CITY (AP)—Pope Paul VI said today he is deeply disturbed about the present world situation. He urged "men and nations" to show greater respect for international law and human rights.

In a new peace appeal at an audience for diplomats accredited to the Vatican, the Roman

Catholic pontiff indicated special concern for conflicts involving the developing nations in Asia and Africa.

He named no specific countries, but his statement came against the background of trouble in the Congo, Viet Nam and the Indonesia-Malaysia area.

The Vatican, he said, "recognizes, approves and encourages the legitimate aspirations of peoples."

Steelworkers Chief
Seeks Job Security

PITTSBURGH (AP)—Total job security, organization of the non-organized and industrywide bargaining for members in steel fabricating plants are among the long range aims of David J. McDonald, United Steelworkers Union president.

McDonald, in announcing his new labor contract with the basic steel industry,

Wednesday night, called it open "geared to the 1960s, not the 1930s."

McDonald is opposed for his fourth, four-year term by USW Secretary-Treasurer I. W. Abel. The million-member union elects officers Feb. 9 and the current campaign is being carried on during negotiations for a new labor contract with the basic steel industry.

LEMBKE REALTY RE 4-1337

A Satisfied Customer REPEATS!!
Sterling Construction is now completing the second home for this family! Now on the quality market is the newest built home for the family you could ask for. Less than 3 years old with 3 bedrooms, living room, dining room, kitchen with custom oak cabinets, bath with shower and ceramic tile, Kohler fixtures, full basement, on 100' X 187' lot in Town of Grand Chute just West of Appleton. Suburban location yet convenient for schools and shopping. After 3 years and 3 children the "GOLDEN THROUGH" home proves that Sterling Construction pays off. See for yourself.

THE HEART OF JULIET JONES

HOW DO YOU KNOW EVES IN LOVE WITH ME, DEIRDRE?
I'VE KNOWN HER ALL MY LIFE, I CAN READ HER LIKE THE PROVERBIAL BOOK.
AND WHAT'S THAT—IS A BOLLING CRASH OF RUNAWAY CRUSH ON SHELL CONWAY?
IT IS—WHEN THE MAN MY BEST FRIEND LOVES HASN'T DELIVERED AN ANSWER TO HER, IT'S NOT ONLY—IT'S DASTARDLY!!

Some Heart Defects Can't be Corrected

ST. JOSEPH MOLNER, M.D. immediate medical examination, including X-ray and proscopie studies. This could be a born with a misplaced valve in time at which immediate treatment his heart. In the short years he men could save you from lived his general health seemed dangerous peril. good; however, specialists said. For younger people who are, nothing could be done for him falling or have fallen into the But I'd like your opinion. Have

Dr. Molner

you've seen or performed an operation for this condition? What do you suppose happened? No autopsy was performed. He just fell, and that was it. — MRS. R.B.C.

I'm not a heart surgeon, so I have watched but not performed heart operations. A good many, but not all heart defects can be corrected by surgery. Some types of operations are successful in as much as 99 per cent of the cases.

Yet in other types, risk remains extremely high, or there is no way of correcting the defect. I have to guess at what might be meant by a "misplaced valve," because this could signify various things.

I would infer that the defect was not correctible. Great as the achievements of heart surgery are, some defects remain beyond our powers to treat. They may be clearly diagnosed, and the heart may be able to function for some years, yet final and sometimes sudden failure of it may be inevitable.

In cases like yours, I can only express sorrow that you lost this little boy and regret that his problem was one that has not yet yielded to surgery.

Even though no autopsy was performed (much can be learned from such autopsies) it is probably that the doctors who examined your son can still give you a reasonably accurate explanation of how his heart must have failed.

Dear Dr. Molner: I am now 67 years old and all through the years I have needed help in elimination. I have used mineral oil, milk of magnesia, suppositories and enemas. Now I get abdominal cramps after their use and it lasts a long time. Please tell me how to overcome this. — C.S.K.

If you were 10, 20 or more years younger, I would suggest that you read my booklet, "The Way to Stop Constipation." (For any others who may wish this booklet, send 20 cents in coin and a stamped, self-addressed envelope to Dr. Molner in care of the Post-Crescent.

However, at your age, in the 60's, I recommend that you give a thought to the possibility that something else may be the trouble other than a reaction from the use of laxatives.

Long-continued use of such so-called aids to elimination can result in spasm of the bowel, such as you describe. But so can more serious troubles, one of which is malignancy, or cancer.

Thus for you, C.S.K., I urge

University Programs Get Grants

The National Science Foundation has awarded four grants totaling \$151,570 to support Wisconsin State University programs next summer, the Board of Regents office in Madison reports.

A \$42,810 grant will enable the continuance of a 6-week graduate program in field biology for high school science teachers at Pigeon Lake Field Station near Drummond in northwestern Wisconsin.

The program will be conducted from July 6 to Aug. 13. Students will receive up to \$450 each, plus dependency and travel allowances.

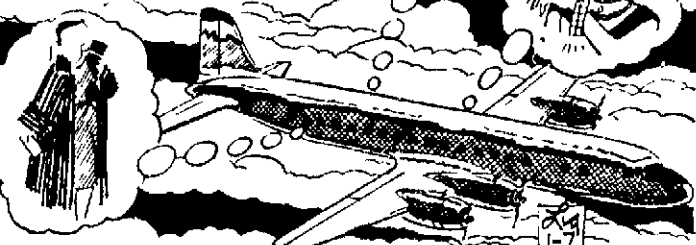

WSU-River Falls has received a \$29,940 NSF grant for a six-week summer institute in physics, applied genetics and crop ecology from June 14 to July 9 and from July 12 to Aug. 6 for high school agriculture teachers and who teach courses in science or mathematics.

WSU-Superior has received a \$29,940 NSF grant for a six-week summer institute in physics, elementary teachers, curriculum coordinators and supervising principals, June 14 to July free to make their own basic analysis, adults should be free to make their own basic decisions, including wrong ones. At least, this is what we think.

Let's EXPLORE YOUR MIND

By Sylvanus M. Duvall, Ph.D. and Evelyn M. Duvall, Ph.D.

THERE ARE SOME THINGS THAT ALL PEOPLE WANT/ TRUE □ FALSE □

False. It is hard to pin and many who travel do not particularly enjoy it. It is probably our differences that make life interesting.

Should cigarettes be prohibited? Yes— No— Our experience with prohibition suggests that such methods do more harm than good. People are entitled to know the facts about drinking, smoking or anything else. Those who want to should be free to try to persuade others to act in healthy ways. But in the final analysis, adults should be free to make their own basic decisions, including wrong ones. At least, this is what we think. How do you feel?

Pupils Escape Injury as Bus Leaves Road

Eleven grade school children escaped injury when the school bus they were riding slid off Schabo Road east of State 47 about 8:30 a.m. today.

County patrol Capt. Ronald Decker said the only harm done to the grade school pupils was to their attendance records — the accident made them several minutes late for classes this morning.

Dennis W. Brandt, 24, route 1, Hortonville, the driver, said he was turning slowly onto the Schabo road when the bus slowly slid into a ditch. The bus is owned by Hortonville School District No. 1 and was transporting children to the Brookside, Sunnyside and McCarthy schools.

A wrecker returned the bus to the road and the pupils continued on their way.

Seek Former Members Of 96th Infantry

Former members of the 96th Infantry Division who served in Leyte and Okinawa during World War II are being sought by the Corresponding Secretary, 929 S. Myrtle, Kankakee, Ill. Reunions of the 96th Deadeye Dispatch Association are being held, but though the sands can not be located.

Outagamie County Has 1,596 Businesses, 1,010 in Appleton

Outagamie County has 1,596 businesses, including 1,010 in the City of Appleton, according to statistics released by R. A. Meath, manager of the Green Bay office of Dun & Bradstreet, Inc.

This total is based on a physical count of the January, 1965 edition of the Dun & Bradstreet reference book. The businesses consist of manufacturers, wholesalers, and retail.

Outagamie Republican Leader, Harve Wolfe, To Speak in Sherwood

SHERWOOD — Harve Wolfe, chairman of Outagamie Republican Party, will address the Calumet County Federation of Republican Women at 1:30 p.m. Tuesday in Harrison School here.

His topic will be, "Basic Structures of the Republican Party." This is the first of a political educational series the will be recently organized group will participate in during the year.

Hostesses will be Mrs. Robert Strauss, Mrs. Leslie Muel-Smith and Mrs. Clarence Muel-Smith. The program will take place at 8 p.m. in Schofield auditorium and graduating seniors will wear caps and gowns, marking the first mid-year graduation in ceremonial dress in the school's history.

Discover the difference in the '65 Chevrolets (As different from other cars as they are from each other)

Chevrolet Impala Sport Coupe

CHEVROLET-As roomy a car as Chevrolet's ever built.

When you take in everything, there's more room inside this car than in any Chevrolet as far back as they go. It's wider this year and the attractively curved windows help to give you more shoulder

room. The engine's been moved forward and the transmission hump is smaller for more foot room. So, besides the way a '65 Chevrolet looks and rides and is powered, we now have one more reason to ask you: What do you get by paying more for a car—except bigger monthly payments?

Chevelle Malibu Super Sport Coupe

CHEVELLE-The most popular intermediate-sized car you can buy.

Of all the cars its size, Chevelle is the biggest seller. Why? Because it has a smooth Full Coil suspension ride. Because most models come with thick deep-twist carpeting, wall to wall; and many come with all-vinyl interiors; and all are available with up to a 350-hp Turbo-Fire V8 that's just Grrrrrrr!

Corvair Corsa Sport Coupe

CORVAIR-The only rear engine American car made.

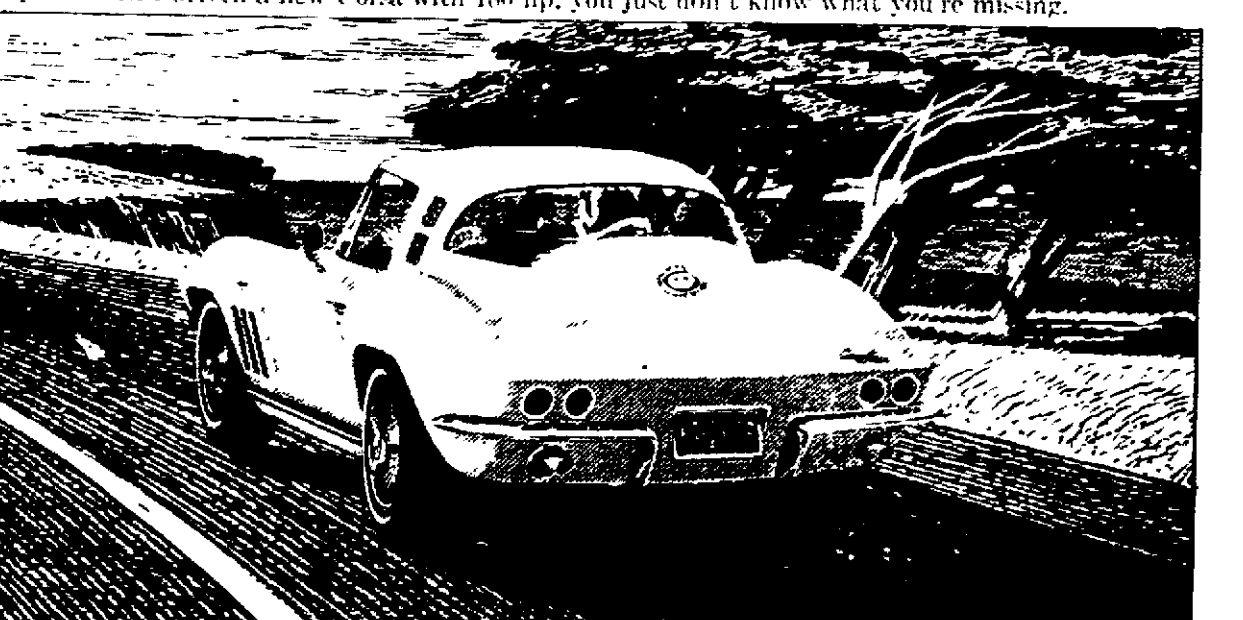

You should read what the car enthusiast magazines say about the '65 Corvair. They're wild about its ride. They think there's nothing else this side of the Atlantic that can touch its styling. They say if you haven't driven a new Corsa with 180 hp, you just don't know what you're missing.

Chevy II Nova Sport Coupe

CHEVY II-As economical a car as you can own, but...

But those rust-resistant rocker panels, that battery-saving generator, those self-adjusting brakes and those smooth dependable engines, have never been in more beautiful surroundings. Come see what some very expensive looking styling changes and yards of luxurious upholstery can do.

Corvette Sting Ray Sport Coupe

CORVETTE-The only true sports car America makes.

Now everybody claims to have a "true" sports car. But other dealers can't say they have one available with a fuel-injected V8, as Corvette does. Or with 4-wheel disc brakes and 4-wheel independent suspension, as Corvette does. They can't say they have one with a clear conscience.

Drive something really new—discover the difference at your Chevrolet dealer's Chevrolet • Chevelle • Chevy II • Corvair • Corvette

Nancy Thompson, a student nurse at St. Luke Hospital in Denver, has no qualms as she charms a six-foot South American boa constrictor. Nancy claims she is getting in the swing of things because 1965 is the Serpent Year, according to Japanese and Chinese soothsayers. (AP Wirephoto)

Johnson Poses Wider Social Security System

Hospitalization for Aged Coupled With All-Out Attack on Major Diseases

BY FRANK CORMIER

WASHINGTON (AP) — President Johnson handed Congress today a vast program for advancing the nation's health, coupling hospital insurance for the aged under Social Security with an all-out attack on "the three great killers, heart disease, cancer and stroke."

The attack also would be launched against other major diseases with the aim, as Johnson stated it, "to turn otherwise hollow laboratory triumphs into health victories."

It would be centered in a new \$12-billion system of 32 regional medical complexes to be built over the next five years.

Moving to redeem a campaign pledge, Johnson, in his first special legislative message to the new Congress, listed as his first recommendation that the Social Security system be broadened "to finance the cost of basic health services" for the aged. This is the long-sought program for hospital insurance for the elderly.

Age Scale

The President called, too, at the other end of the age scale, for the federal government to pay part of costs of medical and dental care for children in needy families. That program would cost more than the health center plan.

He also proposed that the government pick up part of the check for operating medical and dental schools, and set up a system of scholarships for medical and dental students "who would not otherwise be able to enter or complete such training."

In the latter connection, Johnson said half of last year's medical school graduates came from families with more than \$10,000 yearly incomes, and urged that access to the professions must not be denied to able youths from lower income groups.

The aid to schools themselves, Johnson said, is needed to keep

some of them from going out of business.

The bulk of the message was devoted to proposals in such areas as those, related to direct health care of patients, but Johnson also told Congress that the growth of health research is necessary and the 1966 budget includes:

— A 10 per cent increase in federal expenditures for such research and related training.

— Funds to begin an automated system for processing the exploding volume of information on drugs and other chemicals related to health.

5-Year Extension

He called also for a five-year extension, with an increased authorization, of the program for helping provide research facilities for universities and other nonprofit organizations.

Apollo Plans To Orbit 3 Men Delayed

Revised Schedule Also Affects Third Saturn Mission

HOUSTON, Tex. (AP) — The U. S. plan to orbit three astronauts in an Apollo moon spacecraft in 1966 suffered its first setback today with announcement of major schedule changes.

Also caught in the revisions was the third Saturn manned mission, which was replaced by an unnamed earth orbital test of the lunar excursion module — LEM — which will carry astronauts to the moon's surface.

Dr. William A. Lee, head of the Operations Planning Division at the Manned Spacecraft Center, said the delay in the first three-man orbital flight should be small.

Launch Delayed

"Instead of making the launch earlier in 1966," he said, "it will be later in 1966."

Because of the closeness of the schedule, however, problems could send the mission into 1967, observers pointed out.

Original planning called for two unmanned sub-orbital flights of the powerful Saturn IB rocket. The third, assuring no major setbacks occurred on the previous two, was to be flown by three astronauts.

Lee said the third flight now was scheduled to be a test of the second-stage booster, called the Saturn 4B, and its propellant tanks, which hold liquid hydrogen and oxygen.

Mariner 4 Is Still on Way

PASADENA, Calif. (AP) — Remember Mariner?

The Jet Propulsion Laboratory's Mariner 4 spacecraft is still up there — 70 million miles along on its 325-million-mile flight to Mars.

It has now spent 40 days in space, headed toward a July 14 fly-by at Mars. Laboratory spokesmen said Wednesday that all systems are operating normally, including the transmitter which is expected to relay to earth the first close-up television pictures of the planet.

Congress May be Asked to Cut Gold Support of Money

Move Would Enable Increase In U. S. Future Money Supply

WASHINGTON (AP) — President Johnson tentatively plans to ask Congress to eliminate the gold backing on part of the nation's money supply, it was learned today.

The plan would leave unchanged the 25 per cent gold backing on U.S. currency.

It would make an additional \$5 billion in gold available for future increases in the money supply or to meet international obligations.

Legal Requirement

The plan calls for elimination of the legal requirement for a 25 per cent gold backing on reserves which form the basis of the U.S. banking system. The move would be only the second major change in relationship between money and gold since the United States abandoned the strict gold standard in 1934.

Highly placed sources said Johnson feels further increases in the money supply will be needed since the economic signs point to a fifth straight year of business expansion.

Although laymen tend to think of money only as the currency they hold in their pockets and sales, economists regard bank

accounts as an even more important medium of exchange.

Banks must keep a certain percentage of their deposits in Federal Reserve banks. In turn, the Federal Reserve must maintain a supply of gold equivalent to 25 per cent of these bank reserves. It is this legal percentage that Johnson favors repealing.

The Federal Reserve Board, which enjoys a large measure of independence, now has the power to reduce or eliminate the 25 per cent gold requirement on both currency and reserves for a two-week period. It can keep renewing this action indefinitely.

However, most of Johnson's monetary advisers advocate a request to Congress as a more orderly method.

Ratio of Gold

The ratio of gold to currency and reserves has gone down in recent years for two reasons: a steady, moderate expansion of the money supply to keep pace with a growing economy, and a decline in the gold stock due to a deficit in the international balance of payments.

The ratio was 27.9 per cent on Nov. 30 compared to 30.3 per cent a year earlier and much higher ratios several years ago.

Democrats' Choice

3 Picked for House Ways and Means

BY GEOFFREY GOULD

WASHINGTON (AP) — House Democrats picked three new members today for one of the most important committees of Congress, Ways and Means.

By prior agreement, the manly choices for the jobs were Reps. Phil M. Landrum of Georgia, Richard Fulton of Tennessee and Charles A. Vanik of Ohio. There was no contest for the openings, as there was on a previous occasion when Landrum lost out, even though he had the backing of House Democratic leaders.

All three are backers of the kind of health care for the aged President Johnson wants.

Today's action was important for two reasons:

1. The three new members should give the administration

the edge it needs to move

promptly out of the committee a bill providing health care for the aged under Social Security. This is a keystone of President Johnson's legislative arch for the coming year.

Choose Assignments

2. The Democratic members of the Ways and Means Committee also choose the assignments of party members to other House committees. There is always brisk competition for coveted spots on the major committees, so this 17-member group of Democrats has double significance for fellow party members in the House.

The importance of the Ways and Means Committee lies in the fact that it originates all tax legislation. Its actions can have a big effect on the nation's economy.

House Republicans planned a meeting of their own to continue the business of organizing for the new session.

Proposed Rule

Among the proposed rule changes for their party conference is one which could conveniently clear out the rest of the Old Guard holdovers in leadership positions and allow new Republican Leader Gerald R. Ford of Michigan to name his own men to the jobs.

The Democrats said to be in line for the three openings on the Ways and Means Committee are Reps. Richard Fulton of Tennessee, Phil M. Landrum of Georgia and Charles A. Vanik of Ohio.

New York Man Charged as Spy

WASHINGTON (AP) — FBI agents seized a 29-year-old New Yorker today and charged him with conspiring to transmit U.S. military secrets to the Soviet Union.

FBI Director J. Edgar Hoover identified him as Robert N. Thompson, a self-employed fuel oil distributor. He said FBI investigation revealed that Thompson was recruited into a Soviet intelligence operation while serving with the U. S. Air Force in Berlin in 1957.

Hoover said a Soviet national, Fedor Kudashkin, is named as a coconspirator with Thompson.

England Will Continue With Plane Project

New Jet to be Constructed With French Cooperation

LONDON (AP) — Prime Minister Wilson's Labor government intends to go ahead with the British-French project to build the Concorde supersonic airliner, informed sources said today.

But Britain intends to insist that a close eye be kept on the cost of the project, estimated at about \$840 million.

The sources said at least two Concorde prototypes, and possibly as many as six, will be built. The work will be shared by the British Aircraft Corp. and France's Sud Aviation.

The reprieve for the plane was decided upon at a Cabinet meeting Wednesday. The government had felt misgivings about continuing the expensive program in the face of Britain's economic difficulties.

The Daily Express said the decision to proceed constitutes "a big success for Gen. de Gaulle and the French aviation industry."

The sources said the British government decided to go ahead after it became apparent that there was no hope of bringing the United States into the project.

The British government also reportedly feared that should it back out of the project, the French would go to the International Court of Justice in The Hague with a claim that Britain had broken a binding contract and owed France a penalty. This could have amounted to as much as \$560 million, it was said.

Chinese Communists Claim Discovery of Ancient Ape Man Skull

TOKYO (AP) — The Chinese Communists claimed today they have discovered the skull of what may be the oldest ape man.

Scientists put together parts of the skull of an ape-man that lived 500,000 to 600,000 years ago. Peking's New China News Agency said. It said the skull parts were found last October at Kungwangling, Shensi Province, in northwest central China.

"It is possibly the most ancient specimen of an ape man so far discovered in the world," said Wu Ju-kang, an anthropologist.

The Peking man, discovered in the 1930's, and the Java man, an earlier find, are generally accepted by scientists as the oldest proof of man's existence. The Peking man is thought to have lived 400,000 years ago and the Java man may have lived up to 700,000 years ago.

Cold Spell Due Again Tomorrow

Fox Cities—Cloudy with occasional rain and mild to night, changing to snow flurries with much colder weather Friday night. Low 40s tonight and Friday, falling Friday night. Light southerly winds increasing to moderate tonight and shifting to northerly and becoming fresh Friday night.

Appleton—Observation at 10 a.m. today. Temperatures for the 24 hours: High, 41, low, 34. Wind: 7 miles an hour out of the south southwest. Barometer: 29.82 and falling. Relative humidity: 89. Dew point: 39. Temperature: 41. Skies are cloudy.

Sun sets at 4:31 p.m., rises Friday at 7:29 a.m. Moon sets at 9:16 p.m. Visible planets are Saturn, Jupiter and Mars.

Indonesia Pulled From U. N. In Latest Move by Sukarno

Blames Seating of Malaysia As Security Council Member

JAKARTA, Indonesia (AP) — Minister Soepeno said the president Sukarno tonight would make good his nounced Indonesia's withdrawal threat.

A parade of foreign ambassadors continued to call on Sukarno in his announcement to disavow practically the whole world, cuss Indonesian withdrawal including his allies and friends from the United Nations. Only in the African-Asian camp, to the Red Chinese were reported approving the move.

Indonesian delegates at U.N. headquarters in New York informed officials of the organization orally last Friday that their government was withdrawing because Malaysia — which Sukarno has sworn to crush — was admitted to the Security Council. However, written notice of the withdrawal has not been delivered. There has been speculation that the Indonesians are having second thoughts.

The Indonesian Information Ministry minimized the British military buildup in Malaysia and urged Indonesians not to be scared. The ministry in a statement accused Malaysia of "deliberately exaggerating" the buildup and said it was "an excuse for eventual reciprocal attack on Indonesia."

JAKARTA, Indonesia (AP) — Foreign diplomats in Jakarta said today that President Sukarno still insists he will withdraw Indonesia from the United Nations.

The diplomats, who saw Sukarno in the past few days, refused to be identified.

Sukarno was to address a mass rally tonight, one week the big island which Indonesia after threatening in another and Malaysia share.

Action between the two enemy the world organization. State neighbors has been confined so

TFX Variable Wings Tested Successfully

FORT WORTH, Tex. (AP) — The controversial TFX biservice fighter plane made aviation history when it successfully changed the position of its variable sweep wings during an hour flight Wednesday.

The plane's design enables it to have its wings outstretched almost straight for added life and short takeoffs, then sweep them back to reduce drag for supersonic speeds.

Never before had a plane utilizing the retractable wings performed so well in the effort to solve the problem of incorporating short takeoffs and landings with high speed into a single aircraft.

Pilot R. L. Johnson and copilot Val Prahli flew the TFX, designated the F111 by the Air Force, on its second flight Wednesday to an altitude of 10,000 feet, then moved the wings from their forward position of 16 degrees back to the full swept angle of 72.5 degrees.

Amendment Considered

Johnson Seeking Way To Up Voter Turnout

WASHINGTON (AP) — President Johnson's eye was on the nation — not just the Deep South — when he called for elimination of obstacles to voting, a highly authoritative source said today.

The source said Johnson wanted Congress to take steps aimed at reversing the nation's historically low voter turnout as well as ensure the rights of Negroes to vote in the South.

The Justice Department, it was understood, will advise the president whether to seek his goal through legislation, a constitutional amendment, or both.

At one point, he said, "I propose we eliminate every remaining obstacle to the right and opportunity to vote."

Right to Vote

Later, he said the nation should open a "city of promise" to Negro Americans, through enforcement of the civil rights law and elimination of barriers to the right to vote.

Johnson, it was learned, shares the concern of Justice Department officials over the slow, county-by-county struggle to win full voting rights for Southern Negroes. Thus department lawyers are studying the possibility of legislation that would permit federal officers to take over the job of registering voters in areas where discrimination is found.

Federal Elections

The administration is known to be considering an amendment that would end literacy tests as a qualification for voting and that would fix residence requirements for voting in federal elections.

Mount Kennedy, Canadian peak named in honor of the late President John F. Kennedy, towers above its discoverers, members of the National Geographic Society Yukon expedition of 1935. The group views the

peak from Lowell Glacier in the foreground. Kennedy's mother and widow have written thanks to the Canadian government for naming the 13,900-foot peak for Kennedy. (Copyright National Geographic Society)

Seymour Picks DePere Man As Police Chief

William Hietpas Accepts Post; Salary to be Set

SEYMOUR — William Hietpas, 40 a DePere policeman, has accepted the job as Seymour's police chief.

The appointment was confirmed by the city council Monday and Hietpas accepted the position Wednesday afternoon.

A veteran of 11 years in law enforcement, Hietpas takes the position vacated by Bernard Plumb late last year. Hietpas was chosen from 19 applicants who sought the post.

The council will meet in regular session Monday to set the salary and starting date for the new chief.

Little Chute Native

Hietpas serves as a 3 p.m. to 11 p.m. shift supervisor with the DePere Police Department. He joined the DePere department in 1961 and holds a part time job at St. Vincent Hospital. A native of Little Chute, he attended St. John grades and high school and is the father of six children. He is an ex-serviceman having served in both the Army and Navy. He has worked as a state reformatory guard and has been a sheriff's deputy from 1950-53.

Patrolman Harland Thompson has been serving as acting chief since Plumb's resignation. Wilfred Mamerow was named the city's third patrolman last year. Plumb resigned to enter private business and has been hired as a radio operator in the Outagamie County Sheriff's Department.

Seymour Buys School Land

Ploeger Property Will be Used as Playground Area

SEYMOUR — Electors of the Seymour Community Schools district Tuesday night voted 49-4 in favor of purchasing the Ida Ploeger property adjacent to the school grounds for \$8,750.

Money for the purchase will be taken from the general fund, reducing its anticipated year-end balance to about \$160,000. The property eventually will be used to expand the school's playground facilities which are now jammed due to expanded enrollment in recent years.

Veryl Sievert, a former board member from Black Creek, objected to the sale on the grounds that the parcel was too small to be of value for playground.

He asked why the City of Seymour declined to vacate the one block section of Mill Street which runs adjacent to the east city boundary of the Seymour Elementary School property. He was informed that the next street east was too narrow to handle a comparable traffic load.

Hugo Baehler, Seymour, in answer to a question was told that the assessed valuation on the Ploeger property is \$8,200. The City of Seymour assesses at 90 per cent of valuation.

Toppled Pop Bottles Leads to Drunk Charge

WAUPACA — Osa Mosier, 70, of Waupaca, was fined \$25 Wednesday after he and laundry cars were damaged by being intoxicated and acrobatic broken off. Mosier was arrested two cars Tuesday afternoon after a citizen at the laundry owned by Harry Zen reported to police that a Emans and the J. and J. Lauman was in a grocery store and dry and Dry Cleaning. No estimate of damage has been made. Police investigation. Another youth, believed to be involved, will be charged later, police said.

By the End of the Week, the Delavan Hotel, located in the heart of Waupaca's business district, will be a heap of rubble. Condemned and considered a public hazard for several years, the building is now being razed. Several weeks ago workmen started tearing out the inside of the building and Monday a crane was moved into position and started taking down the brick walls. (Post-Crescent Photo)

New London Council Okays Hiring of Public Health Nurse

Will Work on Joint City-School Program, With 60-40 Salary Split

NEW LONDON — The council will not effect the city in council Tuesday gave the amount of aid it receives or in board of health authority to hire disaster protection. The plan a city nurse who will begin approved by the Waupaca County board of supervisors in November is expected to set up not been named, the board of an orderly county-wide public health has a qualified gram.

City Civil Defense Director George Wochinski will become an assistant director under the county's full-time director. Salary schedules for city officials, set by the new ordinance, are the same as those reported in the 1965 budget.

Appointment Approved The council approved the appointment by Mayor Wilmer Schlafer of Mrs. Walter Schoenrock to the cemetery board. She will replace Mrs. C. D. Feather, who died recently.

A quit claim deed for alley rights behind the Pantry, located facing east on S. Pearl Street, was brought before the council by Mr. and Mrs. George Groher. The land is part of that being used for a alley from the Dauterman parking lot, located off Wolf River Avenue, to Spring Street.

Automobile gasoline taxes of \$8,894.24 have been received from the state. Tax in the amount of \$2,110.14 was received from Outagamie County and \$6,784.10 from Waupaca County. Bids Approved

The council approved the bid of 11.51 cents per gallon of gasoline by the American Oil Co. and bids for fuel oil submitted by Farmers Co-op Oil. New London. Bids for fuel oil were 12.75 cents per gallon for No. 1 fuel oil and 11.75 cents per gallon for number 2 fuel oil. Four bids were submitted for the fuel oil and gasoline.

Two bids for workmen's compensation insurance were turned over to the finance committee for recommendations at the next meeting. Proposals of \$3,710.95 by Meartz Insurance, New London, and \$3,711.93 from Employer Mutual, Wausau, were submitted.

Clintonville Airport Lease Cancelled by North Central

FCC Approves TV Purchases By Post Corp.

Ownership Transfer Of Two Properties Expected in 30 Days

The Federal Communications Commission in Washington Wednesday announced approval of the transfer of licenses of television stations WLUK-TV at Green Bay and WLUC-TV at Marquette, Mich., to the Post Corporation of Appleton. The vote was four to two.

WLUK-TV broadcasts on Channel 11 and is affiliated with the American Broadcasting Company. WLUC-TV broadcasts on Channel 6 and is a basic affiliate of the Columbia Broadcasting System, but also carries ABC and NBC programs.

Post Corporation entered into an agreement last fall to purchase all of the stock of M and M Broadcasting Co., which operates WLUK-TV, and which in turn owns all of the stock of North Central Broadcasting Co., which operates WLUC-TV. The purchase price was in excess of \$3,000,000.

Victor I. Minahan, president of Post, said that the agreement provides for the transfer of ownership within 30 days of FCC approval.

These will be the third and fourth television stations to be acquired by Post Corporation in the last three years. The company also owns three radio stations in addition to publishing The Post-Crescent and the Twin City News-Record and the Star group of weekly newspapers in West Allis and Milwaukee.

April Date Set For Finishing Brilliant Church

BRILLION — The \$180,000 Emmanuel Evangelical United Brethren Church, now under construction on Horn Street, will be ready for occupancy in April, several months ahead of schedule.

Ceremonies will be conducted April 4 to set in the new cornerstone and the one now contained in the old church.

The local conference of the Therefore, school testing programs such as those for vision and hearing are most important.

The pews will be delivered within 75 days.

On Sunday after the morning wait until she is better acquainted with the congregation will proceed to the new site for a make many definite plans, she employed on a part-time basis said tentative arrangements are under way to bring the State Board of Health Mobile X-Ray of her office in the courthouse.

For Waupaca Police

New Cars, New Uniforms

WAUPACA — The Waupaca officers' uniforms from blue to men to be dressed in the same type of uniform. The new Ford squad cars will be purchased from various county dealers. A bid of \$3,475 of the same type and purchased the five 1964 model cars from the same supplier. Penny told the committee that at the present time, Waupaca County is one of four counties of the state where the county police are wearing blue uniforms instead of the new brown uniforms. They will be metallic blue. Currently cars vary in color.

Winning Bid The winning bid was submitted by Wendt and Peterson Inc. er was set so that officers will have to discard clothing deadline the bid submitted by county recently purchased Chevrolet dealers.

Dealers who will supply the new uniform will cost \$206 each. Waupaca, Kries Motors, Manawa; Clintonville Motor Sales, Kavel Motors, New London, and Wiesman Motors, Wausau. Delivery is expected within 30 days.

New Uniforms New patrolman's uniforms will become effective Jan. 1, 1966. The change, which is being made on the recommendation of County Police Captain John Penny, will call for all patrol-

Altar Society Program At Royaltown Church Conducted by Pastor

ROYALTOWN — The Rev. C. Luke Lettermann, pastor of St. Bridget Catholic Church, conducted a question and answer session when the congregation's Altar Society met Wednesday at the home of Mrs. Edgar Stillman.

Assistant hostesses were Mrs. Morgan Backes, Mrs. Leonard Crushka and Mrs. Charles Fenske.

City Continues Fight to Retain Service Though CAB Order Calls For Switch to Green Bay Jan. 24

CLINTONVILLE — The common council was told Tuesday FWD Corp., Clintonville, saying night that North Central DePois had written to Sen. William Proxmire, Sen. Gaylord Nelson and Rep. Melvin Laird, Clintonville Airport later this month.

A CAB order terminated scheduled airline service here as of Jan. 25. The last North Central flights into Clintonville, as the order now stands, will be Jan. 24. After that, according to the order, Clintonville will be served through Austin-Strubel Field, Green Bay.

Ald. Eugene Dexter, chairman of the airport committee, said a meeting will be held later this month with Robert Otto, attorney in city airport matters.

Clintonville is fighting to retain its scheduled airline service and has hired Howard Boros, Washington, D.C., a former CAB attorney, as co-counsel and special counsel in the air service fight.

Council voted Tuesday night to retain the services of Francis M. Higgins, St. Louis, Mo., through the month of January to continue his work on promoting boardings here.

Otto and Wisconsin senators and congressmen, as well as the business people of the community, have aided in the city's fight. Otto also has corresponded with Vice President-Elect Humphrey in this regard.

Mayor Frank Sinkewicz read a copy of a letter he received very much appreciated."

Radio Alert System Okayed At Clintonville

Motorola's \$4,075 Bid Is Low for Fire Department Network

CLINTONVILLE — The council Tuesday night accepted the recommendation of the Police and Fire Commission to approve the \$4,075 Motorola bid to install a radio alert system for the fire department.

The Motorola bid was the low bid of the two received. The bid, by Inland Electronics was \$4,366.

The alert system will provide for the installation of 23 receivers and antennae in the homes of the volunteer firemen and the sending equipment to be installed in the police department.

Same Wave Band The system will be set up on the same wave band presently used for the fire trucks and the utility. Whenever a call is received for either a fire or rescue unit, firemen will receive the message as to the location and other pertinent information on their receivers.

The fire siren will still sound as it does now, but the alert system will provide the firemen with fast and accurate information without the necessity of the firemen reporting to the fire station to find out the location of the fire or the nature of the call.

Walt Gleason, editor of the local newspaper, inquired as to whether or not he could purchase a receiver and have it installed. This was referred to the police and fire commission.

Public Health Nurse Starts in Calumet

Mrs. Elizabeth Behnke Begins to Learn County Residents' Needs

CHILTON — Calumet County's new nurse, Mrs. Elizabeth Behnke, R.N., began her duties Monday by getting acquainted with county needs.

A resident of Manitowoc, Mrs. Behnke said she plans to devote much of her time the next few weeks visiting schools and conferring with school personnel.

Mrs. Behnke said one of the main responsibilities of public health programs is the prevention of possible health defects. Therefore, school testing programs such as those for vision and hearing are most important.

The pews will be delivered within 75 days.

On Sunday after the morning wait until she is better acquainted with the congregation will proceed to the new site for a make many definite plans, she employed on a part-time basis said tentative arrangements are under way to bring the State Board of Health Mobile X-Ray of her office in the courthouse.

Calumet Has Seven Traffic Deaths in 1964

CHILTON — While Wisconsin's death toll soared over the 1,000 mark in 1964, Calumet County's traffic fatality record decreased in the last year.

Although eight traffic fatalities actually occurred, Sheriff C. J. Kosmosky said, the official number will be set at seven. The reason for this in that one accident happened close to the Manitowoc County line, and the auto went out of control while still in Manitowoc County.

Despite the decrease in traffic fatalities, the county's number of accidents and injuries resulting from accidents increased the past year, Sheriff Kosmosky said.

The total number of accidents in 1964 was 267 as compared with only 214 a year ago, while the number of injuries from traffic accidents jumped from 137 in 1963 to 176 last year.

Brillion Board To Hire Two New Teachers

BRILLION — Members of the Board of Education of Brillion Public Schools will be asked to accept the Dec. 18 resignation of Arthur Harman, seventh and eighth grade social studies and reading teacher, and to formally hire two new teachers at a meeting at 7.30 p.m. Monday in the high school library.

Mrs. Robert Endries has been hired to complete the school year as seventh and eighth grade teacher, subject to board approval.

Final action is expected to be taken to hire a replacement for Harry Drier, the boys' physical education instructor. Drier will assume the job of guidance counselor due to the resignation of Richard Hogstad, effective Jan. 25.

The board may reach a final decision on a salary schedule for 1965-66 and some consideration will be given to revision of the science curriculum for next year.

Clintonville School Auxiliary Plans February Bake Sale

CLINTONVILLE — New officers of the St. Martin Lutheran School auxiliary presided at the meeting Monday night in the school when the auxiliary voted to hold a bake sale during February, and to purchase a replacement one that has been torn.

They are Mrs. Oward Kautz, president; Miss Mildred Braun, vice president; Mrs. Verlyn Norheim, secretary, and Mrs. William G. Brennan, treasurer.

The group was advised that the filmstrips on "Missions" which it purchased should be received shortly.

The Rev. William Christian presented the topic, "The Why of Missions."

Chilton Handed 82-65 Setback In EWA Contest

CHILTON — The Chilton Athletic Club went down to defeat at the hands of New Holstein, 82 to 65, in Eastern Wisconsin Amateur League play Saturday.

New Holstein, with this win, finished the first half undefeated.

Leading the losers was Al Schmidtkofer with 17 points. For the New Holstein team John Horn and Bob Morgan totaled 34, and 18 respectively.

Saturday night second half action will get under way with Chilton entertaining Valders.

Chilton Keglers Hold Classic Loop Lead

CHILTON — Leading the Traveling Classic Bowling League by three games, the Chilton Pla-Mor Lanes entertained second place Fond du Lac and won two games to hold its first place advantage.

Leading the Chilton five was Speedy Keip with a 609 series on games of 205-212-192. For Fond du Lac Rudy Shady hit a 612 series on games of 212-207-196.

Sunday the Chilton team will travel to Manitowoc.

School Children Have Epiphany Yule Party

CLINTONVILLE — Wednesday, the feast of the Epiphany, the children of St. Rose school had their annual Christmas party.

The children exchanged gifts. The afternoon was spent playing games and presenting playlets. Prizes were distributed. A treat for the children was prepared by the St. Rose Home-School Association.

Co-Captains Are Picked

CLINTONVILLE — Terry Dieck and Kurt Holm were elected co-captains of the varsity basketball team by their teammates Monday. They are seniors.

Theresa Rozman Hits 215 Single Game to Lead Chilton Keglers

CHILTON — A high game of 215 and the high series of 514 were bowled for the State Bank team by Theresa Rozman during Women's League Bowling Monday at Pla-Mor Lanes.

Other top scorers were Rose Gruttner, 509 series, and Carol Hackbarth, 204 game.

State Bank took team honors with an 825 game and a 2.275 series.

State Bank is leading the league with a 34-17 record. Hedrich Construction follows with a 32-19 record.

Junior Shooter Sets Rifle Club Record

WAUPACA — Jerry Jensen set a new Waupaca Junior Rifle Club record by scoring 91 out of a possible 100 from the standing position during last week's shoot.

Kneeling position honors went to John Sensen, and Jim Shiller was the top shooter in the sitting position.

Top five prone position shooters of the week were Gary Donaldson, 79; Jerry Hagen, 61; Dolly Hales, 61; Becky Bonnell, 58 and Harold Anderson, 56.

Chilton St. Mary '5' Drops 30-25 Decision

CHILTON — The St. Mary Grade School basketball team suffered a 30-23 defeat at the hands of Holy Rosary of New Holstein Sunday in Eastern Wisconsin Grade School Conference action.

Leading the scoring was St. Mary's Nick Piefer with 11 points.

Firemen Study New Trucks

Hilbert Department Will Replace 1944 Model Now in Use

HILBERT — Volunteer firemen Monday evening will visit other fire departments in the area which have recently purchased new trucks.

The department plans to purchase a new truck replacing the 1944 model now being used.

The department furnishes fire protection to portions of the townships of Woodville and Chilton, as well as Village of Hilbert.

Purchase of a new truck has been approved by the village board.

The quarterly meeting of the district Volunteer Safety League will be next month in Luxemburg. Albert Krueger is local delegate.

At the practice sessions, after fire inspection department members divided into three groups participating in pumping water, first aid and rescue work.

2 Tax Rates Used to Collect Dale's \$110,934 Tax Total

DALE — Taxes totaling \$110,934 will be collected this year in Dale Township. The levy is based on an assessed valuation of \$2,603,330, which is up \$12,320 over last year's.

Two rates will be used, \$45.82 per \$1,000 of assessed valuation for territory in the New London School District and \$35.14 for the Hortonville District.

Accounting for the difference is the variation in school demands. Town property owners all will pay taxes at a rate of \$48.75.

Kupsh-Brockman Auxiliary unit meets at 8 p.m. Monday.

Hostesses will be Mrs. Louis Albers, Mrs. Joseph Bauer and Mrs. Anita Breit.

Legionnaires To Join Forces In Toll Bridge

Raise Polio Funds From Motorists on Community Bridge

LITTLE CHUTE — Legion members from three villages and representing two Legion Posts will join forces Saturday to conduct the annual "Toll Bridge for Polio" on the Community Bridge.

Regardless of weather, men will assemble at 4 a.m. to begin stopping cars to collect funds for the March of Dimes. Collection will continue until 8 p.m. As a motorist donates, he will receive a card which can be placed in the window of his vehicle, thus eliminating a need for a second stop if he makes several trips across the bridge.

The program, which is conducted with the approval of the

State Highway Commission, started in 1956 and since the initial effort, \$7,953.75 has been raised. Highest year of collection was 1963 when \$963 was collected. Last year the effort resulted in \$933 collected. Lowest was the first year when \$714 was received.

Warning Shed

A warning shed is usually located near the bridge to permit men to warm themselves between duty hours. Area merchants annually contribute coffee and doughnuts, which are kept warm in the shed, to make the day a little easier as usually bitter cold winds are felt on the bridge.

Men volunteers are assigned shifts to work. Kimberly Legionnaires planning to help are asked to contact James Williams or Cletus Dietzler for verification of hours. Others on the planning committee are Tony Van Bortel and Tony Geerts of Little Chute and Earl Jansen and Vincent Jansen of Combine Locks. Money collected is distributed among the three villages. Last year 45 county polio patients received aid and a total of \$17,000 was raised in the county.

Outagamie Traffic Death Trend Rising

County Coroner's Report Shows 26 Killed On Highways in 1964 Compared to 24 in '63

Continuation of a rising trend in traffic fatalities in Outagamie County was shown in the 1964 annual report issued Monday by County Coroner Bernard H. Kemps.

Twenty-six persons were killed in traffic accidents in the county during 1964, compared to 24 in 1963. Although the record was 27 traffic deaths in 1952, the number has risen annually since 1961, when 14 were recorded.

Seventeen men and five women lost their lives in 1964 traffic accidents in Outagamie County. Four victims were children between 2 and 10 years of age. The victims included 12 drivers, nine passengers, four pedestrians and

riding his bicycle.

Laboratory analysis of blood samples showed that seven of the 12 drivers were under the influence of alcohol when the accidents occurred, Kemps' report stated.

"The high percentage of traffic accidents in which alcohol was a factor points up the need for continuing efforts in education and enforcement to get drinking drivers off our highways," the report said.

Two of the traffic accidents resulted in double fatalities. One occurred in Hortonville when a 25-year-old mother and her 2-year-old son died as a result of injuries sustained in a head-on crash. The other claimed the lives of two escaped convicts from Kilby Prison, Montgomery, Ala., when the stolen car they were driving left the U.S. 41 exit ramp at County Trunk N at 90 miles an hour, traveled 94 feet through the air and hit the ground.

Most in June

June was the high month for traffic fatalities, with six recorded, followed by August with five. There were three fatalities in April, two each in February, March, July, September, October and November, and none in January, May and December.

The coroner reported a total of 122 deaths handled by his office in 1964, with 71 due to natural causes and 45 the result of accidents.

He noted the continued decline in the number of suicides in the county, dropping from 16 in 1962 to 10 in 1963 to five in 1964. Three were by gunshots and two were by hanging.

There were no homicides in the county during 1964. Two were recorded during 1963.

The coroner ordered four inquests during 1964. One was conducted with a six-man jury.

Recommendations

Kemps cited two improvements in highway safety made last year by state agencies after recommendations submitted by his office:

1. The state highway commission made a thorough study of U.S. 45 between New London and State 76 after Kemps Hansen, Fred T. Heinritz, F. J. Herres and Clarence H. Schultz, lost on the 12-mile section in.

Other business conducted an announcement by Glen O. Reed, zone markings and all signs and volunteer worker of the Outagamie chapter of the American effort to make travel safer.

2. A central laboratory in Madison for all Wisconsin coroners has been set up as suggested to the state motor department, with a division, will be of the Casper qualified chemist in charge on Youngchild Hall of Science at making blood alcohol determinations.

Management Institute

Bertram announced that a management institute would be conducted on "Cost Reduction and Control" Feb. 23, March 9 and 23. Dr. Russell L. Moberly will be the instructor for the one each from asphyxiation, carbon monoxide, gunshot, drowning, farm, and train hitting a pedestrian, and two miscellaneous.

The committee announced their cooperation with the Chamber's retail division in sponsoring a "Salute to Industry Week" Sept. 13-18, 1965.

Don Haynes, retiring chairman of the governing committee, will serve as an ex-officio member of the committee during 1965.

Chamber Unit Elects Head

F. J. Herres to Guide Industrial Governing Group

F. J. Herres, Miller Electric Mfg. Co., secretary-treasurer, was elected 1965 chairman of the industrial division governing committee of the Appleton Area Chamber of Commerce at the committee's meeting this week.

Harold B. Barker, personal director, Valley Iron Works Corp., was elected vice chairman.

New committee members elected to serve a two-year term include: Harold B. Barker, George E. Schoenke, Fox River Tractor Co.; Henry G. Starck, Appleton Post-Crescent; Lloyd F. Taylor, Combined Locks Paper Co.; Marvin C. Voissem, Badger Plug Co. and Clifford C. Williams, Atlas Mill of the Kimberly-Clark Corp.

Retiring Members

Retiring committeemen include Henry W. Bailey, Carl G. Bertram, Eugene B. Brownell, Donald A. Haynes, Andrew J. Liethen and George G. Ward.

Hold-over committeemen are William Cherkasky, Robert T. Hansen, Fred T. Heinritz, F. J. Herres and Clarence H. Schultz.

Monday's meeting included an announcement by Glen O. Reed, zone markings and all signs and volunteer worker of the Outagamie chapter of the American effort to make travel safer.

Red Cross, about the organization of an industrial safety program.

The next industrial tour, sponsored by the industrial vehicle department, with a division, will be of the Casper qualified chemist in charge on Youngchild Hall of Science at making blood alcohol determinations.

Management Institute

Bertram announced that a management institute would be conducted on "Cost Reduction and Control" Feb. 23, March 9 and 23. Dr. Russell L. Moberly will be the instructor for the one each from asphyxiation, carbon monoxide, gunshot, drowning, farm, and train hitting a pedestrian, and two miscellaneous.

The committee announced their cooperation with the Chamber's retail division in sponsoring a "Salute to Industry Week" Sept. 13-18, 1965.

Don Haynes, retiring chairman of the governing committee, will serve as an ex-officio member of the committee during 1965.

Threat of Flooding Eases in California

SAN FRANCISCO (AP) — Swollen rivers receded and rains tapered off today to give flood-ravaged Northern California a welcome breather. Relentless nature turned her winter wrath on the High Sierra, stranding hundreds of travelers in blinding snowstorms and freezing gales.

Several hundred residents of the Eel and Mad rivers districts straggled back to the homes they fled the past two days when torrential rains sent waters raging up to flood stages. Forecasts of only scattered showers and rising pressure promised improving conditions.

The three-week storm that had deluged large areas of Northern California and four other Western states — Oregon, Washington, Nevada and Idaho — raged unabated in the High Sierra on the Nevada-California border.

Vehicles Marooned — At least two transmountain buses and dozens of cars were marooned on 7,200-foot-high Donner Summit Wednesday night as a howling blizzard reduced visibility to zero.

Authorities said the road would remain closed for the night and possibly through today.

The California Highway Pat-

Air Force to Disband 155 Reserve Units

WASHINGTON (AP) — The Air Force announced plans today to disband 155 Air Force Reserve units by April.

The action involves about 8,000 reservists in 44 states and the District of Columbia.

Although the announcement did not say so, the action was believed to be a forerunner to the merger of the Air Force Reserve into the Air National Guard.

Such a move would parallel action already taken with respect to the Army Reserve and National Guard.

The units involved are 112 recovery squadrons and 43 recovery groups.

These are ground units whose mission is to provide for support of regular Air Force military planes at civilian airports following an attack on the United States that might have knocked out military fields.

African Leaders Invited to View Atrocity Results

LEOPOLDVILLE, the Congo (AP) — Premier Moise Tshombe has invited the leaders of Algeria, Ghana, Mali and Egypt — all avowed supporters of the Congolese rebels — to meet him in Stanleyville and see for themselves atrocities committed by the rebels.

"Come and hear the stories of massacres and torture," Tshombe said Wednesday on his return from a brief visit to the former rebel capital.

Yugoslavia closed its six-man embassy in Leopoldville leaving Czechoslovakia, Poland and Bulgaria the only Communist countries still maintaining embassies here.

Poisonous Wildcat Well Brought Under Control in Oklahoma

MADILL, Okla. (AP) — A wildcat well that gushed poisonous sulphuric gas apparently was brought under control late Wednesday.

Valves kept the gas under check but they had to be turned frequently to release the roaring pressurized gas to prevent a major blowout.

Sinclair Oil Co.'s No. 5 Griffin blew out Wednesday morning and a company spokesman estimated the daily flow at five million cubic feet. There was no fire. Workmen had to use gas masks and spectators were kept a mile away from the well. 2½ miles northwest of this southern Oklahoma town.

Drilling mud was pumped into the well to stop the gas flow.

The First Prototype of a new 1¼-ton cargo carrier for the U. S. Army is demonstrated at the Michigan Army Missile Plant near Detroit. The two aluminum units, a four-wheeled tractor and a two-wheeled carrier, can traverse difficult off-road terrain, is amphibious and light enough to be delivered by parachute. (AP Wirephoto)

Benefits for Unemployment Down in 1964

MADISON (AP) — The Industrial Commission reported today that the state paid \$46,443,500 during 1964 in unemployment compensation benefits, compared to \$47,542,800 in 1963.

During 1964, the commission also paid, at federal expense, \$1,711,700 in jobless benefits to Wisconsin ex-servicemen, and \$687,700 to unemployed federal workers.

The state's unemployment reserve fund had \$199.3 million.

The state also paid out \$911,300 in federal funds during 1964 to persons undergoing training under the U. S. redevelopment and manpower training laws.

The commission reported that 34,441 claims for unemployment compensation were filed last week. A week earlier the total was 30,796.

Antwerp Harbor Strike Is Ended

ANTWERP, Belgium (AP) — A seven-day strike ended today in Antwerp harbor, one of Europe's biggest. It had tied up more than 200 ships.

The government Wednesday night ordered the strikers to return to their duties on the locks, bridges and tugs in the municipally operated port or face jail terms. It said negotiations on pay raises demanded by the strikers would continue and the government would assist.

The strike by 600 harbor workers had threatened 11,000 workers in the Antwerp area with unemployment.

State Educators Ask Funds for Anti-Poverty Plan

MADISON (AP) — Carl Olien, director of economic development in the Department of Resource Development, said Wednesday that Wisconsin educators have asked the federal government for \$1,677,000 for anti-poverty programs. This is \$511,000 more than the state schools are eligible to receive.

Olien said that the educators have asked for the money from President Johnson's anti-poverty program to provide 5,200 on and off campus jobs, starting in the spring semester.

He said the state is eligible to receive \$1,166,000 to finance 90 per cent of the salaries for student jobs and that it is obvious all the requests can not be filled.

The University of Wisconsin has asked for \$954,000 to provide 1,897 jobs on campus and 710 jobs off campus at Madison and Milwaukee.

Other requests for funds for the following number of jobs include: Marquette 150, Eau Claire State 291, La Crosse 235, Oshkosh 22, Platteville 60, River Falls 40, Stevens Point 442, Stout 300, Superior 325 and Whitewater 238.

FDR Jr. Denies Reports of Move

WASHINGTON (AP) — Undersecretary of Commerce Franklin D. Roosevelt Jr. denied Wednesday a report he plans to switch his residence from New York to West Virginia to prepare for a 1966 try for the Senate.

Democratic Sen. Jennings

Johnson Proposes to Widen Social Security

CONTINUED FROM PAGE 1

That program, in effect for eight years, has poured \$320 million of federal funds into such projects. It is due to expire June 30, 1966.

Johnson told Congress his purpose was "to outline the obtainable horizons of a greater society which a confident and prudent people can begin to build for the future."

First-year costs of the many-sided package would be relatively modest. Administration officials estimated that \$262 million of spending authority would be needed to get the programs started in the 1966 fiscal year that begins July 1. That figure would mount, they said, to \$800 million in the following year.

President's Plan

The President's plan to wage war on heart disease, cancer and stroke reflected recommendations made to him last month by a commission headed by Dr. Michael E. DeBakey, Houston specialist who recently

performed abdominal surgery on the Duke of Windsor.

Johnson said the proposed medical complexes — their locations have not yet been decided — would give patients in every section of the country access to the latest medical techniques, facilities, and skills, such as open heart surgery and very high voltage radiation therapy.

Three Killers

"Today," he said, "we are challenged to meet and master the three killers which alone account for seven out of 10 deaths in the United States each year."

Johnson asserted that "the urgency and value of effective action" is emphasized by the annual economic cost of heart disease, alone — \$2.5 billion.

In renewing a call for medical insurance for the aged, Johnson said he did so "with the sure knowledge of public support." The insurance plan would help those 65 and older by meeting part of the cost of hospital care,

home nursing services, and outpatient diagnostic services.

Private Insurance

"In addition," Johnson said, "we should encourage private insurance to provide supplementary protection."

People covered by Social Security eventually would pay 45-100ths of 1 per cent of their first \$5,600 of annual pay into a special trust fund to finance the federal insurance. Their employers would contribute a like amount.

By making his message the first on a specific subject to the new session of Congress, Johnson gave it high priority.

Plastic Bag Kills

Child Despite Caution

BIRMINGHAM, Ala. (AP) — A girl, 3, pulled a plastic bag over her head and suffocated after her mother had knotted both ends to prevent just such a tragedy.

Police said the girl, Perri Parsons, apparently had pulled the bag out of a waste basket Wednesday.

Coroner William Allen said that despite the knotted ends, enough of the bag remained open for the child to get her head inside.

Twin Question

Congress May Solve Problem of Succession

BY JAMES MARLOW
WASHINGTON (AP) — Eight presidents have died in office and 16 times the country has been left without a vice president.

Luckily, each time a president died there was a vice president to take his place and serve out the term, although this left the vice presidency vacant. But seven other vice presidents died in office, and one resigned.

Thus the country has been repeatedly faced with the twin question: "What happens when a president is disabled or when a president dies and there is no vice president?"

Solution Probable
Congress has skipped around the problem from the beginning but this year it will probably, at last, come up with a solution. It's already headed toward one although this new Congress is less than a week old.

President Johnson in his State of the Union message Monday night promised to suggest laws to "ensure the continuity of the leadership should the president become disabled or die."

He knows the problem first hand. The country has been without a vice president since he went into the White House after President John F. Kennedy's death Nov. 22, 1963 and will be until Jan. 20 when Hubert H. Humphrey becomes vice president.

Quick Response
Johnson got a quick response to the suggestion in his message but only because the ground-work was laid in 1964.

Last September the Senate by a 65-0 vote approved a proposed constitutional amendment intended to settle the two questions on succession. But the House of Representatives has not yet acted.

That meant it had to be done all over again in this new Congress.

And Tuesday enough senators to pass a succession-disability measure promptly offered it.

Sen. Birch Bayh, D-Ind., introduced it for himself and 66 Senate co-sponsors, the exact two-thirds majority needed for Senate approval if all 100 senators were present and voting the day the decision is made.

President Nominates

It's similar to what the Senate approved last year: letting the president nominate a new vice president when that office becomes vacant, provided a majority of House and Senate in joint session approve the choice.

Also, if a president couldn't perform his duties, the Bayh measure would let the vice president take over as president until the president recovered, again provided a majority of the Cabinet approved.

The Constitution is vague on the disability problem, merely saying that when a president can't perform his duties his powers shall "devolve upon the vice president." But it didn't say how. And that's been the puzzle.

Had Understanding
Presidents Dwight D. Eisenhower and Kennedy had an understanding with their vice presidents — Richard M. Nixon and Lyndon B. Johnson — about what to do in case of presidential disability.

But this was an agreement between a couple of men each time and didn't have the force of law. The fact that it didn't was proof of how Congress had ducked the responsibility of doing something about it so long.

Under present law, the speaker of the House of Representatives would become president if there was no vice president and the president died.

Tennessee's First Negro in Assembly Joins Poverty War

NASHVILLE, Tenn. (AP) — Rep. A. W. Willis, first Negro member of the Tennessee General Assembly since 1876, says he wants to help do something about "the most critical situation facing America today — poverty."

The 39-year-old Democrat from Memphis received 97,000 votes last November to win a seat in the House. Five years ago he would not have thought it possible, said Willis, who was an attorney for James Meredith, first Negro knowingly admitted to the University of Mississippi.

Numerous hotels and motels sent letters inviting me to stay with them during the legislature — just like they did other lawmakers, I imagine," he said. "The atmosphere here has been cordial, and people have been most helpful."

Willis is staying at a downtown motel several blocks from the Capitol. The motel is used by many white legislators.

Willis supported Gov. Frank Clement until the governor failed to sign a fair practices code proposed by the State Human Relations Commission, of which Willis is vice chairman.

He went over to Clement's Democratic primary opponent for the U.S. Senate, Ross Bass, last August. Bass won the nomination, and election in November.

Willis outlined what he called a simple philosophy. "There's nothing complicated about it. People want a home, life, to earn a living and to enjoy recreation. But poverty makes this impossible for many."

"Crime and disease can be traced directly to poverty. Increased crime at Christmas time reflects the pressures of Santa Claus."

Willis says the best way to stop communism is to keep prosperity going in this country. He advocates full participation by Tennessee in federal antipoverty programs. He also says the state should consider a minimum wage law and the repeal of the right-to-work law.

"I'm keeping my eye on civil rights, too, but I want to do what I can about all problems in general," Willis said. "I like to crusade, and poverty is a good thing to crusade on."

His wife reported Wednesday he brought home the license plates for their two cars without even looking at them. The numbers were the same as those of their 1964 tags — XB 5263 and XB 5264.

Oklahoma will sell more than a million tags this year.

State of the Union - I

President Johnson's State of the Union Message to Congress could go down in history as a document blueprinting the course of American life for many years to come. Or it could be quietly dismissed as the most visionary of dreams.

His supporters will hail it as a dramatic challenge for the United States to step boldly into a new era of progress and prosperity. His critics will either recoil at the vast social changes he proposes, crying that we are plunging headlong down the road to national bankruptcy, or will reply that he wants Utopia accomplished in a few short years.

But the message must be viewed in the context of what the overwhelming majority of the voters of this country said on November 3. Almost all of the proposals the President made Monday night he had made during the campaign. Most of them are outlined in the Democratic Party platform. And these are the ideas some 62 per cent of the nation's voters have endorsed.

Taken separately, the *Post-Crescent* has varying views on each of the 22 major domestic programs the President outlined. We will reserve our individual judgments on these for the time when specific legislative proposals are transmitted to the Congress.

But the real impact of the address was in the all-encompassing outline of the total package. Only as the weeks and months of this Congressional session proceed will most people begin to realize the tremendous amount of work and study and planning that had to go into a domestic program of this scope. And there must be esteem for a man who in the short time since the election has been able to inspire and direct and supervise and coordinate the assembling of such a program.

Rep. Laird's Promotion

Rep. Melvin Laird has been elected chairman of the Republican Party conference in the House of Representatives as a companion step to the naming of Rep. Gerald Ford of Michigan as House minority leader. The vote margin for both was approximately the same with Ford and Laird winning the support of those House Republicans who want to give their party "a fresh, forceful new image" after the disaster of Nov. 3.

Rep. John Byrnes retains his post as chairman of the Republican policy committee in the House. It is both unique and significant that these Wisconsin congressmen from adjoining Congressional districts have risen to top policy posts in their party.

More on Control of Firearms

As letters to the editor have testified, there is some strong feeling in Wisconsin against any stronger regulations in the sale and use of firearms. But some of the arguments make little or no sense. And in any case they can't be applied to youngsters. Recent local tragedies have emphasized once again the need for more care in the handling of rifles and pistols, especially by children.

We've discussed before the decisions by the United States Supreme Court which appear to uphold the point of view that regulations do not violate the constitutional provision that the right to bear arms must not be infringed. And somehow we can't get terribly concerned about the alleged need of every household for an arsenal of small arms to repel the Red Chinese or whoever else invades us once the government in Washington flees to the bomb shelters. Why only small arms? If we are to get back to household defenses we should settle for nothing less than one of those tactical "conventional" nuclear devices.

Our laws concerning the use of firearms by minors in Wisconsin don't make a great deal of sense. No one can hunt any wild animal unless he has a hunting license and such licenses cannot be issued to anyone under 12. Anyone between 12 and 16 must be accompanied on hunting

It is this obvious capacity for administration and leadership which probably impresses most average citizens about President Johnson. In his televised appearances he is not the brilliant orator that the late President Kennedy was. He doesn't have the warm personality of a President Eisenhower or the attractive visage of his immediate predecessor. But he speaks in simple words and phrases and utters them slowly and distinctly, even to the point of hazing monotony. And he impresses most listeners as being totally sincere.

Can it be at this brief moment in American history that President Johnson is the prophet of the Great Society to come? Is the era of social legislation begun by Franklin D. Roosevelt as an outgrowth of the Great Depression about to come to full fruition? Are the last vestiges of the financial fears that Depression wrought about to disappear? Should we face the idea squarely that the American people want this kind of a package of services from their national government and are willing to pay for them in taxes?

The Congress will and should examine his detailed proposals for practicality and efficiency and economy, but as to the principles and theory behind them the majority of Democrats the voters sent to both House and Senate are bound to endorse most of them.

There is no doubt we are about to make "a beginning on the road to a Great Society." At this moment we are not wise enough to judge whether it is the right route because it disappears in cloudy mountain vistas on the horizon. But we are certain that another generation will look back and note this opening address to the 89th Congress as a distinct marker on the route.

As Rep. Laird remarked, it is up to Republican representatives to exert the kind of positive leadership in their party that will be needed if they expect to slice away at the heavy Democratic majority in the House in the 1966 Congressional elections. They cannot and should not let others do this job for them. It is clearly the record which the minority party will make in the Congress which will dictate their success at the polls two years hence.

Rep. Laird has been marked for more leadership responsibility in his party for some time. His elevation to this position is clearly merited by his past performance in the Congress and in the councils of his party.

expeditions by a parent or guardian or some adult appointed by a parent or guardian. So far, so good.

But there is no law at all to prevent any age child from banging away with any size rifle or shotgun at the side of a barn, a fence post or a can floating on the river. Denying a 14-year-old the right to hunt rabbits without an adult in attendance but handing a 10-year-old a rifle and turning him loose in the countryside with a pocketful of bullets is ridiculously inconsistent.

Wisconsin legislators should consider prohibiting the sale of rifles, shotguns and pistols to anyone under the age of sixteen. Of course there are fathers who will buy a son a rifle and let him go to "practice" without any worthwhile instruction. But if that father understands when he buys the gun that he is responsible for its use, especially while it is being handled by a minor in his family, he may be a little more concerned about how much his son knows about the rifle.

Compared to the deaths on the highways, those from gunshot are small. Nevertheless some 17,000 Americans died last year from the intentional or careless use of such weapons. Tighter regulations governing the sale and use of such weapons do not appear likely to take away any rights of Americans and might protect the lives of some innocent ones.

'How'd You Like to Go to the Great Society Ball, Cinderella?'

Congo Rescue Mission Being Used Against Us All Over Africa

BY MAX FREEDMAN

In this country there has been general acceptance of the Belgian-American rescue mission in The Congo as an

would have shamed civilization. The statements to the Security Council by Mr. Adlai Stevenson for the United States and Mr. Paul Henri Spaak for Belgium should have convinced African nations that the rebel cause is unworthy of their support.

Unfortunately this has not happened. In the days which have followed the Security Council debate, the American and Belgium governments have been denounced throughout Africa as imperialist countries trying to cloak their military intervention under a false claim of humanitarian sentiment. The facts, all of which are available to these African rulers, expose this charge as a disgraceful libel.

The United States, as Mr. Stevenson explained, never wanted to send its planes to The Congo even on a mission of humanity. It tried to save the prisoners and hostages by other means. It appealed to the United Nations, to the Red Cross, to the World Health Organization, to the Organization of African Unity. All appeals were in vain. At last, on the invitation and with the public approval of the government of The Congo, the United States supported Belgium in rescuing the hostages from the fury of the rebels. It is forever to be regretted that for many hostages the planes came too late.

LOOK AT CONTRACTS

Contrast this humanitarian episode with what other governments, loudly critical of America and Belgium, have been doing.

Mr. Stevenson has reported that Algerian military aircraft have flown into Juba in the Sudan near the border of The Congo. These planes transferred cargo to trucks which then left for the Congolese frontier. The United States has received reports of Algerian personnel in transit at the airport of Khartoum. It knows of aircraft from Ghana transferring cargoes of rifles to Egyptian aircraft at Khartoum for shipment to Juba. It has information of rebel leaders being received in Khartoum and Cairo. It has reports of mortars, machine guns and ammunition from Communist China used by the rebels. It is aware of Soviet encouragement and offers to replace arms given to the rebels by the United Arab Republic and by Algeria.

All these governments are intervening with military help

on the side of the rebels to prolong the anarchy and strife in The Congo and to prevent the government of Prime Minister Tshombe from bringing order and stability to the whole country. THEY ARE GUILTY. IN Mr. Stevenson's words, of "illegal interference in The Congo." Yet they are the accusers who have condemned the motives of America and Belgium. Even in the brazen hypocrisies of diplomacy there has rarely been such a calculated and defiant falsehood.

If anything, the government of Belgium worked even harder than the government of the United States to avoid being drawn into the affairs of The Congo at this time. Like the United States, the Belgian authorities finally decided that they had no choice in humanity or in honor.

MET REBEL LEADER

During his recent statement to the security council, Foreign Minister Spaak revealed for the first time that he had invited Christophe Gbenye, the Congolese rebel leader, to Brussels where he met with him twice in secret. Mr. Spaak tried to arrange for a conference between Mr. Tshombe and Mr. Gbenye. For Mr. Spaak does not believe in a military solution for the troubles of The Congo. He is in favor of a national government of order and unity in which the rebels would be treated fairly. Mr. Gbenye appeared to be interested in this approach. But on his return to The Congo he drifted into more desperate rebellion, and in a moment of blind judgment, decided to use the foreign hostages to extort concessions from Mr. Tshombe. It was this cruel policy, and no concealed military ambition of any kind, that led to the ultimate rescue mission by Belgium and America.

It is worth emphasizing that the American government, speaking through Mr. Stevenson, has endorsed the political solution out lined by Mr. Spaak. But Africa is not satisfied and except for a few countries, of whom Nigeria is the most important, it remains sullen and impatient in its criticism. Recent events in The Congo have provided the most disturbing guide to the state of mind of many African rulers.

Opposition of County Police to Increase in State Patrol Hollow

BY JOHN WYNGAARD

MADISON—For a couple of hours during the Legislative Council hearing on methods to deal with the shameful tragedy of the hugely mounting highway death totals it seemed that the millenium might have arrived.

The hearing drew a series

might have been a plea for more recognition by the safety promoters in this field, and, possibly, some lingering resentment about such denunciations as delivered against the county police during the last year by Gov. Reynolds in indignation.

There may be some justification for the sensitivity of the county police. It is true that they have borne the brunt of the traffic enforcement law responsibility, as indicated by the fact that there are more than 1,000 of them now in uniform around the state as compared with the relatively modest 250 man State Patrol.

But to praise the county police is not to resolve the question. It may be feasible for Fond du Lac County to provide the manpower needed in that locality. But what about Monroe County or another county which happens to have a low yield tax base, but also has a major thruway traversing it? What of the districts that won't act?

THE OUTLOOK

Despite the evident intransigence of the county police on state responsibility in the field, there is reason to believe that the State Patrol expansion bill will be enacted.

However the political force of the self-conscious county patrolmen is weighed, it is pretty well cancelled out by the declaration at the same meeting by the Wisconsin County Boards Assn. that it won't oppose the State Patrol bill if the financing does not alter the county highway aid level and the surprising endorsement of state patrol enlargement by the Wisconsin Sheriffs Assn.

"This is the year to put away our jealousies," said Sauk County Sheriff Mike Spencer for the association, in what must be marked as a significant footnote to the long and frustrating history of the state-county law enforcement relationship.

Mr. Flaherty's clients are responsible to sheriffs in some counties, and to county board committees in others. In either event, the legislative record is now pretty clear that their employers view the prospect of a more vigorous state program of highway law enforcement with less fear than do the county policemen. That fact might be a broad hint against county police lobbying on the question in the new legislature.

Wyngaard

of prestigious witnesses who appeared to agree unanimously that one of the ingredients of a better state government program of promoting safe highways must be an enlargement of the State Traffic Patrol which is now spread so thinly over the main line roads.

But it was not to be. The anxious wish was father to the happy thought. Later in the day there came the same tired protest from the same sensitive source, the Wisconsin County Police and Deputy Sheriffs' Assn., represented in that veteran lobbyist Capt. Leo Flaherty of the Fond du Lac County force.

Such matters should be left to the local governments, he said. Not enough credit has been given to the county police for their work in patrolling the rural roads. The traffic safety problem is not unique to Wisconsin. There is a problem everywhere in America. Capt. Flaherty didn't say so precisely, but he left the impression that his clients would be happiest if the new legislature did away with the existing State Patrol entirely, in defiance of the evidence of need and relied upon the initiative and generosity of the county boards for the road enforcement job.

SERIOUS?

As it happens, this reporter has known Capt. Flaherty for a long time. He is a good and conscientious officer. A careful listener, indeed, might have got the impression that he was acting as spokesman and didn't entirely testify out of his own convictions. In his reiterated complaint that not "enough credit has been given to the county patrols" there

Strictly Personal

Are You Suffering Sunday Neurosis?

BY SYDNEY J. HARRIS

Purely Personal Prejudices: There's something topsy-turvy in a society like ours, where people introduce us to others by our first names—because they haven't known us long enough to recall our last names.

I can't remember the last time I saw a uniformed

Harris

policeman on the stage who looked and acted believable; for some reasons, actors always ring a false note when portraying policemen.

Whether Sundays depress or delight you depends almost wholly on the kind of day Sunday was for you as a child; the psychiatrist, Ferenczi, as a matter of fact, designated a certain group of his patients as suffering from "Sunday neurosis."

Passing a vegetarian restaurant, I thought of Sir James Barrie's remark at his club when he looked down at Bernard Shaw's dinner plate: "Tell me, Shaw—are ye going to eat that, or have ye?"

Country dwellers often act as if "the city" were a late and perverted development in the history of mankind and suggest that we ought to

return to our "natural" origins; but, actually, cities have existed as long as recorded history, and the very word "civilization" comes from the same root as "city."

Has any annual report of a corporation ever included a rueful entry, "Mistakes Made During the Past Fiscal Year"? I'm convinced such corporate candor would give more confidence and a greater sense of "belonging" to most stockholders.

The finest and terrest rebuke to sentimental hypocrisy was given by Alice, when one of the Wonderland characters remarked that the Carpenter was nicer than the Walrus because he cried more when they were eating the oysters. "Yes," replied Alice, "but he also ate more oysters than the Walrus."

Mechanists who reduce human life to a matter of bones and muscles and nerve ends are as ridiculous as a grammarian would be who pointed out that every word of "Hamlet" is in the dictionary, and therefore the dictionary is a creative work of great literature.

Too few of us have the wry frankness of Clarence Darrow, who once said in a speech: "I have suffered from being misunderstood, but I would have suffered a hell of a lot more if I had been understood."

Nothing is harder than being the son of a successful rich man who believes that his business acumen qualifies him as an authority on human relations.

Potomac Fever— by Jack Wilson

There's no end to the administration's economy gimmicks. They make Humphrey Vice President so he can't join in Senate debates—thus saving 20 pages a day in the Congressional Record.

Adam Clayton Powell favors a separate Department of Education. Education is important: lots of people are so dumb they can't even duck a subpoena.

GRIN AND BEAR IT

By LIGHTY

"I've been accepted by the college of my choice, Dad, but since their last riot they're now requesting all new students to post a \$500 bond!"

Looking Backward

Appletonian Recalls 'March to Sea'

104 YEARS GO

Quoted from the Appleton Crescent for Jan. 28, 1865.

Headquarters Co. I, 32nd Reg't., Wis. Vol., Near Beaufort, S.C., Jan. 7th, 1865 — Editor Crescent — Thinking a few lines from one of the members of Co. I of the old 32nd would be interesting to you, knowing the interest you have in the welfare of the largest portion if not the whole of its members, the greatest number of them being your neighbors and old friends, so I will try to scribble some to let you know of their whereabouts.

We have been on the go nearly every day since the 15th November, when Sherman left that once so strong and important place, Atlanta, (which we laid in ashes before we left it) and we marched with the General through the heart of the Confederacy to

the coast, fought the rebels and drove them over 150 miles and destroyed over 200 miles of railroad, all within 35 days — a thing which a great many thought couldn't "be did but we done it" and captured Savannah on top of it.

The rebels found out that "Uncle Billy Sherman" was bound to take it and our shells began to be very annoying to them and so in the night of Dec. 21st, they took to their heels and left the city without even spiking or dismounting a gun or destroying the least thing of any government property.

Destroyed Railroad

We captured 150 pieces of artillery, all mounted, besides a host of other stores.

At the time Savannah surrendered, the boys of the 32nd were off with the 1st Division, 17th A.C. to which we belong destroying the Gulf Rail Road between the Ogechee and

Altamaha Rivers, which we did completely besides destroying a portion of a bridge across the Altamaha. Our Division was engaged only three days in the siege of Savannah, and then we were relieved by the 14th A.C.

During the time we stayed there, Gen. Sherman reviewed the whole of his army and he gave great praise to the old 32nd for its good appearance and marching that day, but I tell you we were a hard looking set of men. Our clothes were all torn and many of us were barefooted, clothing and shoes all worn out and we haven't drawn anything yet, but expect to within a few days.

We left Savannah on the 3rd of January on board a transport and arrived here at Beaufort the next day. This is a very nice place and for the first time since we left the State have we had a chance to

USIA Director Carl Rowan said one recent opinion study in France "would indicate that the average French citizen has a far better opinion of the United States than the general comment about troubles with President de Gaulle, conflicts with France, and so forth, would have you believe."
